1. Plan Description

The following brief description of Retail Capital, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Retail Capital, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation Requirements

All employees of the Company who are age 21 or older and have completed three months of service become eligible to make contributions as well as receive discretionary Company match and non-elective contributions.

Contributions

There are three types of contributions to the Plan:

(a) *Salary Reduction Contribution* - Participants may elect to have their salary reduced and have the amount of the reduction contributed to the Plan by the Company. Generally, the salary reduction contribution amount may be from 1% to 90% of eligible earnings, but may not exceed the legal maximum contribution allowed under tax regulations. Participants may also contribute rollover contributions from other qualified plans. Catch-up contributions for those age 50 and over during the Plan year are also allowed by the Plan, subject to certain limitations.

The Plan also allows Roth contributions. This option allows individuals eligible for the Plan to make after-tax contributions to their retirement accounts.

(b) *Company Matching Contribution* - The Company may contribute a discretionary matching contribution to the Plan, although the Company is not required to make this contribution. The percentage of elected deferrals to be matched will be determined by the Company and allocated to the participants at the end of the Plan year. There was no contribution during the 2018 Plan year.

(c) *Non-elective Contribution* – The Company may decide to make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution will be allocated to all employees eligible to participate in the Plan. The employee must be an eligible participant employed by the employer on December 31 and have completed at least 1,000 hours of service to receive this allocation. There was no contribution during the 2018 Plan year.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and a uniform allocation of investment earnings. Allocations to participants' accounts are based on compensation or account balances, as specified in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting of Benefits

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0 %
1 year but less than 2 years	34
2 years but less than 3 years	67
3 years or more	100

Forfeitures

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested generally are used to reduce future Company contributions or pay for Plan expenses. For the year ended December 31, 2018, no forfeitures were used to reduce the employer's contribution.

Payment of Benefits

Upon termination, retirement, death or disability, participants or their beneficiaries will receive the entire value of their individual accounts, subject to vesting provisions. All vested account balances less than $5,000 may be distributed automatically to the participant. The Plan allows for in-service withdrawals of participant contributions prior to retirement, if the participant meets certain hardship withdrawal or age requirements. Such withdrawals are subject to approval by the Plan Administrator.

Notes Receivable From Participants

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum note amount is $500. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate, which is the prevailing rate charged by other lenders for similar loans. Interest rates on notes receivable outstanding at December 31, 2018 ranged from 6.25% to 7.25%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless for the purchase of a principal residence, in which case the note terms should not exceed 30 years.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Certain administrative expenses, such as expenses for Plan loans, distribution fees and participant investor services, are allocated directly to the accounts of the participants requesting those services.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through October 3, 2019, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, and are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans, if any, are reclassified as deemed distributions based upon the terms of the Plan Agreement.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with ASC 820, *Fair Value Measurements and Disclosures,* the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual funds: Valued at quoted market prices in an exchange and active market, which represent the net asset value (NAV) of shares held by the Plan.

Collective investment trust (CITs): The collective investment trust are valued at the NAV of the shares held by the Plan at year-end, which is provided by the trustee and was determined based on the fair value of the underlying investments. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice requirements. There is no restriction in place with respect to the daily redemption of the CITs. Management believes that there are no unfunded commitments or redemption obligations for any of the CITs held in the Plan at year-end.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The remainder of this page intentionally left blank.

The table below sets forth the Plan's investments by level within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2 or 3.

	Fair Value Measurements			
December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual funds	$ 540,747	$ -	$ -	$ 540,747
Total investments measured at net asset value*				11,360
Investments, at fair value	$ 540,747	$ -	$ -	$ 552,107

** The investments in CITs are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2018 (Audited)**	2017 (Compiled)
Mutual funds	**$ 540,747**	$ 342,956
Collective investment trust	**11,360**	1,397
Notes receivable from participants	**26,681**	17,000

Year ended December 31, 2018	
Total investment loss	$ (31,216)
Interest from notes receivable from participants	1,412

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

6. Income Tax Status

The Company has adopted the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan (basic plan document (001)). An opinion letter dated July 8, 2014 has been obtained in which the Internal Revenue Service (IRS) states that the prototype plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

Expenses paid to ADP, the current recordkeeper and trustee as defined by the Plan, qualify as party-in-interest transactions. Fees paid by the Plan for trustee and recordkeeping services amounted to $4,746 for the year ended December 31, 2018.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:
