1. DESCRIPTION OF PLAN:

The following description of the Scioto Residential Services, Inc. (Company or Employer) 403(b) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to associates of Scioto Residential Services, Inc. excluding non-resident aliens and employees with less than 1000 hours of service in a 12 month period. Participants become eligible to participate in the Plan on the date of hire. Participants become eligible for employer contributions after completing at least 1000 hours of service in a 12 month period. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute the maximum percentage and dollar limits permissible under Section 402(g) not to exceed the limits of sections 401(k), 403(b), or 457(b). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a matching contribution in an amount equal to 25% of participant's elective deferrals up to a maximum of 1% of the participants compensation, as defined by the Plan. The Company contributions are invested in funds designated by the Plan participants. Additional discretionary non-elective amounts may also be contributed by the Company. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company's matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer matching contributions credited to a participant's account become fully vested when they have completed six years of service.

Payment of benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and Company contributions and related earnings, upon normal retirement (age 65), death, or disability. Termination of employment with the Company entitles the participant to the vested portion of the Company contributions plus earnings thereon and 100% of the participant's contributions and related earnings. The Plan allows for withdrawals related to hardships based upon criteria determined by the Plan. The plan administrator must approve all withdrawals based upon hardship.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$2,706 and \$2,734, respectively. These accounts may be used to pay Plan expenses or to offset the employer discretionary contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc., the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

<u>Assets at fair value as of December 31, 2018</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Money market fund	\$ 10,973	-	-	10,973
Mutual funds	<u>277,766</u>	<u>-</u>	<u>-</u>	<u>277,766</u>
Investments at fair value	\$ <u>288,739</u>	<u>-</u>	<u>-</u>	<u>288,739</u>

4. FAIR VALUE MEASUREMENTS (Continued):

<u>Assets at fair value as of December 31, 2017</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Money market fund	\$ 9,753	-	-	9,753
Mutual funds	<u>262,667</u>	<u>-</u>	<u>-</u>	<u>262,667</u>
Investments at fair value	\$ <u>272,420</u>	<u>-</u>	<u>-</u>	<u>272,420</u>

5. GUARANTEED INVESTMENT CONTRACT WITH NATIONWIDE:

In 2008, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Financial Services, Inc. (Nationwide) totaling \$35,767 at December 31, 2018 and \$35,349 at December 31, 2017. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by Nationwide Financial Services, Inc. Nationwide Financial Services, Inc. is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Sponsor pays directly any other fees related to the Plan's operations.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS:

Currently, there is no formal procedure for submitting plans designed under IRC Section 403(b) to the IRS in order to obtain a determination letter. Consequently, the Plan has not been submitted to the IRS for a determination of its compliance with the Internal Revenue Code. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued. The governing body of Scioto Residential Services, Inc. 403(b) Retirement Plan approved a plan of termination subsequent to the date of the financial statements. Final distributions will be determined based on all participants being 100% vested, and will be made as soon as possible after the termination date.
