NOTE A: DESCRIPTION OF PLAN

The following description of Rolfson Oil, LLC and Affiliated Companies 401(k) Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan qualifying as a tax-exempt salary deferral arrangement as defined in Section 401(k) of the Internal Revenue Code. It covers all employees of Rolfson Oil, LLC (the "Company") over the age of 21 who have completed 1,000 hours and one year of service.

Plan Restatement and subsequent amendment - The Plan was restated effective January 1, 2016 in accordance with the Pension Protection Act of 2006. Since restatement, the Plan was amended to admit participating employers.

Contributions - Each year participants may contribute up to 100% of pretax annual compensation up to a maximum of $18,500 (participants age 50 and over may contribute a maximum of $24,500), as defined in the Plan and by the Internal Revenue Code. Participants may change their deferral amount at any time. The Plan also allows participants to make rollover contributions to and from other qualified plans.

Matching and profit sharing contributions may be made at the discretion of the Company. Employer contribution amounts are allocated based on the deferral percentage elected by the participant. Participants must complete 1,000 hours of service to be eligible.

Investment options - Upon entry into the Plan, participants may choose from any of the mutual funds open to participants. Because accounts are participant-directed, investments may be changed at any time. For those participants who enter the plan but do not make a selection, the Plan has arranged for a default investment choice in compliance with section 404(c).

Participant Accounts - After an account has been established, participants direct the investments of their account balances. Each participant's account is credited with any deferrals made as well as allocations of (a) the Company's matching contributions, (b) investment earnings, (c) allocations of expenses charged to the plan, and (d) allocations of expenses based on investment choices. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting - Participants are immediately vested in their voluntary contributions and rollovers plus actual earnings thereon. In addition, participants vest in employer discretionary contributions 100% after two years of service based on the following schedule:

Completed years of service	Vesting percentage
1	0%
2	100%

NOTE A: DESCRIPTION OF PLAN (CONTINUED)

Administrative Expenses - Fund management fees and certain other expenses incurred in the course of trading are reported in the Statement of Change in Net Assets Available for Benefits netted against plan earnings. In addition, irregular charges may be netted against investment earnings including load fees, trade commissions and early sale penalties.

Fees charged for investment supervision, management services and administrative record keeping are paid directly by the Plan and recorded as deductions to net assets available for benefits. Certain transaction fees, such as insurance transfer fees and those related to participant loans and distributions, are paid directly by participants as incurred.

Some expenses for administering the plan are paid by the Company. The Plan does not compensate Company or its employees for these services.

Notes Receivable from Participants - Advances from vested balances are not permitted.

Payment of Benefits - Hardship distributions may be made to participants and their beneficiaries from deferral contributions. In-service distributions may be made at any time after age 59 ½ from fully vested balances. Participants are entitled to full distribution of vested balances after reaching the normal retirement age of 65.

Participants may elect to receive lump-sum distributions. In the event of an involuntary termination, a cash payment will be made or a peer-to-peer rollover into a qualified IRA account for amounts up to $1,000. Amounts over $5,000 require the consent of the participant.

Distributions returned to the Plan as undeliverable will be transferred to the state's escheat fund.

Forfeited Accounts - Forfeitures occur when a participant separates from service before becoming 100% vested in discretionary contributions made by the Company. The Plan allows forfeited contributions to be used to reduce administrative fees or as a supplement to future employer contributions.

As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $11,043 and $12,395, respectively. In 2018 and 2017, no forfeitures were allocated to administrative fees.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and there would be a complete distribution of the assets to the participants.

NOTE B: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America as applied to employee benefit plans.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires those charged with the governance and administration of the plan to make estimates and assumptions that affect the reported amounts of assets and liabilities, the reported amounts of additions and deductions, and disclosure of conditions during the reporting period. Actual results may differ from those estimates.

Cash - Cash presented in the financial statements includes all non-interest bearing accounts. All other cash and cash equivalent amounts are included in investments and stated at fair value. During 2018 and 2017, the only cash held by the Plan included deposits in transit at the end of the year and amounts forfeited on termination.

Investment Valuation - Investments are stated at fair value. Quoted market prices are used to value investments. Other valuation methods are used only where no readily available market data is available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For a detailed explanation of fair value measurements, see Note D.

Contributions Receivable - Contributions receivable consist of deposits made after year-end for deferral and matching contributions. When material, all other types of receivables, such as payments receivable for participant loans, are disclosed separately.

Benefits Payable - Benefits are accrued in the period in which participants are entitled to collect them.

Excess contributions - Contributions in excess of annual limitations are refunded when discovered. Those excess contributions paid after year-end are recorded as a liability as of the financial statement date and as corrective distributions on the statement of changes in net assets.

Income Recognition - Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments is the unrealized gain or loss on disposition of investments held at year-end. Realized gains and losses are recorded at the time of sale and are reported separately on the statement of changes in net assets.

Administrative Expenses - Expenses paid by the Plan are recorded as accrued or incurred.

NOTE C: INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520, 103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the completeness and accuracy of all investments held by them as of and for the years ended December 31, 2018 and 2017.

Because this information is presented in conformity with the cash basis of accounting, there may be variances between amounts certified and those presented in the financial statements.

NOTE D: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables disclose, by level, the fair value hierarchy of the Plan's assets as of December 31, 2018 and 2017:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 340,991	$ 340,991		
December 31, 2017				
Mutual funds	$ 382,879	$ 382,879		

FASB ASC 820, Fair Value Measurement and Disclosures, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques and gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE E: BENEFITS PAYABLE

As of December 31, 2018 and 2017, $1,356 and $0 in plan assets respectively had been set aside for benefit payments to participants electing to withdraw from the plan but had not yet been paid.

NOTE F: PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain other entities and individuals.

Plan investments include shares of registered investment company funds managed by John Hancock and its affiliates. Transactions with these entities qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment management services are included in administrative expenses and totaled $2,202 in 2018.

The Plan has engaged CBIZ Retirement Plan Services as a third-party administrator. Fees paid for administration and record keeping totaled $2,887 in 2018.

The Company provides certain accounting, recordkeeping, and administrative services to the Plan for which it receives no compensation.

NOTE G: RISKS AND UNCERTAINTIES

The Plan's investments are held primarily in mutual funds. Mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H: INCOME TAXES

The Plan is qualified with the Internal Revenue Service (IRS) as a tax-exempt plan and as a qualified employee benefit plan under ERISA. The Plan obtained a determination letter in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan was qualified and related trust was tax-exempt as of the financial statement dates.

During the years ended December 31, 2018 and 2017, the Plan recognized no income-tax related interest or penalties. Management has reviewed the Plan's tax positions and determined there were no uncertain tax positions as of December 31, 2018 and 2017. The Plan is no longer subject to U.S. federal, state, and local, or non-US income tax examinations by tax authorities for years prior to 2015.

NOTE I: RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

Total deductions per the financial statements	$ 197,085	$ 11,443

NOTE J: NONEXEMPT TRANSACTIONS

As of year-end, substantially all participant contributions had been remitted to the plan. However, the Company remitted certain participant contributions totaling $19,696 for the year ended December 31, 2018 to the trustee later than required by the DOL Regulation 2510.3-102. These transactions are considered nonexempt party-in-interest transactions.

NOTE K: SUBSEQUENT EVENTS AND DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through September 28, 2019, the date the financial statements were available to be issued.

The Plan was amended on June 21, 2019 to allow the adoption of the plan by Big Ass Tanks, LLC.
