NOTE 1 - DESCRIPTION OF PLAN

The following description of the PH Hyundai 401(k) Plan (The Plan) provides only general information. Financial statement users should refer to The Plan agreement for a more complete description of The Plan's provisions.

A. General

The Plan was established on January 1, 2011 as a defined contribution plan covering eligible employees of PH Hyundai (The Plan Sponsor). Eligible employees are those who have a minimum six months of service and are age twenty-one or older. All employees employed on January 1, 2011 shall be eligible to participate in The Plan as of the earliest entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in The Plan. Participants direct the investment of their contributions into various investment options offered by The Plan. The Plan currently offers investment options through the trustee, Mass Mutual Life Insurance Company (see Note 4). The Plan Sponsor may make matching contributions proportionate to each employee's elective contributions as well as discretionary profit-sharing contributions. For the year ended December 31, 2018, no matching contributions were made.

The Plan Sponsor may also make discretionary profit-sharing contributions to The Plan. No profit-sharing contributions were made for the year ended December 31, 2018.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) The Plan Sponsor's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of The Plan Sponsor contributions are proportionate to each participant's contributions as determined at each payroll date. Investment earnings and losses and administrative expenses are allocated daily based upon each participant's average balance. The benefit to which a participant is entitled is the benefits that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in The Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on one to five full years of continuous service.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

D. Vesting (Continued)

Participant vest in the following manner:

Years of Service	Vested Percentage
1.	25%
2.	50%
3.	75%
4.	100%

E. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate as published by the Wall Street Journal as of the last day of the month preceding the loan plus 1-3%. Loans are required to be repaid within five years.

F. Payment of Benefits

A participant whose employment terminates through normal cause may elect to commence distribution of his benefits within a reasonable time period after the established plan distribution date or delay the commitment of benefits to a further determined date. Furthermore, unless the participant elects otherwise, his vested and non-forfeitable account balance will be disbursed no later than 90 days after the last day of The Plan year. The Plan distributed $19,627 in benefits to terminated participants for the year ended December 31, 2018.

G. Hardship Distributions

Hardship distributions are allowed for participants that have incurred expenses related to medical, a first-time home purchase, foreclosure, damages to a principal residence, and tuition for educational fees. Hardship distributions may also be used to make payments required to prevent the eviction of the Participant from his principle residence or the foreclosure on the mortgage of the Participant's principal residence. Participants who take a hardship withdrawal may not make any elective contributions to The Plan for six months after the initial distribution date.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

H. Forfeited Accounts

Forfeited accounts are considered the portion of a participant's account that is not vested on the last day of The Plan year. Each year on the anniversary date of The Plan, a distribution of the entire vested portion of the participant's account is reallocated to supplement the non-elective contribution payable to The Plan. The Plan had no forfeitures for the year ended December 31, 2018.

I. Administrative Expenses

Administrative expenses consist of maintenance charges paid to Mass Mutual Life Insurance Company. These charges are calculated as a percentage of the closing daily market value of investments held by The Plan. These costs are allocated on a per capita basis and charged equally to each participant's account.

A third-party administrator is engaged by The Plan to assist with compliance to Department of Labor, Internal Revenue Service and ERISA regulations. The cost of engaging the third-party administrator is absorbed by The Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The preparation of financial statements is in conformity with United States generally accepted accounting principles requires The Plan administrator also makes estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Basis of Presentation

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements. Investments in common collective trusts funds include the Guaranteed Interest Account Fund. The Guaranteed Interest Account Fund invests in fully benefit-responsive investment contracts including primarily guaranteed and synthetic investment contracts issued by banks, insurance companies and other issuers. The Guaranteed Interest Account Fund is recorded at fair value (see Note 4).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation (Continued)

However, since these contracts are fully benefit-responsive, an adjustment is made to reflect this investment at contract value, which represents cost plus accrued income less redemptions. The fair value of the guaranteed investment contracts is generally determined by discounting the schedule future payments required under the contract. The fair value of wrap contracts reflects the discounted present value of the difference between the current wrap contract cost and its replacement cost, based on issuer quotes.

For assets other than investment contracts, including securities underlying synthetic investment contracts, fair value generally is reflected by market value at close of business on the valuation date. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by The Plan at year-end.

Short term investments are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

C. Use of Estimates in Preparing Financial Statements

The Plan uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amount of assets and liabilities and the reported amounts of revenues and expenses. Actual results could vary from the estimates that were used.

D. Advertising, Marketing, and Fundraising Expenses

The Plan accounts for advertising, fundraising and marketing costs as expenses in the period in which they are incurred.

NOTE 3 - CASH AND CASH EQUIVALENTS

Cash balances held in banks and credit unions and in revolving funds are insured up to $250,000 per account by federal agencies. The Plan had no uninsured cash amounts for the year ended December 31, 2018. The Plan had no cash equivalents for the years ended December 31, 2018.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

A. Investments

The Plan provides investment options through an allocated retirement account group annuity contract (ARA contract) with Mass Mutual Life Insurance Company. The ARA contract offers guaranteed accounts and separate accounts. Guaranteed interest investment options are defined as the 3-year, 5-year, and 10-year Guaranteed Accounts that earn guaranteed interest at specific rates. Contributions to these accounts are invested in the general funds of and are guaranteed by Mass Mutual Life Insurance Company. Separate accounts are defined as funds sub-advised by the third parties, or which invest in funds managed by external mutual fund companies. Such separate accounts are established in accordance with state laws and are maintained separately from the general assets of Mass Mutual Life Insurance Company.

B. Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities **(Level 1 measurements)** and lowest priority to measurements involving significant unobservable inputs **(Level 3 measurements)**.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of their investments. When available, the organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or 2 inputs are not available.

The following table sets forth by level, within the fair value hierarchy, The Plan's assets at fair value as of December 31, 2018.

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total

C. Risks and Uncertainties

The Plan provides for investments in various securities, which in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

NOTE 7 - TAX STATUS

Upon its inception on January 1, 2011, The Plan's form was based upon a prototype plan that was deemed acceptable by the Internal Revenue Service to qualify for tax-exempt status. Although, The Plan has been amended since then, its third-party administrator believes that it's designed and being currently operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in The Plan's financial statements.
