Independent Auditor's Report

To the Administrative Committee of the
Grene Vision Group, L.L.C. 401(k) Retirement Plan
Ballwin, Missouri

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Grene Vision Group, L.L.C. 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock), the trustee of the Plan, except for comparing the information with the related information included in the 2018 financial statements. We have been informed by the Plan administrator that John Hancock holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 6, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of Plan

The following description of the Grene Vision Group, L.L.C. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the provisions of the Plan.

General

The Plan is a defined contribution plan originally effective January 1, 1993. The Plan is available to all employees that meet eligibility requirements and has been amended through the years to comply with tax legislation and most recently amended and restated effective January 1, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees who have attained the age of 21 and completed 12 months of service in which at least 1,000 hours of work was completed are eligible to participate in the Plan, excluding employees that are union employees governed by a collective bargaining agreement, certain nonresident aliens, leased employees, employees classified as PRN and employees of a nonparticipating employer.

Contributions

Participant contributions are subject to an annual limit of the lesser of 75% of eligible compensation, as defined in the Plan, or limits established by the Internal Revenue Code. Participants who obtained at least age 50 by the end of the Plan year were eligible to make "catch-up" contributions of up to $6,000 for the years ended December 31, 2018 and 2017, respectively.

Grene Vision Group, L.L.C. (the "Company") makes a safe harbor contribution equal to 3% of participant's eligible compensation. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan. In 2018 and 2017, the Company made matching contributions of $651,555 and $593,201 to participants. The Company may contribute additional discretionary amounts if it so decides. The Company made discretionary profit sharing contributions of $332,142 and $354,585 for the years ended December 31, 2018 and 2017, respectively. These contributions were paid in 2019 and 2018, respectively.

Note A - Description of Plan (Continued)

Participant Accounts

A separate account is established for each participant. Each participant's account is credited with the participant's contributions and allocation of the Company's contributions, the Plan's earnings and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and the employer's safe harbor contributions are always 100% vested. Vesting in the Company's additional discretionary contribution portion of participant's accounts is based on years of service as follows: less than one year – 0%, one year – 20%; two years – 40%, three years – 60%, four years – 80%, five years – 100%.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Note terms range from 12 to 60 months, unless it is for the purchase of a principal residence in which case the loan period may be up to 180 months. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death or retirement, a participant may elect to receive either a lump-sum distribution of the vested account or annual installment payments. For termination of service due to other reasons, a participant may receive the value of the vested account as a lump-sum distribution.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loan balances are secured by the participant's account. No allowance for credit losses has been recorded at December 31, 2018 and 2017.

Note B - Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain Plan expenses are deducted from the participants' accounts or from investment income. Any remaining Plan expenses are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through September 5, 2019, the date the financial statements were available to be issued.

Note C - Certified Investment Information

All investment information disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2018 and 2017, and net (depreciation) appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee. John Hancock Life Insurance Company (U.S.A.) certified the above information as of and for the years ended December 31, 2018 and 2017.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D - Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of an insurance company's pooled separate account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled separate accounts are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been leveled in the fair value hierarchy.

Note D - Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2018 and 2017:

Note D - Fair Value Measurements (Continued)

The following is a description of the investment strategies for the Plan's investments at December 31, 2018 and 2017:

(a) Target date funds: These funds seek high total return through its' target retirement date, with a greater focus on income beyond the target date.

(b) Target risk funds: These funds seek to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities.

(c) Specialty funds: These funds seek long-term capital appreciation.

(d) Sector funds: These funds seek long-term growth of capital.

(e) Balanced funds: These funds seek long-term growth of capital and income.

(f) Fixed income funds: These funds seek a superior total rate of return by investing in fixed income instruments.

(g) Large cap funds: These funds include investments that seek to provide long-term capital growth. Invest principally in common stocks of large capitalized U.S. Companies and abroad.

(h) Mid cap funds: These funds include investments that seek long-term capital appreciation by investing primarily in the common stocks of medium sized U.S. companies.

(i) Small cap funds: These funds include investments that seek long-term capital appreciation by investing primarily in the common stocks of small U.S. companies.

(j) International/global large growth funds: These funds include investments that seek to track the performance of a broad-based equity index of foreign countries, including emerging and developing markets.

Note E - Fully Benefit-Responsive Investment Contract

The guaranteed interest accounts are fully benefit-responsive investments and are reported at contract value in the statements of net assets available for benefits. The statements of changes in net assets available for benefits are also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Note E - Fully Benefit-Responsive Investment Contract (Continued)

The fully benefit-responsive investment contract with John Hancock is a general account group annuity contract. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of John Hancock, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. John Hancock is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting.

The guaranteed interest account contracts do not allow the insurance company to terminate the agreement prior to a breach of the contract terms by the investor. The Plan may terminate the contract on the contract anniversary date with 90 days prior notice.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G - Income Tax Status

The Company has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the John Hancock prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

Note G - Income Tax Status (Continued)

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition with a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to a variety of risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values on investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note I - Party-in-Interest Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

Certain Plan investments are managed by the trustee of the Plan's assets. Therefore, these transactions qualify as party-in-interest.
