INDEPENDENT AUDITORS' REPORT

To the Investment and Benefits Committee and Participants
of the W. R. Grace & Co. Retirement Contribution Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the W. R. Grace & Co. Retirement Contribution Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The actual selection of the investments within the Fixed Income Fund has generally been delegated by the Committee to Galliard Capital Management.

R. Grace & Co. Retirement Plan for Salaried Employees who is not vested in such retirement plan and is not eligible to participate in such retirement plan following his/her rehire by the Company, is immediately eligible to participate in the Plan.

The Plan was amended effective January 1, 2019 to change the date of commencement of participation in the Plan for each eligible employee who is hired (or otherwise first becomes eligible for such participation) after that date to be effective as of the employee's first date of employment (or first date of such other eligibility).

Participants are fully vested in the Plan after 3 years of vesting service, as defined by the Plan. A participant is fully vested in the Plan regardless of years of service upon death, disability, or at age 55.

Contributions

Grace contributes 4% of the participant's compensation each payroll period into the participant's elected investment fund, or the qualified default investment alternative as selected by the Committee. No contributions are permitted by employees.

Annual contributions to each participant shall not exceed the lesser of \$55,000 and \$54,000 for the years ended December 31, 2018 and 2017, respectively, or 100% of total compensation as defined by the Plan.

As of December 31, 2018, the Plan offered 23 mutual funds and a Fixed Income Fund comprised of a stable value common/collective trust fund as investment options for participants. The Committee or its designee periodically evaluates and changes the funds offered under the Plan.

Participants may allocate their future contributions among any of the investment options and may transfer the amounts related to their existing balances among any of the investment options to other investment options. All investment options are participant-directed.

Participant Accounts

Each participant's account is participant-directed and credited with the Company's contributions and an appropriate allocation of Plan earnings (losses), and charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined.

The Plan does not allow for hardship withdrawals or employee loans.

Payment of Benefits

Upon disability, retirement, death, or other termination of service, a participant who is not eligible to elect or who does not elect to defer the distribution may elect to receive his/her benefit in the form of a single lump sum payment or annual, quarterly or monthly installment payments if the balance exceeds \$1,000. A terminated participant with an account balance less than \$1,000 will receive an automatic direct distribution in the form of a single lump sum payment in cash.

There were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan but had not received such distributions as of December 31, 2018 and 2017.

Administrative Expenses

Expenses incurred in the administration of the Plan are required to be paid with assets of the Plan unless the Company, at its discretion, elects to pay them. The Company paid a portion of Plan expenses for the years ended December 31, 2018 and 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained on the accrual basis of accounting, which is acceptable under U.S. Department of Labor Regulations and is in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end, which is fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is accrued when earned.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Investment securities change in value, and it is possible that such changes could be material.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan fiduciaries to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and

disclosures of contingent assets and liabilities on the date of the financial statements. Actual amounts may differ from the estimates used.

Payment of Benefits

The Plan recognizes benefits when paid.

Recently Issued Accounting Pronouncements and Accounting Changes

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates, amends and adds disclosure requirements relating to fair value reporting. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 for all entities, with early adoption permitted only for eliminated and modified disclosure requirements. All changes should be prospectively applied to all periods presented. Management has not elected to early adopt ASU 2018-13 during the year ended December 31, 2018 and is currently evaluating its future effect on the financial statements.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 4, 2019, the date the financial statements were available to be issued, and determined there were no material subsequent events that warrant disclosure, except as discussed in Note 1.

3. Fair Value Measurement

Certain of the Plan's assets and liabilities are reported at fair value. See Note 2 for methods of valuation for the various investments. Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 "Fair Value Measurement" defines fair value as the value that would be received at the measurement date in the principal or "most advantageous" market. The Plan uses principal market data, whenever available, to value assets and liabilities at fair value. ASC 820 prescribes three valuation techniques that shall be used to measure fair value as follows:

1. **Market Approach**—uses prices or other relevant information generated by market transactions involving identical or comparable assets or liabilities.
2. **Income Approach**—uses valuation techniques to convert future amounts to a single present amount (discounted).
3. **Cost Approach**—the amount that currently would be required to replace the service capacity of an asset (i.e., current replacement cost).

One or a combination of the approaches above can be used to calculate fair value, whichever results in the most representative fair value.

In addition to the three valuation techniques, ASC 820 prescribes a fair value hierarchy in order to increase consistency and comparability in fair value measurements and related disclosures. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 Inputs* — Quoted prices in active markets for identical assets or liabilities. A quoted price in an active market provides the most reliable evidence of fair value.
- Level 2 Inputs* — Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs* — Unobservable inputs for the asset or liability, which should reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods of investment valuation discussed in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the Plan's assets measured at fair value as of December 31, 2018 and 2017:

Fair Value Measurements at December 31, 2018 Using				
Assets Measured at Fair Value	Total	Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 2,434,408	\$ 2,434,408	\$ —	\$ —
Total Assets in the Fair Value Hierarchy	2,434,408	2,434,408	—	—
Common/Collective Trust Fund (a)	51,338	N/A	N/A	N/A
Total Investments, at Fair Value	\$ 2,485,746	\$ 2,434,408	\$ —	\$ —

Fair Value Measurements at December 31, 2017 Using				
Assets Measured at Fair Value	Total	Quoted Prices in Active Markets for Identical Assets or Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 996,505	\$ 996,505	\$ —	\$ —
Total Assets in the Fair Value Hierarchy	996,505	996,505	—	—
Common/Collective Trust Fund (a)	4,721	N/A	N/A	N/A
Total Investments, at Fair Value	\$ 1,001,226	\$ 996,505	\$ —	\$ —

(a) In accordance with ASC 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

In accordance with the fair value measurements and disclosure guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair value of which are estimated using the net asset value per share, as of December 31, 2018 and 2017:

	As of December 31, 2018	As of December 31, 2017	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund (b)	\$ 51,338	\$ 4,721	Daily	Daily

(b) Funds in this category invest in conventional and synthetic investment contracts issued by insurance companies. Individual assets of the conventional and synthetic investment contracts include domestic and foreign fixed income securities and investments in investment companies or collective investment trusts.

4. Related-Party Transactions

The Plan invests in shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc. ("FIIOC"). FIIOC acts as Custodian for the Plan and is related to the Plan's Trustee, Fidelity Management Trust Company. The Company provides the Plan with certain accounting and administrative services for which no fees are charged.

As of December 31, 2018 and 2017, the fair value of the Fidelity investments was \$359,761 and \$169,775, respectively. Administrative fees paid by the Plan to Fidelity amounted to \$26,079 and \$7,939 for the years ended December 31, 2018 and 2017. Other administrative fees were paid directly by the Company during 2018 and 2017. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. Tax Status of Plan

The Plan received a favorable determination letter from the Internal Revenue Service dated July 17, 2018. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740 "Income Taxes" prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have a material impact on the Plan's financial statements.

The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2018 and 2017.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Grace anticipates that the Plan will continue indefinitely, but reserves the right to amend or discontinue contributions at any time. The Plan may be terminated at any time with the approval of Grace's Board of Directors. In the event the Plan terminates, the rights of all participants and inactive participants shall be fully vested and nonforfeitable; and participants would receive the value of their account balances at the time of distribution in accordance with the Plan and ERISA.
