Attention: Audit Committee

This letter is to inform the Audit Committee of MB Financial, Inc. 401(k) Profit Sharing Plan (the Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2018, so that it can appropriately discharge its oversight responsibility and we comply with our professional responsibilities.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Respective Responsibilities of the Auditor and Management

Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated May 3, 2019. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated May 3, 2019, regarding the planned scope and timing of our audit and have discussed with you our identification of, and planned audit response to, significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates and Disclosures

In our meeting with you, we will discuss our views about the qualitative aspects of the Plan's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures.

Uncorrected Misstatements

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

Supplemental Schedule

With respect to the supplemental schedule accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to the financial statements as a whole.

Consultation With Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Other Matters

We discussed the filing requirements of the Plan with management and it was determined by management through the use of outside counsel, that an 11k was no longer required.

Management Representations

Attached is a copy of the management representation letter.

This representation letter is provided in connection with your audit of the financial statements of MB Financial, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017; the related statement of changes in net assets available for benefits for the year ended December 31, 2018; and the related notes to the financial statements.

We have determined that the Plan trustee, Vanguard Fiduciary Trust Company, qualifies to issue a certification of the Plan's asset activity under Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Vanguard Fiduciary Trust Company, the trustee, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

We confirm, to the best of our knowledge and belief, that as of October 10, 2019:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated May 3, 2019, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.
5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued at the NAV per unit held by the Plan at year end at quoted and published by the funds. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. Participant transactions may occur daily.

MB Financial, Inc. Common Stock: Valued at the closing price reported on the NASDAQ Stock Market.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

8. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.
9. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.
10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
11. We have no intention to terminate the Plan. In that regard, on May 21, 2018, Fifth Third Bancorp, an Ohio corporation ("Fifth Third"), and its wholly-owned subsidiary, Fifth Third Financial Corporation, an Ohio corporation, announced entering into an Agreement and Plan of Merger (the "Merger Agreement") with MB Financial, Inc. (the Company). The Merger Agreement provides that upon the terms and subject to the conditions set forth therein, the Company will merge with a subsidiary of Fifth Third. The merger was completed effective March 22, 2019. No change to benefits occurred as a result of the merger. Each share of MB Financial, Inc. common stock held in the Plan was converted into the right to receive (i) 1.45 shares of Fifth Third common stock, and (ii) \$5.54 in cash.
12. We have properly reported and disclosed amendments to the Plan instrument, if any.
13. We have no knowledge of any uncorrected misstatements in the financial statements.

Supplementary Information

14. With respect to supplemental schedule:
 - a. We acknowledge our responsibility for the presentation of such information.
 - b. We believe such information, including its form and content, is fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
 - c. The methods of measurement or presentation have not changed from those used in the prior period.
 - d. There are no underlying significant assumptions or interpretations regarding the measurement or presentation of such information.
 - e. We will only present the supplemental schedule together with the audited financial statements and auditor's report thereon and will not separate the supplementary information from the audited financial statements and auditor's report thereon in any document that contains such information.

Information Provided

15. We have provided you with:
 - a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters;

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the MB Financial, Inc. 401(k) Profit Sharing Plan (the "Plan"), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible full-time and part-time employees of MB Financial, Inc. (the "Company") and certain of its subsidiaries. Employees are eligible upon completion of three months of service and enter the Plan effective as of the first day of the month following meeting eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant accounts:

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of (a) Plan earnings and (b) the Company's profit sharing contributions, if any. Allocations are based on participant earnings or account balances, as defined. Each participant's account is charged an administrative expense. The administrative expense structure is based on a fixed fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions:

The Company contributes to the Plan from current or accumulated profits. In 2018, the Company contributed on behalf of each participant a matching contribution equal to 100% of each participant's deferral contribution up to the first 1% of the participant's eligible compensation and 50% of each participant's deferral contribution for the next 5% of the participant's eligible compensation, along with a profit sharing contribution of approximately 3.25% of eligible compensation. Company matching contributions are required by the Plan, while profit sharing contributions are discretionary.

Each participant may make tax deferred contributions of up to 75% of his or her compensation, as defined in the Plan. Participants may also make Roth contributions as allowed by the Plan. Participants may make rollover contributions to the Plan from prior employer plans. Contributions are subject to certain limitations. The Plan allows for automatic enrollment once a participant is eligible to make contributions to the Plan unless the participant elects not to contribute to the Plan. The automatic contribution percentage starts at 4% and increases 1% annually up to 7%. In addition, if a participant elects to contribute to the Plan, the participant's contribution election percentage increases 1% annually up to 7%. Both participant and Company contributions are subject to statutory limitations.

Vesting:

Participants are immediately vested in their contributions. Vesting in the Company matching contributions plus actual earnings thereon, if any, occurs after two years of credited service. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon, if any, is based on years of service, as defined. A participant is 100% vested in the Company's profit sharing contributions after six years of credited service, with 20% annual vesting starting after completion of two years of credited service.

Investment options:

Upon enrollment in the Plan, participants may direct their contributions, the Company's matching contributions, and the Company's profit sharing contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time. Participants are subject to the Company's insider trading restrictions when making changes to investments in MB Financial, Inc. common stock.

Notes receivable from participants:

Participants may borrow from their accounts, generally up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account. The interest rate is the Prime Rate as received by Vanguard from Reuters plus 1%. The procedure for determining the loan interest rate is subject to change at the discretion of the Plan Administrator. Interest rates on loans outstanding as of December 31, 2018 ranged from 3.50% to 9.25%. Principal and interest payments are required to be paid not less than quarterly.

Payment of benefits:

Upon retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installment payments. Upon termination, a participant may elect to receive a lump-sum amount or direct rollover into another plan equal to the vested value of his or her account or a split distribution between these two options or maintain the funds in the Plan. Additionally, the Plan allows for hardship withdrawals under specific situations outlined in the Plan document. In the case of a qualifying hardship withdrawal, the Administrator, at the election of the Participant, shall direct the trustee to distribute to any participant in any one plan year up to the lesser of 100% of the vested balance of any account of the participant, or the amount necessary to satisfy the immediate and heavy financial need of the participant or a beneficiary of the participant.

Benefits are recorded when paid.

Forfeitures:

Forfeited non-vested accounts shall be used to reinstate previously forfeited account balances for participants who left and later returned to the Company and reduce the contribution of the Company in the year in which such forfeitures occur. For the year ended December 31, 2018, the Company contributions remitted to the Plan in February 2019 were reduced by approximately \$350,000 from forfeited non-vested accounts.

Trustee and Recordkeeper:

The Plan custodian, recordkeeper and trustee is Vanguard Fiduciary Trust Company ("Vanguard").

Note 2. Significant Accounting Policies**Basis of accounting:**

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-23, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to Disclosure Requirements for Fair Value Measurement," which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. This new authoritative guidance is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay the adoption of additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of this new authoritative guidance is not expected to have a material impact on the financial statements.

Subsequent events:

The Plan Administrator evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued. Through that date, there were no events requiring recognition or disclosure other than the Plan of Merger, as described in Note 9.

Note 3. Information Certified or Provided by Vanguard

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Vanguard and furnished to the Plan Administrator. Vanguard is the trustee for the Plan. The Plan Administrator has obtained certifications from Vanguard that the information provided to the Plan Administrator by Vanguard related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets, at fair value:

	2018		2017
Shares of registered investment companies	\$ 343,984,328	\$	362,967,970
Common/collective trust	27,813,738		25,829,240
MB Financial, Inc. common stock	10,969,438		13,657,458
	<u>\$ 382,767,504</u>	\$	<u>402,454,668</u>

Vanguard also certified the completeness and accuracy of \$32,595,708 of net depreciation in fair value of investments and \$11,476,775 of interest and dividends related to the aforementioned investments for the year ended December 31, 2018.

Note 4. Related-Party Transactions

The Company provides certain administrative services to the Plan and is not reimbursed. Certain other administrative expenses are paid by the Company. These expenses are not material to the financial statements.

The Plan held 276,796 shares of MB Financial, Inc. common stock with a cost of \$7,318,530 and a fair value of \$10,969,438 at December 31, 2018. The Plan purchased approximately 27,309 shares of MB Financial, Inc. common stock at a cost of \$1,198,688 and sold approximately 57,284 shares for \$2,725,387 during the year ended December 31, 2018. The Plan held 306,771 shares of MB Financial, Inc. common stock with a cost of \$7,919,940 and a fair value of \$13,657,458 at December 31, 2017.

The Plan invests in certain registered investment companies and a common/collective trust managed by Vanguard. Vanguard is the trustee and custodian of the Plan's assets and therefore these transactions qualify as party-in-interest transactions. Total fees paid to Vanguard amounted to \$356,670 for the year ended December 31, 2018.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 6. Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value as it relates to financial assets and liabilities and to nonfinancial assets and liabilities measured at fair value on a recurring basis. That framework provides a three-level valuation hierarchy based upon observable and unobservable inputs, with preference given to observable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Observable inputs such as quoted prices for identical assets or liabilities;
Level 2	Observable inputs such as (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in markets that are not active and do not require significant adjustment based on unobservable inputs; or (iii) valuations based on pricing models, discounted cash flow methodologies or similar techniques where significant inputs (e.g. interest rates, yield curves, etc.) are derived principally from or corroborated by observable market data for substantially the full term of the assets or liabilities; and
Level 3	Unobservable inputs, including valuations based on pricing models, discounted cash flow methodologies or similar techniques where at least one significant model assumption or input is unobservable. Unobservable inputs are used to the extent that observable inputs are not available and reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities. Unobservable inputs are based on the best information available in the circumstances, which might include the Plan's own data.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Valued at the NAV per unit held by the Plan at year end as quoted and published by the fund. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and is the basis for current transactions. Participant transactions may occur daily.

MB Financial, Inc. Common Stock: Valued at the closing price reported on the NASDAQ Stock Market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels:

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers in or out of Levels 1, 2, or 3.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

Note 7. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 9, 2017, that the Plan is qualified and the trust established under the Plan is exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC. The Plan has been amended subsequent to the most recent amendment indicated in the determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS, state or local taxing authorities. No uncertain tax positions have been taken as of December 31, 2018. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.
