Hawaiian Telcom 401(k) Plan for Hourly Employees
Notes to Financial Statements
For the Years Ended December 31, 2018 and 2017

1. Description of Plan

The Hawaiian Telcom 401(k) Plan for Hourly Employees (the "Plan") is a defined contribution plan covering union employees of Hawaiian Telcom Holdco, Inc. and subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Contributions

Contributions to the Plan include elective contributions authorized by participants, matching contributions made by the Company, discretionary contributions made by the Company ("profit-sharing contributions") and rollover contributions from another plan for new participants.

Each participant may authorize the Company to contribute into the Plan from 1% to 16% of their eligible compensation. The Company makes matching contributions each pay period at the rate of 100% of the contribution made by the participant up to a maximum of 10% of the participant's compensation. The contribution is subject to Internal Revenue Code limitations.

No profit-sharing contributions have been made by the Company to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company contributions and plan earnings. Allocations of account earnings are performed daily based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in elective contributions, rollover contributions and income. The Company matching contribution vests as follows: year of completed service is 20% vesting; two years is 40% vesting; three years is 60% vesting; four years is 80% vesting; and five years is 100% vesting. Participants are 50% vested in profit sharing contributions and any income thereon upon completion of one year of service and fully vested upon the completion of two years of service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are generally granted for a minimum term of six months up to a maximum term of five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate as published in *The Wall Street Journal* on the day the loan is made. Loans are payable with no less than quarterly level amortization over the term of the loan.

Investment Choices

Each participant may direct their contribution into various investment options offered under the Plan. The participant may also change the investment elections at any time.

For the Years Ended December 31, 2018 and 2017**

Payment of Benefits

Upon termination of employment, through retirement or otherwise, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or a benefit paid in annual, semiannual, quarterly or monthly installments for a period of two to 20 years. A participant who is an employee may apply to make a hardship withdrawal. Upon proof, to the satisfaction of the Plan administrator, of immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company as provided in the Plan document. Certain courier and transaction fees incurred by participants are charged directly to their individual account.

Transfers

Along with the Plan, the Company also sponsors a 401(k) plan for management employees. If employees change their status as an hourly or management employee, their account balances are transferred into the corresponding plan. Net transfers paid to the Hawaiian Telcom 401(k) Plan for Management Employees amounted to \$670,990 and \$1,141,114 for the years ended December 31, 2018 and 2017, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in a diversified group of mutual funds, self-directed brokerage fund and a common collective trust. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**Hawaiian Telcom 401(k) Plan for Hourly Employees
Notes to Financial Statements
For the Years Ended December 31, 2018 and 2017**

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which has been determined based on the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants on the measurement date. The Plan holds investments in equity and fixed income mutual funds for which fair value is based on quoted market prices. The Fidelity BrokerageLink self-directed brokerage funds consist primarily of interest-bearing cash accounts and individual common stocks and is valued based on quoted prices. Money market funds for which no reliable quoted market prices are available are stated at net asset value per unit or share. The net asset value per unit or share is based on the fair values of each investment's underlying instruments. Common collective trusts are valued at the net asset value of a bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidation will be carried out in an orderly manner.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan evaluated and gave recognition, if appropriate, to subsequent events which occurred after the financial statement date of December 31, 2018 through October 9, 2019, the date on which the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of total employer contributions.

4. Investments Fair Value Measurements

In accordance with accounting standards for fair value measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
December 31, 2018				
Mutual funds	\$ 70,259,089	\$ -	\$ -	\$ 70,259,089
Self-directed brokerage fund	3,025,018	-	-	3,025,018
Total assets in the fair value heirarchy	<u>\$ 73,284,107</u>	<u>\$ -</u>	<u>\$ -</u>	<u>73,284,107</u>
Investments measured at net asset value				9,762,993
Total investments at fair value				<u>\$ 83,047,100</u>
December 31, 2017				
Mutual funds	\$ 75,190,729	\$ -	\$ -	\$ 75,190,729
Self-directed brokerage fund	3,368,478	-	-	3,368,478
Money market fund	8,394,997	-	-	8,394,997
Total investments at fair value	<u>\$ 86,954,204</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 86,954,204</u>

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan invests in the Fidelity Managed Income Portfolio II Fund (the MIP Fund) which is a common collective trust fund investing primarily in corporate and U.S. government securities, and enters into fully benefit-responsive wrap contracts. The MIP Fund is designed to preserve principal and accumulate earnings. To achieve its investment objective, the fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds.

There are no participant redemption restrictions for this investment, as defined by the investment contract; however, withdrawals prompted by certain events (e.g. termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment at its net asset value. As of December 31, 2018, there were no unfunded commitments, the redemption frequency is daily and the redemption notice period is one year.

5. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as of December 31, 2018 and 2017 and for the years ended December 31, 2018 and 2017, certified by Fidelity Management Trust Company ("Fidelity") as complete and accurate.

	2018	2017
Total investments	\$ 83,047,100	\$ 86,954,024
Non-interest bearing cash	-	6,708
Notes receivable from participants	3,489,021	3,487,526
Net (depreciation) appreciation in fair value of investments	(9,673,475)	8,862,212
Interest and dividends	5,083,283	4,019,423
Interest on notes receivable from participants	131,641	114,658
Note 4 -- all investment balances excluding the classification of investments by level		
Note 6 -- all loan information		
Supplemental schedule -- all information in the Schedule of Assets (Held at End of Year)		

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest, and amounted to \$3,489,021 and \$3,487,526 as of December 31, 2018 and 2017, respectively. The loan balances are collateralized by participants' account balances and bear interest at rates from 3.25% to 5.75%. The loans currently provide for aggregate monthly principal installments of approximately \$54,000 and mature on various dates through April 2033. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

7. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 22, 2012 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds, a self-directed brokerage fund and common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

9. Reconciliation of Financial Statements to Form 5500

As presented in Note 4, the Plan reflected the MIP II Fund at net asset value as of December 31, 2018. However, the fund asset is reflected at fair value in the Form 5500 as of December 31, 2018 and therefore the below reconciliations are provided.

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018:

Net assets available for benefits per the financial statements	\$ 86,536,121
Adjustment from net asset value to fair value for the MIP II Fund	<u>(110,486)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 86,425,635</u></u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Net decrease in net assets available for benefits per the financial statements	\$ (3,241,327)
Adjustment from net asset value to fair value at December 31, 2018	<u>(110,486)</u>
Net decrease in net assets available for benefits per Form 5500	<u><u>\$ (3,351,813)</u></u>

Income relating to fully benefit-responsive investment contracts is recorded on the Form 5500 at fair value and in the financial statements at net asset value.

Hawaiian Telcom 401(k) Plan for Hourly Employees
Notes to Financial Statements
For the Years Ended December 31, 2018 and 2017

1. Description of Plan

The Hawaiian Telcom 401(k) Plan for Hourly Employees (the "Plan") is a defined contribution plan covering union employees of Hawaiian Telcom Holdco, Inc. and subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

Contributions

Contributions to the Plan include elective contributions authorized by participants, matching contributions made by the Company, discretionary contributions made by the Company ("profit-sharing contributions") and rollover contributions from another plan for new participants.

Each participant may authorize the Company to contribute into the Plan from 1% to 16% of their eligible compensation. The Company makes matching contributions each pay period at the rate of 100% of the contribution made by the participant up to a maximum of 10% of the participant's compensation. The contribution is subject to Internal Revenue Code limitations.

No profit-sharing contributions have been made by the Company to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company contributions and plan earnings. Allocations of account earnings are performed daily based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in elective contributions, rollover contributions and income. The Company matching contribution vests as follows: year of completed service is 20% vesting; two years is 40% vesting; three years is 60% vesting; four years is 80% vesting; and five years is 100% vesting. Participants are 50% vested in profit sharing contributions and any income thereon upon completion of one year of service and fully vested upon the completion of two years of service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are generally granted for a minimum term of six months up to a maximum term of five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate as published in *The Wall Street Journal* on the day the loan is made. Loans are payable with no less than quarterly level amortization over the term of the loan.

Investment Choices

Each participant may direct their contribution into various investment options offered under the Plan. The participant may also change the investment elections at any time.

Payment of Benefits

Upon termination of employment, through retirement or otherwise, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or a benefit paid in annual, semiannual, quarterly or monthly installments for a period of two to 20 years. A participant who is an employee may apply to make a hardship withdrawal. Upon proof, to the satisfaction of the Plan administrator, of immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company as provided in the Plan document. Certain courier and transaction fees incurred by participants are charged directly to their individual account.

Transfers

Along with the Plan, the Company also sponsors a 401(k) plan for management employees. If employees change their status as an hourly or management employee, their account balances are transferred into the corresponding plan. Net transfers paid to the Hawaiian Telcom 401(k) Plan for Management Employees amounted to \$670,990 and \$1,141,114 for the years ended December 31, 2018 and 2017, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in a diversified group of mutual funds, self-directed brokerage fund and a common collective trust. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which has been determined based on the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants on the measurement date. The Plan holds investments in equity and fixed income mutual funds for which fair value is based on quoted market prices. The Fidelity BrokerageLink self-directed brokerage funds consist primarily of interest-bearing cash accounts and individual common stocks and is valued based on quoted prices. Money market funds for which no reliable quoted market prices are available are stated at net asset value per unit or share. The net asset value per unit or share is based on the fair values of each investment's underlying instruments. Common collective trusts are valued at the net asset value of a bank collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidation will be carried out in an orderly manner.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan evaluated and gave recognition, if appropriate, to subsequent events which occurred after the financial statement date of December 31, 2018 through October 9, 2019, the date on which the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of total employer contributions.

4. Investments Fair Value Measurements

In accordance with accounting standards for fair value measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
December 31, 2018				
Mutual funds	\$ 70,259,089	\$ -	\$ -	\$ 70,259,089
Self-directed brokerage fund	3,025,018	-	-	3,025,018
Total assets in the fair value heirarchy	<u>\$ 73,284,107</u>	<u>\$ -</u>	<u>\$ -</u>	<u>73,284,107</u>
Investments measured at net asset value				9,762,993

Mutual funds	\$ 75,190,729	\$ -	\$ -	\$ 75,190,729
Self-directed brokerage fund	3,368,478	-	-	3,368,478

Total investments at fair value	<u>\$ 86,954,204</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 86,954,204</u>

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan invests in the Fidelity Managed Income Portfolio II Fund (the MIP Fund) which is a common collective trust fund investing primarily in corporate and U.S. government securities, and enters into fully benefit-responsive wrap contracts. The MIP Fund is designed to preserve principal and accumulate earnings. To achieve its investment objective, the fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds.

There are no participant redemption restrictions for this investment, as defined by the investment contract; however, withdrawals prompted by certain events (e.g. termination of the managed income portfolio, changes in laws or regulations) may restrict a participant's ability to redeem the investment at its net asset value. As of December 31, 2018, there were no unfunded commitments, the redemption frequency is daily and the redemption notice period is one year.

5. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as of December 31, 2018 and 2017 and for the years ended December 31, 2018 and 2017, certified by Fidelity Management Trust Company ("Fidelity") as complete and accurate.

	2018	2017
Total investments	\$ 83,047,100	\$ 86,954,024
Non-interest bearing cash	-	6,708
Notes receivable from participants	3,489,021	3,487,526
Net (depreciation) appreciation in fair value of investments	(9,673,475)	8,862,212
Interest and dividends	5,083,283	4,019,423
Interest on notes receivable from participants	131,641	114,658
Note 4 -- all investment balances excluding the classification of investments by level		
Note 6 -- all loan information		
Supplemental schedule -- all information in the Schedule of Assets (Held at End of Year)		

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest, and amounted to \$3,489,021 and \$3,487,526 as of December 31, 2018 and 2017, respectively. The loan balances are collateralized by participants' account balances and bear interest at rates from 3.25% to 5.75%. The loans currently provide for aggregate monthly principal installments of approximately \$54,000 and mature on various dates through April 2033. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

7. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 22, 2012 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds, a self-directed brokerage fund and common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

9. Reconciliation of Financial Statements to Form 5500

As presented in Note 4, the Plan reflected the MIP II Fund at net asset value as of December 31, 2018. However, the fund asset is reflected at fair value in the Form 5500 as of December 31, 2018 and therefore the below reconciliations are provided.

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements to the Form 5500 at December 31, 2018:

Net assets available for benefits per the financial statements	\$ 86,536,121
Adjustment from net asset value to fair value for the MIP II Fund	<u>(110,486)</u>
Net assets available for benefits per Form 5500	<u><u>\$ 86,425,635</u></u>

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Net decrease in net assets available for benefits per the financial statements	\$ (3,241,327)
Adjustment from net asset value to fair value at December 31, 2018	<u>(110,486)</u>
Net decrease in net assets available for benefits per Form 5500	<u><u>\$ (3,351,813)</u></u>

Income relating to fully benefit-responsive investment contracts is recorded on the Form 5500 at fair value and in the financial statements at net asset value.
