NOTES TO FINANCIAL STATEMENTS

Porter's Group 401(k) Plan

1 Description of Plan

The following description of the Porter's Group 401(k) Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began January 1, 2017, is a defined contribution plan covering all employees of Porter's Group, LLC ("Company") who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Prior to 2017, the Company was a participating employer in the ADP TotalSource Retirement Savings Plan (a multiple employer plan). The Company's participation in this plan was discontinued effective December 31, 2016. Participant balances were transferred into the Plan during 2017 in accordance with the discontinuance provisions of the ADP TotalSource Retirement Savings Plan.

Eligibility:

All employees of the Company, except union, leased and non-resident alien employees, age twenty-one and older are eligible after three months of service.

Contributions:

Employee Contributions - Participants may elect a portion of their compensation to be contributed to the Plan by the Company, up to the maximum allowed by law. Participants may make Roth 401(k) deferrals. Participants who are age 50 or over can elect catch up contributions.

Employer Matching Contributions - The Company may make contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the Plan year. For the 2018 and 2017 Plan years, the employer match was 50% of the first 6% of employee deferral amounts.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, earnings and losses thereon.

NOTES TO FINANCIAL STATEMENTS

Porter's Group 401(k) Plan

1 Description of Plan, Continued

Vesting:

All participants are 100% vested in elective deferrals, qualified non-elective contributions and rollover contributions made to the Plan. Participants are vested in employer matching contributions as follows:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

Forfeited non-vested accounts totaled \$21,611 and \$13,888 as of December 31, 2018 and 2017, respectively. During 2018, forfeitures were used to pay allowable administrative expenses.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

Loans are measured at their unpaid principal plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the Participant's account and bear interest at rates established by Voya Retirement Insurance and Annuity Company ("Voya"). Principal and interest are paid ratably through payroll deductions.

Other Plan Provisions:

Normal retirement age is 65. The Plan also provides for early payment of benefits after reaching age 59-1/2.

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account or installment payments. Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Porter's Group 401(k) Plan

1 Description of Plan, Continued

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Pooled separate accounts are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the guaranteed investment contract is based on actual contributions plus earnings, less participant withdrawals and administrative expenses. Guaranteed investment contracts, which are held in the general account of an insurance company guarantee the return of principal plus compounded interest earned over a period of time.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

The Plan will generally pay the expenses of Plan administration, however, some of the Plan administration expenses may be paid by the Company. Fees related to the administration of notes receivable from participants, qualified domestic relations orders ("QDRO"), and distributions are charged directly to the participant's account and are included in administrative expenses.

NOTES TO FINANCIAL STATEMENTS

Porter's Group 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in pooled separate accounts and a guaranteed interest contract holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 8, 2019, which is the date the financial statements were available to be issued.

3 Tax Status

The Plan adopted a prototype plan from the Voya Retirement Insurance and Annuity Company. On September 1, 2014, the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets
- * Quoted prices for identical or similar assets or liabilities in inactive markets
- * Inputs other than quoted prices that are observable for the asset or liability
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2018.

Pooled Separate Accounts:

The fair value of the pooled separate accounts is based on the net fair value of the underlying investments. The underlying investments include designated mutual funds or collective investment trusts, in some cases, which are valued daily at their net assets values ("NAV"). The NAV is calculated daily upon close of the New York Stock Exchange and is based on the fair values of the underlying securities. The Plan invests in shares of the pooled separate accounts and not directly in shares of the open-end mutual funds themselves. As such, they are classified in Level 2 of the valuation hierarchy.

Participant transactions (purchases and sales) may occur daily. The obligation to make benefit payments is the obligation of Voya, as deemed by the contract. To the extent benefits paid to contract owners exceed their account values, Voya will contribute additional funds.

NOTES TO FINANCIAL STATEMENTS

Porter's Group 401(k) Plan

4 Fair Value Measurements, Continued

Guaranteed Interest Contract (Fixed Fund):

The fair value of the guaranteed interest contract is based on the underlying assets of the contract, which are held in Voya's general account. The fair value is expressed in units. The guaranteed interest contract is not fully benefit-responsive and is classified in the Level 3 category of the valuation hierarchy. Participant transactions may occur daily, there are no liquidity provisions, and there are no restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.
