THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A – DESCRIPTION OF THE PLAN

The following description of The Village Network 403(B) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Village Network (the "Company") established the plan effective April 1, 1995 and has been amended on various dates. The Plan is a contributory tax deferred plan established under section 403(B) of the Internal Revenue code and covers all full-time and part-time employees of The Village Network who normally work 20 or more hours per week and have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year The Village Network matches the contributions of each of its participating employees. The match is 50% of a qualified participant's elective deferral up to 7% of his/her compensation for non-union employees and up to 4% for union employees. Non-elective contributions are made by the Company as follows: a fixed amount of 5% of each participant's compensation, per plan year; an additional amount that the Employer in its sole discretion may determine. Participating employees make contributions to the Plan according to their written wage reduction agreement not to exceed the maximum amount allowed by the IRS. Contributions are subject to certain limitations. The Company withholds & remits to the trustee bi-weekly contributions in an amount in accordance with the participant's written wage reduction agreement.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures are all allocated first to plan expenses, then to fixed non-elective contributions and last to fixed matching contributions. During the years ended December 31, 2018 and 2017, terminated non-vested participants forfeited \$20,877 and \$37,410 respectively, in Company contributions. The Company used forfeitures of \$41,518 and \$7,814 in 2018, and \$41,454 and 10,187 of the forfeitures in 2017 to reduce Company contributions and plan expenses, respectively.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Update

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. Part II is to be applied retrospectively.

Method of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. Specifically, benefits are recorded when incurred, and contributions are recorded when withheld from payroll or when declared for Company contributions.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are held by contract with insurance companies and are valued at current market value (Note C). Marketable securities are stated at fair value. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Administrative Costs

Trustee fees and other costs of administering the Plan are paid by the Company. Certain administrative and clerical functions are performed by Company employees at no charge to the Plan.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan has entered into an investment contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintain the contributions in pooled accounts. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses charged by Nationwide Life Insurance Company. The contracts are included in the financial statements at fair value, which approximates contract value, as reported to the Plan by Nationwide Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses. During the year, the Plan terminated this contract.

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The plan has entered into investment contracts with Lincoln National Life Insurance Company and CMFG Life Insurance Company. These contracts meet the fully-benefit responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participants withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer. The credit rate is reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan's account manager.

The issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$5,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, The Village Network, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

NOTE F – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Lincoln National Life Insurance Company, Nationwide Life Insurance Company, and Matrix Trust Company. Lincoln National Life Insurance Company, Matrix Trust Company, and Nationwide Life Insurance Company are the trustees as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

NOTE H – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable inputs for the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A – DESCRIPTION OF THE PLAN

The following description of The Village Network 403(B) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Village Network (the "Company") established the plan effective April 1, 1995 and has been amended on various dates. The Plan is a contributory tax deferred plan established under section 403(B) of the Internal Revenue code and covers all full-time and part-time employees of The Village Network who normally work 20 or more hours per week and have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year The Village Network matches the contributions of each of its participating employees. The match is 50% of a qualified participant's elective deferral up to 7% of his/her compensation for non-union employees and up to 4% for union employees. Non-elective contributions are made by the Company as follows: a fixed amount of 5% of each participant's compensation, per plan year; an additional amount that the Employer in its sole discretion may determine. Participating employees make contributions to the Plan according to their written wage reduction agreement not to exceed the maximum amount allowed by the IRS. Contributions are subject to certain limitations. The Company withholds & remits to the trustee bi-weekly contributions in an amount in accordance with the participant's written wage reduction agreement.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeitures are all allocated first to plan expenses, then to fixed non-elective contributions and last to fixed matching contributions. During the years ended December 31, 2018 and 2017, terminated non-vested participants forfeited \$20,877 and \$37,410 respectively, in Company contributions. The Company used forfeitures of \$41,518 and \$7,814 in 2018, and \$41,454 and 10,187 of the forfeitures in 2017 to reduce Company contributions and plan expenses, respectively.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Update

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. Part II is to be applied retrospectively.

Method of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. Specifically, benefits are recorded when incurred, and contributions are recorded when withheld from payroll or when declared for Company contributions.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are held by contract with insurance companies and are valued at current market value (Note C). Marketable securities are stated at fair value. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Administrative Costs

Trustee fees and other costs of administering the Plan are paid by the Company. Certain administrative and clerical functions are performed by Company employees at no charge to the Plan.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan has entered into an investment contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintain the contributions in pooled accounts. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses charged by Nationwide Life Insurance Company. The contracts are included in the financial statements at fair value, which approximates contract value, as reported to the Plan by Nationwide Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses. During the year, the Plan terminated this contract.

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The plan has entered into investment contracts with Lincoln National Life Insurance Company and CMFG Life Insurance Company. These contracts meet the fully-benefit responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure

THE VILLAGE NETWORK 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE D – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participants withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer. The credit rate is reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan's account manager.

The issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$5,000, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, The Village Network, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

NOTE F – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Lincoln National Life Insurance Company, Nationwide Life Insurance Company, and Matrix Trust Company. Lincoln National Life Insurance Company, Matrix Trust Company, and Nationwide Life Insurance Company are the trustees as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

NOTE H – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable inputs for the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Transfers Between Levels

For years ended December 31, 2018 and 2017, there were no transfers between Levels 1 and Level 2 and no transfers in or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Level 1 Fair Value Measurements

The fair values of common stock, corporate bonds, and U.S. government securities available are based on quoted market prices, when available.

NOTE H – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Fair Value Measurement

The guaranteed investment contracts with insurance companies are not actively traded however significant other observable inputs are available. Thus, the fair value of the guaranteed investment contracts are derived from the contract provisions and contract value is held as fair value.

NOTE J – TAX STATUS

The Internal Revenue Service has determined by letter dated March 31, 2008 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE K – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2019 the date on which the financial statements were available to be issued. No events occurred that would require adjustments to, or disclosures in the financial statements.
