NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan

The following description of the H.I.G. Capital Management, LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which commenced on January 1, 2000, covering all eligible employees of H.I.G. Capital Management, LLC (the Plan sponsor) and is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA).

Participating Employers

The Plan's related participating employers are H.I.G. Capital Management, LLC; H.I.G. Atlanta, LLC; H.I.G. Boston, LLC; H.I.G. Chicago, LLC; H.I.G. New York, LLC; H.I.G. San Francisco, LLC; H.I.G. WhiteHorse Management, LLC; Kactus Capital Management, LLC; and Lalia Capital, LLC.

Eligibility

All non-excluded employees of the Plan sponsor are eligible to participate in the Plan. For purposes of determining eligibility, the Plan excludes from participation certain designated employees. Employees, who fall under any of the excluded employee categories, will not be eligible to participate in the Plan such as leased employees, interns, part-time, temporary and seasonal employees. In order to be eligible to participate in the Plan, employees must satisfy certain age and service conditions; the employee must be a minimum of twenty-one years of age and have completed 1,000 hours of service during the Plan year.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and certain individual retirement accounts (IRAs). In accordance with Internal Revenue Code (IRC), the maximum deferral of pretax earnings was $18,500 and $18,000 for years ended December 31, 2018 and 2017, respectively. The Plan sponsor may make discretionary matching contributions, however, the Plan sponsor elected not to make matching contributions during the years ended December 31, 2018 and December 31, 2017.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the Plan sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option are made to the participant's accounts based on the ratio of each participant's current account balance in each investment option to total participant's account balances in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is as follows:

Years of Service	Vested
Less than 3	-
3 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate based on the current market rate, as determined by the plan administrator , at the time of the loan application. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2018 and 2017, the interest rates on notes receivable from participants ranged from 4.25% to 6.25% and 4.25% to 5.25%, respectively. Notes receivable from participants were approximately $208,000 and $160,000 as of December 31, 2018 and 2017, respectively.

Payment of Benefits

Participant contributions and the vested portion of the Plan sponsor's matching contributions are available for distribution upon attainment of age 59½, death, disability, termination of employment or normal retirement age. If the participant's vested account balance was less than $1,000 at the date of the distribution, then that balance shall be distributed in a single lump-sum payment. If the participant's vested account balance was more than $1,000 at the date of the distribution, then the participant may delay the distribution until it is required by law to receive the distribution, however, the participant must consent to the distribution before it may be made.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits (Continued)

Contributions were also available for distribution in the form of a hardship withdrawal, subject to a $500 minimum amount.

In the event of death, the participant becomes 100% vested in all accounts.

If a participant becomes permanently disabled, the participant becomes 100% vested in all accounts. Permanently disabled is defined by the Plan as when a participant is eligible for disability benefits under the Social Security Act.

Forfeitures

Forfeitures of the non-vested account balances of participants are used to reduce employer contributions or administrative expenses. There were no forfeitures for year ended December 31, 2018. Forfeitures for year ended December 31, 2017 was approximately $900.

Administrative Expenses

Certain administrative and accounting functions are performed by the Plan sponsor's employees, who receive no compensation from the Plan. Administrative expenses, such as professional fees, may be paid by the Plan sponsor on behalf of the Plan, while others may be paid from Plan assets.

Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income and expenses are accrued on a daily basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

NOTE 2. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Fidelity Investment Institutional Operations Company, Inc. (Fidelity), the Trustee, held the Plan's investments as of December 31, 2018 and 2017. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the information reflected on the schedule of Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

Allocations among the underlying investments are participant directed. The accounts are credited with earnings on the underlying investments (principally mutual funds) and charged for Plan withdrawals and administrative expenses.

During the year ended December 31, 2018, the Plan's underlying investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by approximately $4,167,000. This was reported as net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 3. FAIR VALUE MEASUREMENT

GAAP provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used to measure fair value as of December 31, 2018 and 2017.

The following is a description of the valuation methods used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market: Considered short term investments. Valued at the floating net asset value of shares held by the Plan at year end.

The remainder of this page intentionally left blank.

NOTE 3. FAIR VALUE MEASUREMENT (Continued)

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,880,483	$ -	$ -	$ 34,880,483
Money market fund	1,712,223	-	-	1,712,223
	$ 36,592,706	$ -	$ -	$ 36,592,706

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,732,983	$ -	$ -	$ 32,732,983
Money market fund	1,364,714	-	-	1,364,714
	$ 34,097,697	$ -	$ -	$ 34,097,697

NOTE 4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Plan sponsor. No officer or employee receives compensation from the Plan for these services. The Plan's participating employers absorb virtually all of the Plan's administrative costs.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan made direct payments to service providers which were not covered by revenue sharing.

Certain Plan investments were shares of mutual funds managed by Fidelity; therefore, these transactions qualify as party-in-interest.

NOTE 5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

The remainder of this page intentionally left blank.

NOTE 6. TAX STATUS

The Plan obtained its latest determination letter on November 5, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions: however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2015.

NOTE 7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 7, 2019, the date the financial statements were available to be issued.
