THE RESPONSE GROUP, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of The Response Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of TRG The Response Group LLC dba The Response Group (the "Company"), except employees covered by a collective bargaining agreement. Eligible employees may become participants following the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan of a minimum of 1% and up to 87% of eligible compensation, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows rollover contributions. Participants may designate all or a portion of their salary deferral contributions as Roth salary deferrals.

The Company will make a safe harbor nonelective contribution equal to 3% of eligible participants' compensation each payroll period within the plan year. Safe harbor nonelective contributions are allocated to all eligible participants during the plan year, whether or not they were participants on the last day of the plan year. The Company may also make discretionary matching contributions equal to a discretionary percentage of each participant's pre-tax contributions including catch-up contributions. The Company made no discretionary matching contributions in 2018. The Plan is participant-directed. Participants may change their contribution rates and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their salary deferral contributions, rollover contributions, their share of the Company's safe harbor nonelective contributions, and the appreciation or depreciation thereon. Vesting in the Company's discretionary matching contributions plus earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service. A participant shall be immediately vested upon death, retirement, or total and permanent disability.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Forfeited Accounts

Forfeitures result from a participant's non-vested Company contributions and shall be used to reduce future Company discretionary matching contributions or to offset Plan expenses. There was no significant forfeitures balance at December 31, 2018 and 2017. No forfeitures were used in 2018 to offset Plan expenses.

Payment of Benefits

Normal retirement age under the Plan is 65. Participants with a rollover contribution may receive a distribution at any time, limited to the total of their rollover contribution and related earnings. Upon a participant's termination, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for hardship and in-service withdrawals from a participant's vested pre-tax or Roth deferral account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of the lesser of $50,000 or 50% of their vested balance. The notes bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the note plus accrued interest. Principal and interest are paid ratably through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. Participants may only have one note outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time. Upon termination, participants will become 100% vested and will receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. At December 31, 2018 and 2017, no allowance was considered necessary by management.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Virtually all expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other investment-related expenses are included in net depreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts: Valued at account unit value (AUV) by American General Life Insurance Company based on the units held at year-end reflecting the closing price reported on the applicable active market on which the underlying investments are traded. Underlying investments are primarily composed of stocks, bonds, and mutual funds that are priced in an active market. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported AUV with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the pooled separate accounts.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2018 or 2017.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		$3,940,069		$3,940,069
Total investments at fair value		$3,940,069		$3,940,069

	December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts		$4,080,736		$4,080,736
Total investments at fair value		$4,080,736		$4,080,736

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2018, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

NOTE 5 - TAX STATUS

The Plan has adopted a non-standardized prototype plan, which obtained its latest opinion letter dated July 8, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2018	2017
Net assets available for benefits per the financial statements	$4,011,464	$4,151,674
Employer contributions receivable	(15,602)	(19,097)
Participant contributions receivable	(19,605)	(24,446)
Net assets available for benefits per the Form 5500	$3,976,257	$4,108,131

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

Change in net assets available for benefits per the financial statements	$(140,210)

Participant contributions receivable at December 31, 2017	24,446
Employer contributions receivable at December 31, 2018	(15,602)
Participant contributions receivable at December 31, 2018	(19,605)
Change in net assets available for benefits per the Form 5500	$(131,874)

NOTE 9 - NONEXEMPT TRANSACTIONS AND OPERATIONAL ERRORS

During 2018 and 2017, there were unintentional delays by the Company in submitting participant contributions and loan repayments in the aggregate amount of $23,978. The Company plans to compensate participants in 2019 for any lost earnings resulting from the delay in remitting these contributions and loan repayments.

When calculating the safe harbor nonelective contributions in 2018, the Company omitted employees who became eligible to participate in the Plan during 2018 but did not make participant contributions during the year. This is in violation of the terms of the Plan document, which requires safe harbor nonelective contributions to be allocated to all eligible participants during the plan year, whether or not they were participants on the last day of the plan year. The Company has determined the amount of the contributions erroneously omitted in 2018 to be approximately $10,000. The Company intends to correct this operational error as soon as possible in 2019 and compensate the employees affected.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.
