Independent Auditor's Report

To the Trustees of
Beyel Brothers, Inc. 401(k) Plan
Cocoa, Florida

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Beyel Brothers, Inc. 401(k) Plan (the "Plan") which comprise the statements of net assets as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by MassMutual, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i-Schedule of Assets Held at December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and. is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Beyel Brothers, Inc. 401(k) Plan ("Plan") is provided for only general information purposes only. Participants should refer to the plan document for most complete information.

1. General. The plan is a defined contribution plan established March 1, 2001 by Beyel Brothers, Inc. ("Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Participation in the plan is entirely voluntary. An eligible employee is any person employed by of the company who have three months of service and are age twenty-one or older. Entry date is quarterly the first day of the 1st, 4th, 7th and 10th month of Plan Year. The plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a cash or deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a) (27) the plan is also a profit-sharing plan.

2. Contributions. For 2018 and 2017, participants may contribute up to the lesser of 100% or $18,500 of eligible compensation as defined by the plan. The Plan permits participants to make pre-tax contributions. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who making Deferral Contributions to the Plan may also make a catch-up provision of up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company may make each payroll period, Employer Matching Contributions to participant accounts equal to a percentage, determined by the Sponsor. Additional Nonelective Contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

3. Participant's Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their Rollover Contributions, Qualified Nonelective Contributions, Deferral Contributions and any earnings thereon. Vesting the Company's contribution portion of their accounts plus earnings thereon is based on years on continuous service. A participant is 100% after six years of credited service.

5. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance in your Account during the prior twelve months. Participants may only have 1 loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

6, Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount, or monthly Life Annuity, Life Annuity with a period of 5, 10 or 15 years, Joint and 50%, 66 2/3%, or 100% Survivor Annuity, monthly income paid for a fixed period of time not less than 60 months or, a series of flexible income payments based on single of joint life expectancies. Termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeited accounts. At December 31, 2018 and 2017 forfeited accounts totaled $8,358 and $4,819 respectively. These accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for the fully-benefit responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See note F for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Fair Value Measurements.
The plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

Level 1- Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other that quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There are have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end based on quoted market price. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes it, valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Operating expenses. Generally, the expenses of administrating the Plan are paid from Plan assets, unless the Company elects to make the payment. If administrative expenses are paid from the Plan assets, they will first be reduced by any forfeitures the Administrator has directed to be used for payment of expenses. Any remaining expenses will be shared among all participants' Accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events. The Plan has evaluated subsequent events through date of the independent auditor's report, the date the financial statements were available to be issued.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Recent Accounting Pronouncement. In 2015, the Financial Accounting Standards Board ("FASB") issued technical corrections and improvements to accounting guidance in a number of areas. Certain provisions of the guidance are effective as of the beginning of the 2016 plan year, with early adoption permissible. Management adopted those provisions of this new standard effective as of the beginning of 2015, and the adoption did not have a material impact on the Plan's financial statements. In 2015, the FASB issued accounting guidance for a three-part standard that (1) requires the use of contract value as the only measurement of fully benefit-responsive investment contracts; (2) eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation by general type; and (3) removes the

requirement to categorize within the fair value hierarchy all investments measured using the net asset value per share as a practical expedient and related disclosures.

The provisions of this guidance are effective as of the beginning of the 2016 plan year and should be applied retrospectively for parts (1) and (2) and prospectively for part (3) with early adoption permissible. Management elected to early adopt the provisions of this guidance effective as of the beginning of 2015. *Part I*-for plan benefits and the adjustment from fair value to contract value for fully benefit-responsive investment contracts have been eliminated. *Part II* – for individual investments that represent five percent or more of net assets available for benefits, the net appreciation or depreciation for these investments by general type in the table of net assets by asset category, as well as the categorization by class of investments in the fair value table, have been eliminated. *Part III* – adopted the guidance retrospectively, which removes investments measured using the practical expedient for the fair value hierarchy in all periods presented.

NOTE C – PLAN TERMNATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTE (Unaudited)

The plan administration has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the investment values and activity certified as complete and accurate, by the Plan's trustee, Mass Mutual, Accordingly, the trustees have certified all investment information disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2018 and 2017, and net appreciation in fair value of investments, investment income, and interest income for the years ended December 31, 2018 and 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk, such as interest rate, market, and credit risks. Due to the level associated with certain investment securities, it is as least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – INVESTMENTS

The following table summarizes Plan assets measured at fair value as of December 31, 2018 and 2017. The fair value of the pooled separate account has been determined using the NAV per share as the practical expedient and, as such, have not been categorized within a level in the fair value hierarchy

table. The fair value represented in the tables are intended to permit reconciliation of the fair value hierarchy amounts presented in the Statements of Net Assets Available for Plan Benefits.

	2018	2017
Investments measured at NAV:		
Pooled separate accounts	$3,257,181	$3,081,140

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	2018	2017
Pooled separate accounts		
Fair value	$3,257,181	$3,081,140
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Other redemption frequency	None	None
Redemption notice period	60-90 days	60-90 days

NOTE G – GUARANTEED INVESTMENT CONTRACT WITH MASSACHUSEETS MUTUAL LIFE INSURANCE COMPANY

The Plan has a benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in

arriving at net assets available for benefits. Contract value, as reported by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants my ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yield earned by the guaranteed investment contract based on interest rate credited to participants was 1.65% and 1.50% for 2018 and 2017, respectively.

NOTE H – TAX STATUS

The Plan operates under the prototype standardized profit-sharing plan provisions established by Massachusetts Mutual Life Insurance Company. The Internal Revenue Service ("IRS") has issued a determination letter dated March 31, 2014 accepting the prototype plan as meeting the requirements for qualifications in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's trustee and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles ("GAAP") requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not subject to income tax examinations for the years prior to 2014.

NOTE I – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is the trustee and record keeper for the Plan, and, therefore these transactions qualify as party-in-interest transactions.

Certain administrative functions for the Plan are performed by employees of the Company. There were no employees who received compensation from the Plan.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan as of December 31, 2018. These loans are considered party-in-interest transactions according to the DOL guidelines. Total note receivable from participants as of December 31, 2018 and 2017 were $155,109 and $160,421, respectively.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2018 - 12/31/2018 and indirect compensation is presented on a calendar year basis ending 12/31/2018.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

---

[1]Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **$3,396.76**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$3,396.76**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2018 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2018, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$12.04**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (0.43% for 2018) earned on the bank accounts and investments associated with the short-term investment pool for the 2018 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan’s/Plan Sponsor’s tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2018.Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2018 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.

Independent Auditor's Report

To the Trustees of
Beyel Brothers, Inc. 401(k) Plan
Cocoa, Florida

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Beyel Brothers, Inc. 401(k) Plan (the "Plan") which comprise the statements of net assets as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting my audits in accordance with auditing standards generally accepted in the United States of America. Because the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by MassMutual, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i-Schedule of Assets Held at December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and. is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Beyel Brothers, Inc. 401(k) Plan ("Plan") is provided for only general information purposes only. Participants should refer to the plan document for most complete information.

1. General. The plan is a defined contribution plan established March 1, 2001 by Beyel Brothers, Inc. ("Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. Participation in the plan is entirely voluntary. An eligible employee is any person employed by of the company who have three months of service and are age twenty-one or older. Entry date is quarterly the first day of the 1st, 4th, 7th and 10th month of Plan Year. The plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a cash or deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a) (27) the plan is also a profit-sharing plan.

2. Contributions. For 2018 and 2017, participants may contribute up to the lesser of 100% or $18,500 of eligible compensation as defined by the plan. The Plan permits participants to make pre-tax contributions. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who making Deferral Contributions to the Plan may also make a catch-up provision of up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company may make each payroll period, Employer Matching Contributions to participant accounts equal to a percentage, determined by the Sponsor. Additional Nonelective Contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

3. Participant's Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their Rollover Contributions, Qualified Nonelective Contributions, Deferral Contributions and any earnings thereon. Vesting the Company's contribution portion of their accounts plus earnings thereon is based on years on continuous service. A participant is 100% after six years of credited service.

5. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance in your Account during the prior twelve months. Participants may only have 1 loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

6, Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount, or monthly Life Annuity, Life Annuity with a period of 5, 10 or 15 years, Joint and 50%, 66 2/3%, or 100% Survivor Annuity, monthly income paid for a fixed period of time not less than 60 months or, a series of flexible income payments based on single of joint life expectancies. Termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeited accounts. At December 31, 2018 and 2017 forfeited accounts totaled $8,358 and $4,819 respectively. These accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value (except for the fully-benefit responsive contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See note F for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Fair Value Measurements.
The plan determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

Level 1- Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other that quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There are have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan at year end based on quoted market price. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes it, valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Operating expenses. Generally, the expenses of administrating the Plan are paid from Plan assets, unless the Company elects to make the payment. If administrative expenses are paid from the Plan assets, they will first be reduced by any forfeitures the Administrator has directed to be used for payment of expenses. Any remaining expenses will be shared among all participants' Accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events. The Plan has evaluated subsequent events through date of the independent auditor's report, the date the financial statements were available to be issued.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Recent Accounting Pronouncement. In 2015, the Financial Accounting Standards Board ("FASB") issued technical corrections and improvements to accounting guidance in a number of areas. Certain provisions of the guidance are effective as of the beginning of the 2016 plan year, with early adoption permissible. Management adopted those provisions of this new standard effective as of the beginning of 2015, and the adoption did not have a material impact on the Plan's financial statements. In 2015, the FASB issued accounting guidance for a three-part standard that (1) requires the use of contract value as the only measurement of fully benefit-responsive investment contracts; (2) eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation by general type; and (3) removes the

requirement to categorize within the fair value hierarchy all investments measured using the net asset value per share as a practical expedient and related disclosures.

The provisions of this guidance are effective as of the beginning of the 2016 plan year and should be applied retrospectively for parts (1) and (2) and prospectively for part (3) with early adoption permissible. Management elected to early adopt the provisions of this guidance effective as of the beginning of 2015. *Part I*-for plan benefits and the adjustment from fair value to contract value for fully benefit-responsive investment contracts have been eliminated. *Part II* – for individual investments that represent five percent or more of net assets available for benefits, the net appreciation or depreciation for these investments by general type in the table of net assets by asset category, as well as the categorization by class of investments in the fair value table, have been eliminated. *Part III* – adopted the guidance retrospectively, which removes investments measured using the practical expedient for the fair value hierarchy in all periods presented.

NOTE C – PLAN TERMNATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTE (Unaudited)

The plan administration has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the investment values and activity certified as complete and accurate, by the Plan's trustee, Mass Mutual, Accordingly, the trustees have certified all investment information disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2018 and 2017, and net appreciation in fair value of investments, investment income, and interest income for the years ended December 31, 2018 and 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk, such as interest rate, market, and credit risks. Due to the level associated with certain investment securities, it is as least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F – INVESTMENTS

The following table summarizes Plan assets measured at fair value as of December 31, 2018 and 2017. The fair value of the pooled separate account has been determined using the NAV per share as the practical expedient and, as such, have not been categorized within a level in the fair value hierarchy

table. The fair value represented in the tables are intended to permit reconciliation of the fair value hierarchy amounts presented in the Statements of Net Assets Available for Plan Benefits.

	2018	2017
Investments measured at NAV:		
Pooled separate accounts	$3,257,181	$3,081,140

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	2018	2017
Pooled separate accounts		
Fair value	$3,257,181	$3,081,140
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Other redemption frequency	None	None
Redemption notice period	60-90 days	60-90 days

NOTE G – GUARANTEED INVESTMENT CONTRACT WITH MASSACHUSEETS MUTUAL LIFE INSURANCE COMPANY

The Plan has a benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company ("MassMutual"). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in

arriving at net assets available for benefits. Contract value, as reported by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants my ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate is based on a formula agreed with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yield earned by the guaranteed investment contract based on interest rate credited to participants was 1.65% and 1.50% for 2018 and 2017, respectively.

NOTE H – TAX STATUS

The Plan operates under the prototype standardized profit-sharing plan provisions established by Massachusetts Mutual Life Insurance Company. The Internal Revenue Service ("IRS") has issued a determination letter dated March 31, 2014 accepting the prototype plan as meeting the requirements for qualifications in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's trustee and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles ("GAAP") requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not subject to income tax examinations for the years prior to 2014.

NOTE I – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is the trustee and record keeper for the Plan, and, therefore these transactions qualify as party-in-interest transactions.

Certain administrative functions for the Plan are performed by employees of the Company. There were no employees who received compensation from the Plan.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan as of December 31, 2018. These loans are considered party-in-interest transactions according to the DOL guidelines. Total note receivable from participants as of December 31, 2018 and 2017 were $155,109 and $160,421, respectively.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$3,940,102	$3,669,048
Subtract: Contribution receivables to participants	(10,333)	(7,626)
Add: Excess contributions payable	0	2,236
