Report of Independent Auditors

To the Board of Trustees of
American Engineering & Development Corporation
401(k) Profit Sharing Plan
Hialeah Gardens, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Retirement Services, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

Report on Supplemental Information

The supplemental information, Schedule H, line 4i – schedule of assets (held at end of year) for the year ended December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMERICAN ENGINEERING & DEVELOPMENT CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

American Engineering & Development Corporation (the Company or Employer) sponsors the American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established effective May 1, 1987. The Plan is a defined contribution 401(k) savings and profit sharing plan covering all full-time employees of American Engineering & Development Corporation who have one year of service and are age twenty-one or older. An employee becomes eligible to participate on the entry date immediately following the date the employee completes the age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 25% of their pretax annual compensation within the limits prescribed by the Internal Revenue Service (the IRS). Additionally, participants may rollover amounts representing distributions from other qualified defined-benefit or contribution plans.

For the years ended December 31, 2018 and 2017, individual participants' contributions were limited to $18,500 and $18,000, respectively. On an annual basis and for each of the years ended December 31, 2018 and 2017, participants who are age 50 and older may also contribute an additional $6,000. Matching contributions of $454,171 and $269,483 were made for the years ended December 31, 2018 and 2017, respectively. Contributions are subject to certain limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of (a) the Employer's contributions and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures are used to reduce the Company's matching contributions and are accounted for as a component of employer contributions in the accompanying statements of changes in net assets available for benefits. During the years ended December 31, 2018 and 2017, forfeitures of approximately $57,000 and $9,000, respectively, were used to reduce the Company's matching contributions and Plan administrative expenses. Forfeitures available to reduce the Employer match or Plan administrative expenses at December 31, 2018 and 2017 were $5,042 and $9,092, respectively.

Allocation and vesting of benefits

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion on their account plus earnings or losses thereon is based on years of continuous service as listed below:

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits, continued

Years of Service	Percent Vested
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Notes receivable from participants

Plan participants may borrow from their accounts a minimum of $1,000 and up to the lesser of $50,000 or 50% of the value of their account balance. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence which may have terms of up to 15 years. The loans are secured by the balance in a participant's account and bear interest at a rate of 4.25% to 6.25%. Principal and interest are collected ratably through payroll deductions.

Payment of benefits

Benefits are recorded when paid. On termination, a participant's account balance is distributed if the vested value of the participant's account is $1,000 or less. If the balance exceeds $1,000, the participant may leave the balance in the Plan or request payment. On termination of service, the Plan provides that the form of payment shall be either a lump sum cash payment or direct rollover to another qualified plan. The Plan also allows hardship withdrawals in certain circumstances.

Plan administration

The Company is the Plan Sponsor and the Administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by SunTrust Retirement Services (the Trustee) as of and for the years ended December 31, 2018 and 2017. The Company's contributions are held and managed by the Trustee who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation polices utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Participant notes receivable are valued at their unpaid principal balance plus accrued interest which approximates fair value. Any delinquent notes receivable from participants are recorded as distributions. No allowance for credit losses has been recorded at December 31, 2018 and 2017.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Concentration of credit risk

The Trustee maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

Note 2 – Summary of Significant Accounting Policies, Continued

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017;
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018.

Following is a description of the valuation methodologies used for assets measured at fair value:

Collective investment trust – is a stable value fund that is composed primarily of fully benefit responsive investment contracts that are valued at the net asset value ("NAV") of units of the collective investment trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant directed transfers into a competing investment option must be held in a noncompeting investment option for a minimum of 90 days. If the Plan initiates a full redemption of the collective investment trust, the issuer reserves the right to require 12-months notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of December 31, 2018 and 2017.

Mutual funds – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2018 and 2017:

	Fair Value Measurements as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,348,523	$ -	$ -	$ 8,348,523
Collective trust fund*	-	-	-	1,324,822
Investments, at fair value	$ 8,348,523	$ -	$ -	$ 9,673,345

Note 4 – Fair Value Measurements, Continued

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,339,809	$ -	$ -	$ 8,339,809
Collective trust fund*	-	-	-	1,274,418
Investments, at fair value	$ 8,339,809	$ -	$ -	$ 9,614,227

* In accordance with Subtopic 820-10, certain investments that are measured at NAV per share are not classified in the fair value hierarchy. The fair value amounts presented in the table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Fair Value of Investments in Entities that use NAV Practical Expedient

The following table summarizes the investment measured at fair value based on NAV per share as of December 31:

Investment	2018	2017	Unfunded commitments	Redemption frequency	Redemption notice period
Columbia Trust Stable Income Fund	$ 1,324,822	$ 1,274,418	n/a	Daily	12 months

The Columbia Trust Stable Income Fund is composed primarily of fully benefit-responsive investment contracts and reports its NAV at both fair value and contract value. While Plan investments are presented at fair value in the statements of net assets available for benefits, contract value is the relevant measurement attribute for the portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Columbia Trust Stable Income Fund is presented at fair value in the accompanying financial statements.

Note 6 – Refunds Payable for Excess Contributions

For the years ended December 31, 2018 and 2017, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in the subsequent period.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 8 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan's investments include shares of a collective trust fund maintained by SunTrust Retirement Services which also serves as the Trustee. Therefore, related transactions qualify as party-in-interest.

Note 9 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 10 – Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits as shown on Form 5500 at December 31, 2018 and 2017 and for the years then ended with the amounts shown in the financial statements:
