INFINITE CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Infinite Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2017 as a defined contribution plan available to the employees of Infinite Care, LLC and its affiliates (the Company, Plan Sponsor, or Employer). Eligible employees may enter the Plan upon full-time employment, and reaching 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed their pretax annual compensation within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the year ended December 31, 2018, individual participants' contributions were limited to \$18,500. Participants who are age 50 and older may also contribute an additional \$6,000 for the year ended December 31, 2018. The Company may, at its discretion, contribute a matching contribution computed as a percentage of the participants' elective contributions. During the year ended December 31, 2018, the Company made no matching contribution.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Company's discretionary matching contribution (if any) and (b) Plan earnings or losses, including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan Document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Vesting

Participants are immediately vested in their elective deferrals including catch-up contributions, rollover contributions, plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions is based on a three-year cliff where participants are 100% vested in employer contributions after 3 years of service.

Forfeitures

Non-vested Company contributions forfeited by participants are used to reduce certain administrative expenses or reduce Company contributions to the Plan. For the year ended December 31, 2018, forfeited accounts amounted to \$477.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a 1% over prime rate (as defined). Principal and interest are collected ratably through periodic payroll deductions. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the Plan Document.

INFINITE CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of the Plan, Continued

Payment of benefits

On termination of service due to death, disability, retirement, or other reasons, or qualifying under certain “hardship” rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant’s vested interest in his or her account. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Participants with balances that do not exceed \$5,000 will receive their entire account balance as a lump sum. However, if the value of a separated participant’s vested balance is greater than \$5,000, the participant elects how the Plan will process their vested balance either to be transferred to an individual qualified retirement account or disbursed as a lump sum or in installment payments. Participants are permitted withdrawals from their Plan accounts for financial hardships. Hardship withdrawals must be approved by the Plan Administrator. Benefit payments to participants are recorded upon distribution.

Plan administration

The Company is the Plan Sponsor and the administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan uses Transamerica Financial Life Insurance (the Custodian) for recordkeeping and custodian services. Participant and Employer contributions are held and managed by the Custodian who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

Administrative expenses

Certain expenses for the Plan are paid directly by the Company and are excluded from these financial statements. Any fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts which are at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

INFINITE CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the excess contributions to the applicable participants.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INFINITE CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Certified by the Custodian

Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018;
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed fund - Valued at NAV based on contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

INFINITE CARE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The following table summarizes the Plan's investments based on the valuation methodology applied by the Plan as of December 31, 2018 and 2017:

	Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 565,356	\$ -	\$ 565,356
Guaranteed fund*	-	-	-	3,617
Investments, at fair value	<u>\$ -</u>	<u>\$ 565,356</u>	<u>\$ -</u>	<u>\$ 568,973</u>

	Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 209,231	\$ -	\$ 209,231
Investments, at fair value	<u>\$ -</u>	<u>\$ 209,231</u>	<u>\$ -</u>	<u>\$ 209,231</u>

* In accordance with subtopic 820-10, the investment that was measured at contract value per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to the line item presented on the statement of net assets available for benefits.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully percent vested in their accounts.

Note 6 – Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments include shares of certain pooled separate accounts and a guaranteed fund administered by the Custodian. Therefore, transactions with the Custodian qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer. No officer or employee receives compensation from the Plan for these services.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 8 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. The Plan has subsequently been amended since initial adoption. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through October 10, 2019, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the notes thereto.
