Partners Group (USA) Inc. 401k Plan
Notes to Financial Statements
December 31, 2018 and 2017

1. DESCRIPTION OF PLAN

The following brief description of the Partners Group (USA) Inc. 401k Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a participant directed, defined contribution plan qualifying under section 401(k) of the Internal Revenue Code, (“IRC”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Partners Group (USA) Inc. (the “Employer”) and their beneficiaries funds for retirement.

Eligibility

An employee of the Employer becomes an eligible participant in the Plan for elective contributions, discretionary match contributions, and non-elective profit sharing contributions upon completing 3 consecutive months of service and the attainment of the age of 21. Employees may join the Plan on the first day of each month, once they meet the eligibility requirements.

Employee Contributions

A participant in the Plan may annually contribute through payroll deductions, any amount up to 90 percent of pretax compensation not exceeding amounts as determined by the Internal Revenue Service (“IRS”). Any participant, age 50 or over, may make an additional “catch up” contribution as determined by the IRS. Participants direct the investment of their contributions into various investment options offered by the Plan. Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service regulations and Plan provisions.

Employer Contributions

The Employer may annually elect to make a matching contribution equal to a discretionary percentage of the participant’s elective deferrals and/or a discretionary profit sharing contribution. The Employer has elected to make discretionary matching contributions for the year ended December 31, 2018 equal to 3 percent of compensation. The Employer has not elected to make a discretionary profit sharing contribution for the year ended December 31, 2018.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of investments, with varying investment objectives as investment options. Each participant’s account is credited with the participant’s pre-tax and post-tax contributions, the Employer contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals, losses on investments, expenses of the Plan, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Distributions and Withdrawals

Prior to the retirement age of 59½, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability, termination of employment, or hardship as defined in the Plan document. A participant shall be considered 100 percent vested upon termination of service due to death or disability. Participants or their beneficiaries may receive a lump-sum amount equal to the value of the participant’s vested account balance. After attaining age 59½, 100 percent of the participant’s account may be withdrawn for any reason.

Notes Receivable From Participants

Any participant may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. All loans are considered a direct investment of the participant and payments of principal and interest are credited to the participant's account. Interest is charged at a reasonable rate (as defined in the Plan agreement). Outstanding loans as of December 31, 2018 had interest rates ranging from 5.25 to 7.25 percent with maturity dates through July 2048.

Restrictions and repayment terms are described in the Plan document. A participant will only be permitted to have one outstanding loan at a given time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Vesting

A participant's interest in his or her contributions to the Plan will always be fully vested and nonforfeitable. A participant is vested in the Employer's contribution, if any, after one year of service.

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service in which he or she is credited with 1,000 hours of service within the Plan year.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is determined based on the net asset value of shares held by the Plan at year end. Fair value measurements are discussed in Note 4.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation or depreciation, including realized gains and losses on those investments. In addition, certain investment related fees have been reflected as an offset of net investment income and are not readily determinable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the Employer or through excess forfeitures. All expenses except for account maintenance fees, transaction fees and investment fund management fees have been paid by the Employer. Participants are charged service fees for any loan and distribution transactions they request.

Partners Group (USA) Inc. 401k Plan
Notes to Financial Statements
December 31, 2018 and 2017

Payment of Benefits

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Forfeited Accounts

Forfeited accounts are retained in the Plan and will be applied first to pay administrative costs of the Plan, with any excess used to reduce future Employer contributions. As of December 31, 2018 and 2017, the Plan had \$46,379 and \$45,645, respectively, of forfeited non-vested accounts and \$16,315 of forfeitures were applied to Plan expenses during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2018 and 2017.

The following information as of and for the years ended December 31, was prepared from reports certified by the trustee as complete and accurate:

	2018	2017
Investments, at fair value	\$ 14,425,163	\$ 12,889,937
Notes receivable from participants	\$ 131,109	\$ 53,422
Investment (loss) income		
Net depreciation in fair value of investments	\$ (1,548,543)	
Dividend and interest income	\$ 529,919	

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Partners Group (USA) Inc. 401k Plan
Notes to Financial Statements
December 31, 2018 and 2017

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements.) The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Money Market Funds: Money market funds are valued at quoted market prices which represent the fair value of the amount invested into the fund plus interest earned.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Total	Level 1	Level 2	Level 3
Money market	\$ 1,636,115	\$ --	\$ 1,636,115	\$ --
Mutual funds	12,789,048	12,789,048	--	--
	<u>\$ 14,425,163</u>	<u>\$ 12,789,048</u>	<u>\$ 1,636,115</u>	<u>\$ --</u>

Partners Group (USA) Inc. 401k Plan
Notes to Financial Statements
December 31, 2018 and 2017

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Total	Level 1	Level 2	Level 3
Money market	\$ 1,757,633	\$ --	\$ 1,757,633	\$ --
Mutual funds	11,132,304	11,132,304	--	--
	<u>\$ 12,889,937</u>	<u>\$ 11,132,304</u>	<u>\$ 1,757,633</u>	<u>\$ --</u>

5. PLAN TERMINATION

The Employer intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend, or terminate the Plan at any time by resolution of its Board of Directors. In the event of termination of the Plan, all amounts credited to participants' accounts shall be 100 percent vested and non-forfeitable. All participants shall receive a total distribution of their accounts as described in the Plan. Any amount in the forfeiture account upon termination, which has not been applied to reduce the Employer contribution, shall be allocated on a pro rata basis to the participants' accounts.

6. INCOME TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds and mutual funds of the Vanguard Group and are managed by Ascensus, Inc. In addition, the Plan has paid administrative expenses of \$703 to Vanguard and certain expenses to the trustee have been offset with investment income, during the year ended December 31, 2018. These transactions qualify as party in interest transactions. The notes receivable from participants also qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Following is a reconciliation of the net assets available for benefits as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018 per these financial statements to amounts reported on Form 5500.

9. LATE REMITTANCE OF PARTICIPANT CONTRIBUTIONS

U.S. Department of Labor regulations require that salary deferrals to a 401(k) plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employee's general assets, but in no event later than the fifteenth business day of the month following the month in which the participant contributions are withheld.

For the year ended December 31, 2017, the Plan delayed making certain deposits of employee withholdings as soon as they could be reasonably segregated. Such delayed deposits totaled \$5,910 for the year ended December 31, 2017. Late deposits and lost earnings of \$283 were corrected in March and April 2018.

10. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 9, 2019, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require adjustment to or disclosure in the financial statements.
