Financial Resources Federal Credit Union 401(k) Pension Plan
Bridgewater, New Jersey

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Financial Resources Federal Credit Union 401(k) Pension Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Retirement Insurance and Annuity Company, the issuer of the guaranteed investment contract, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the issuer holds the Plan's assets and executes transactions. The plan administrator has obtained certifications from the issuer as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the issuer is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the issuer, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Financial Resources Federal Credit Union 401(k) Pension Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution pension plan covering substantially all employees of Financial Resources Federal Credit Union (the Credit Union) as of the date of commencement of employment. Participants are eligible to receive employer safe-harbor matching and profit-sharing contributions once they have completed one year of service with the Credit Union. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute no less than 1% of pre-tax annual compensation, as defined in the Plan, up to the maximum allowed by law. Participants may also contribute post-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment feature for employees who become eligible and have not made an elective deferral contribution election. Eligible employees will be automatically enrolled in the Plan with an elective deferral contribution election on the first payroll following the completion of 12 months of service in the amount of 2% of compensation. The amount of such automatic enrollment will increase by 1% in each of the second through fifth year to a maximum of 6%. The Credit Union contributes 100% of the first 6% of compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Credit Union's Board of Directors. For the year ended December 31, 2017, the Credit Union made a discretionary profit-sharing contribution in the amount of $74,874. There was no discretionary profit-sharing contribution made for the year ended December 31, 2018. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Credit Union's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and the employer safe-harbor matching contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service, based on the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0 %
2	25
3	50
4	75
5	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. Loan terms can exceed five years if the loan is used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to disability, retirement, or other reasons, a participant will receive the value of his or her vested interest in his or her account as a lump-sum distribution.

Upon termination of service due to death, a complete distribution of the participant's account will be made by December 31 of the calendar year containing the fifth anniversary of the participant's death, or distributions may be made over the life or over a certain period, not greater that the life expectancy of the participant's beneficiary. If the sole beneficiary is the participant's surviving spouse, the surviving spouse may elect to defer distributions until the later of (a) December 31 of the calendar year immediately following the calendar year of the participant's death or (b) December 31 of the calendar year in which the participant would have attained age 70 1/2.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $891 and $-0-, respectively. These accounts will be used to reduce third-party administrator expenses, employer safe-harbor matching contributions, or employer profit-sharing contributions at the discretion of plan management. During 2018 and 2017, none of the forfeited nonvested accounts were used to reduce employer safe-harbor matching contributions. During 2017, forfeitures of $2,344 were used to reduce third-party administrator expenses. During 2018, none of the forfeited nonvested accounts were used to reduce third-party administrator expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Information Certified and Provided by Voya Retirement Insurance and Annuity Company

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520 103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Under that section, no auditing procedures are required to be performed with respect to the information certified by Voya Retirement Insurance and Annuity Company, the issuer of the guaranteed investment contract. The issuer has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2018 and 2017 and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.

Note 4 - Fair Value Measurements

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2018 and 2017.

Insurance company pooled separate accounts: Valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

		Fair Value				
		December 31, 2018	December 31, 2017	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Insurance Company Pooled Separate Accounts						
Domestic stock funds	(a)	$ 2,526,080	$ 2,647,944	$ -	Immediate	None
International stock funds	(b)	133,329	155,594	-	Immediate	None
Blended stock funds	(c)	3,170,851	3,248,236	-	Immediate	None
Fixed income funds	(d)	939,829	828,379	-	Immediate	None
Money market funds	(e)	890	-	-	Immediate	None
Specialty funds	(f)	65,104	58,739	-	Immediate	None

Note 4 - Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

(a) This class includes several funds that invest primarily in stocks of U.S. companies. Certain funds within this class seek to approximate, as closely as practicable, the total return before deduction of fees and expenses of related indices. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

(b) This class includes investments in equity funds with an investment objective of long-term capital appreciation. The funds invest primarily in foreign equity securities. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

(c) This class includes investments in equity funds with an investment objective of achieving capital appreciation. The funds invest primarily in equity, fixed income securities, and money market instruments. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

(d) This class normally invests at least 80% of its net assets in a diversified portfolio of high-yield securities. The remainder of the portfolio's assets may be invested in investment-grade fixed-income instruments. The investment objective seeks maximum total return, consistent with the preservation of capital and prudent investment management. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

(e) This class normally invests in a portfolio of high-quality, U.S. dollar denominated, short-term debt securities that are determined by the sub-adviser to present minimal credit risk. The investment objective seeks to provide high current return, consistent with preservation of capital and liquidity, through investment in high-quality money market instruments while maintaining a stable share price of $1.00. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

Note 4 - Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient (continued)

(f) This class normally invests in equity securities of companies in certain real estate investment trusts and companies engaged in residential construction and firms, except partnerships, whose principal business is to develop commercial property. The investment seeks long-term capital appreciation. The class, using a free float-adjusted market capitalization weighted approach, purchases readily marketable equity securities of companies whose principal activities include ownership, management, development, construction, or sale of residential, commercial, or industrial real estate. Investments in this class can be redeemed daily at the current net asset value per share based on the fair value of the underlying investments. The fair value of the investments in this class has been estimated using the net asset value per share of the underlying investments.

Note 5 - Investment Contract with Insurance Company

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. With traditional investment contracts, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1.0%. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

A. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.

B. Premature termination of the contract.

C. Plan termination or merger.

D. Changes to the Plan's prohibition on competing investment options.

E. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Note 5 - Investment Contract with Insurance Company (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

A. An uncured violation of the Plan's investment guidelines.

B. A breach of material obligation under the contract.

C. A material misrepresentation.

D. A material amendment to the agreements without the consent of the issuer.

Note 6 - Tax Status

Effective January 1, 2016, the Credit Union adopted a volume submitter defined contribution plan sponsored by CCH Incorporated d/b/a ftwilliam.com. The volume submitter plan has received an opinion letter from the IRS, dated March 31, 2014, stating that the volume submitter plan is qualified under the appropriate section of the IRC. The volume submitter plan opinion letter has been relied upon by this Plan. The plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is exempt from federal and state income taxes under current regulations.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2015.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their nonvested employer contributions.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are units of insurance company pooled separate accounts and a guaranteed interest account managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the issuer of the guaranteed investment contract as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for investment management and custody services are immaterial.

Note 10 - Subsequent Events

Plan management has evaluated subsequent events through October 11, 2019. This date is the date the financial statements were available to be issued. No material events subsequent to December 31, 2018 were noted.
