Independent Auditor's Report

To the Plan Administrator
MAHLE 401(k) Asset Accumulation Plan

Report on the Financial Statements

We were engaged to audit the accompanying modified cash basis financial statements of MAHLE 401(k) Asset Accumulation Plan (the "Plan"), which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017 and the related statement of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the modified cash basis financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2018 and 2017 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

Note 2 to the financial statements describes the modified cash basis of accounting used in the preparation of the accompanying financial statements and supplemental schedule, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

MAHLE 401(k) Asset Accumulation Plan

Other Matter

The modified cash basis supplemental schedule of assets held at end of year as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of MAHLE 401(k) Asset Accumulation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution employee benefit plan established by MAHLE Industries, Incorporated under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), including a qualified cash or deferred arrangement, as described in Section 401(k), for the benefit of eligible employees of MAHLE Industries, Incorporated and related employers (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All eligible noncollectively bargained employees of the Company who have completed 21 days of service are eligible to participate in the Plan. Employees are automatically enrolled in the Plan once they have attained 21 days of service.

Contributions

The Plan provides for employee deferral contributions up to a maximum of 75 percent of eligible compensation, subject to maximum tax-deferred limitations established by the Internal Revenue Code. If automatically enrolled, a participant's deferral is set at 6 percent of eligible compensation and increased by 1 percent annually, not to exceed 10 percent of eligible compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor employer matching contributions of 100 percent of each participant's contributions, up to 3 percent of eligible compensation and 50 percent of the next 3 percent of compensation. All contributions are subject to limitations of the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participant contributions, employer matching contributions prior to January 1, 2014, and related earnings are fully vested at all times and are not subject to forfeiture for any reason. Employees hired prior to January 1, 2014 are immediately 100 percent vested in any safe harbor matching contributions. Employees hired on or after January 1, 2014 will be subject to two-year cliff vesting for safe harbor matching contributions.

Benefit Payments

Upon termination of employment or disability, the participant or, in the case of death, beneficiaries can elect to receive the participant's account balance in a single lump sum, in various installments, or a combination of the two. In-service distributions can be received while a participant is still actively employed if the participant has either reached age 59½ or experienced a hardship.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, nonvested amounts are forfeited. Forfeitures are first used to pay plan expenses and then to reduce future company contributions.

Participant Notes Receivable

Participants may borrow the lesser of $50,000 minus the participant's highest outstanding loan balance during the preceding 12 months or 50 percent of their account balances, with a minimum loan amount of $1,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are investment funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Revenue is recognized when cash is received, expenses are recognized when paid, and investments are recognized at fair value. On a GAAP basis of accounting, revenue would be recognized when earned and expenses recognized when obligations are incurred.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The fully benefit-responsive investment contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at unpaid principal balances. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expense

Certain administrative costs may be paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require that certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan measures mutual funds and self-directed brokerage account investments at fair value on a recurring basis. The fair value of mutual funds and self-directed brokerage account investments is based on Level 1 inputs, as described above.

Note 5 - Investment Contract

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains plan contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Under the contracts, a crediting rate is established on a quarterly basis or for a three- or six-month period of time (a "Rate Period"), and all assets invested in the contract are credited with that rate. At the expiration of each Rate Period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risks for the assets supporting the contract. MassMutual resets interest crediting rates quarterly or semiannually. When establishing interest crediting rates for this product, MassMutual considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within MassMutual's general account. The minimum crediting rates as of December 31, 2018 and 2017 were 0 percent.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Independent Auditor's Report

To the Plan Administrator
MAHLE 401(k) Asset Accumulation Plan

Report on the Financial Statements

We were engaged to audit the accompanying modified cash basis financial statements of MAHLE 401(k) Asset Accumulation Plan (the "Plan"), which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017 and the related statement of changes in net assets available for benefits - modified cash basis for the years then ended, and the related notes to the modified cash basis financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2018 and 2017 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

Note 2 to the financial statements describes the modified cash basis of accounting used in the preparation of the accompanying financial statements and supplemental schedule, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The modified cash basis supplemental schedule of assets held at end of year as of December 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of MAHLE 401(k) Asset Accumulation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution employee benefit plan established by MAHLE Industries, Incorporated under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"), including a qualified cash or deferred arrangement, as described in Section 401(k), for the benefit of eligible employees of MAHLE Industries, Incorporated and related employers (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All eligible noncollectively bargained employees of the Company who have completed 21 days of service are eligible to participate in the Plan. Employees are automatically enrolled in the Plan once they have attained 21 days of service.

Contributions

The Plan provides for employee deferral contributions up to a maximum of 75 percent of eligible compensation, subject to maximum tax-deferred limitations established by the Internal Revenue Code. If automatically enrolled, a participant's deferral is set at 6 percent of eligible compensation and increased by 1 percent annually, not to exceed 10 percent of eligible compensation. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor employer matching contributions of 100 percent of each participant's contributions, up to 3 percent of eligible compensation and 50 percent of the next 3 percent of compensation. All contributions are subject to limitations of the Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participant contributions, employer matching contributions prior to January 1, 2014, and related earnings are fully vested at all times and are not subject to forfeiture for any reason. Employees hired prior to January 1, 2014 are immediately 100 percent vested in any safe harbor matching contributions. Employees hired on or after January 1, 2014 will be subject to two-year cliff vesting for safe harbor matching contributions.

Benefit Payments

Upon termination of employment or disability, the participant or, in the case of death, beneficiaries can elect to receive the participant's account balance in a single lump sum, in various installments, or a combination of the two. In-service distributions can be received while a participant is still actively employed if the participant has either reached age 59½ or experienced a hardship.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, nonvested amounts are forfeited. Forfeitures are first used to pay plan expenses and then to reduce future company contributions.

Participant Notes Receivable

Participants may borrow the lesser of $50,000 minus the participant's highest outstanding loan balance during the preceding 12 months or 50 percent of their account balances, with a minimum loan amount of $1,000. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are investment funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Revenue is recognized when cash is received, expenses are recognized when paid, and investments are recognized at fair value. On a GAAP basis of accounting, revenue would be recognized when earned and expenses recognized when obligations are incurred.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The fully benefit-responsive investment contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at unpaid principal balances. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expense

Certain administrative costs may be paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require that certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan measures mutual funds and self-directed brokerage account investments at fair value on a recurring basis. The fair value of mutual funds and self-directed brokerage account investments is based on Level 1 inputs, as described above.

Note 5 - Investment Contract

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains plan contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Under the contracts, a crediting rate is established on a quarterly basis or for a three- or six-month period of time (a "Rate Period"), and all assets invested in the contract are credited with that rate. At the expiration of each Rate Period, a new crediting rate is declared. MassMutual assumes market, credit, and interest rate risks for the assets supporting the contract. MassMutual resets interest crediting rates quarterly or semiannually. When establishing interest crediting rates for this product, MassMutual considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within MassMutual's general account. The minimum crediting rates as of December 31, 2018 and 2017 were 0 percent.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.
