1. PLAN DESCRIPTION

The following description of the Burke, Williams & Sorensen, LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain employees who are employed by Burke, Williams & Sorensen, LLP (the "Partnership" and the "Plan Sponsor"). Participation in the Plan begins on the first day of the Plan year or first day of the seventh month of the Plan year coinciding with or following the date on which the requirements are met. Participants must be employed on the last day of the Plan year and complete 1,000 hours of service during the Plan year to be eligible to receive discretionary Partnership profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Partnership also sponsors a retirement plan called the Burke, Williams & Sorensen, LLP Associate 401(k) Profit Sharing Plan (the "Associate Plan"). An employee who becomes ineligible for one plan but is eligible for the other plan may have their account balances transferred to the plan under which they are eligible. During the year ended December 31, 2018, there was a transfers of assets into this Plan in the amount of $168,733 from the Associates Plan.

Contributions - Each year, participants may contribute up to 100 percent of pretax compensation and Roth contributions, as defined in the Plan and subject to Internal Revenue Code ("IRC") provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary Partnership matching contributions and for the year ended December 31, 2018, the Partnership matched each participant's deferral at the rate of 25 percent up to one percent of annual compensation, as defined in the Plan. The Partnership matching contribution was $129,813 for the year ended December 31, 2018. The Plan also provides for discretionary profit sharing contributions. The Partnership made a profit sharing contribution of $683,606 for the year ended December 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Partnership matching contributions, as well as allocations of the Partnership's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts is based on years of service. Participants are vested in Partnership contributions over a two-year period, as defined in the Plan.

Forfeitures - Forfeitures of Partnership contributions may be used to pay Plan administrative expenses, reduce future Partnership contributions, or be reallocated to participants. No forfeitures were used during the year ended December 31, 2018. As of December 31, 2018 forfeitures of $12,926 are available for future use.

Payment of Benefits - When eligible, participants may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as permitted under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Great-West Trust Company, LLC (the "Trustee" and "Great-West").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent qualified public accountants may be paid by the Plan. Administrative expenses not paid by the Partnership are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Plan Expense Agreement between the Company and the Great-West. Great-West is required to make monthly contributions to the Plan Expense Account ("PEA") in an amount equal to 0.005 percent of the Plan's assets plus $1,250 (0.06 percent plus $15,000 annually). The funds in the PEA may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants as earnings or contributions. The net depreciation of investments is reflected net of these contributions. During the year ended December 31, 2018, Great-West contributed $28,621 to the PEA, of which $26,121 was used to pay Plan administrative expense. As of December 31, 2018, $2,515 is available for future use.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Self-directed brokerage accounts - Accounts primarily consist common stocks, which are valued at the closing price reported on the active market on which the individual securities are traded, and mutual funds that are valued on the basis of readily determinable market prices and therefore classified as Level 1 within the valuation hierarchy.

All of the Plan's investments are Level 1 and the following table sets forth the Plan's investments at fair value:

As of December 31,		**2018**		**2017**
Mutual funds	$	23,606,858	$	19,927,515
Self-directed brokerage accounts		69,828		-
Total investments at fair value	$	23,676,686	$	19,927,515

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under such election, the following information was certified by the Trustee was not subjected to any auditing procedures performed by the independent qualified public accountants:

a. Investments, at fair value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net depreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Investments and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

5. PLAN TERMINATION

The Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Partnership contributions.

6. TAX STATUS

The Partnership adopted a prototype plan which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are held managed by the Trustee. Transactions with the Trustee and their affiliates qualify as party-in-interest transactions for which an exemption exists. Great-West and its affiliates received investment management and recordkeeping fees of $39,554 and received indirect compensation based on a formula. The Plan's third party administrator received direct compensation of $16,921. The Plan's investment advisor received direct compensation $12,500. The Plan's broker received direct compensation of $104 and received indirect compensation based on a formula.

8. SUBSEQUENT EVENTS

The Partnership has evaluated subsequent events through October 10, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
