Note A. Description of Plan

The following is a summary of certain provisions of the HealthComp, Inc. 401(k) Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that covers substantially all employees of HealthComp, Inc. (the "Company") as described by the Plan. There is a minimum age requirement of 18. The Plan became effective January 1, 1998. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may elect to contribute on a pre-tax basis from 1% up to 100% of their compensation subject to certain limitations of the Plan and the Internal Revenue Code. Effective March 1, 2015, the Plan was amended to allow for Roth 401(k) contributions. The Company has elected to make annual "safe harbor" contributions to the Plan equal to 3% of each participant's compensation for the Plan year. Effective January 1, 2017, the Plan was amended to allow for all employees hired subsequent to the effective date, automatic enrollment at 2% with an automatic increase of 2% per plan year so that the automatic deferral amount will not exceed 10%.

The Plan allows the Company to make annual elective profit sharing contributions using a formula as defined by the Plan. The profit sharing contribution was $-0- and $985 for 2018 and 2017, respectively.

Participant Accounts/Vesting – Participant and employer contributions are invested in various investment funds in proportions selected by each participant. Dividends, interest, and other income earned are reinvested by the fund managers in the fund for which such income was received. Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings and expenses based on account balances maintained or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are at all times 100% vested in their accounts.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may have no more than two loans outstanding at any time. The loans are secured by the balance in the participant's account and the loan interest rate, determined yearly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits – A participant or beneficiary upon severance of employment due to death, disability, termination, or retirement may elect to receive the current value of their account balance in the form of a lump-sum cash payment. In the case of a severe financial hardship, the Company, in its sole discretion, may direct distribution of the participant's elective and/or voluntary contributions. Additionally, the Plan stipulates that if a participant is terminated and has a vested balance below $5,000, he/she will receive an involuntary distribution. In October 2015, the Plan was amended to allow for in-service distributions. Participants are limited to one distribution during a given Plan year and the distribution must be greater than $1,000.

Note A. Description of Plan (Continued)

Termination Provisions – Although it has not expressed any intent to do so, the Company has the right, by action of the Board of Directors, to discontinue its contributions at any time and to terminate the Plan at any time, subject to provisions set forth in ERISA. In the event of termination of the Plan, any unallocated assets of the Plan should be allocated to participant accounts and distributed in accordance with the Plan document.

Note B. Summary of Significant Accounting Policies

Basis of Accounting – The Plan uses the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Investment assets are presented at fair value. Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. All other transactions are recorded using the cash method of accounting.

Benefit Payments – Benefit payments are recorded when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest and dividends are recorded when received.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative Expenses – Expenses of the Plan are paid by the Company or the Plan at the Company's discretion.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, October 9, 2019.

Note C. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company ("Transamerica") (the "Trustee") has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits (modified cash basis) at December 31, 2018 and 2017, the supplemental schedule of assets (held at the end of year) (modified cash basis) at December 31, 2018, the related investment activity reflected in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2018 and 2017, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note D. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value at December 31, 2018 and 2017:

- The investment in the common/collective trust fund is valued at its closing net asset value ("NAV"). The NAV is based primarily on observable inputs, the market value of the underlying investments, and is classified as Level 2.

- Registered investment companies: Valued at quoted closing market price reported in active markets for identical investments, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2017 to 2018. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the report date.

Note D. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Note E. Party-in-Interest Transactions

Fees paid to Transamerica for the years ended 2018 and 2017 were $2,049 and $1,940, respectively. Transamerica is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note F. Tax Status

The volume submitter document on which the Plan is based obtained its latest determination letter on September 30, 2014, in which the Internal Revenue Service stated that the document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since this date. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
