NOTE A - DESCRIPTION OF PLAN

The following description of the Group Management Services, Inc. ("Company") 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a multiple employer defined contribution plan with 401(k) provisions. The Plan covers substantially all employees of Group Management Services, Inc. and participating employers, as stipulated in each employers' adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute on a pre-tax or after tax basis up to 100 percent of their compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers to its participating employers an option to elect an auto-enrollment provision whereby all newly and previously eligible employee are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatic increases to a participant's elective contribution percentage may be elected for participating employers with or without an automatic enrollment feature. The initial percentage increases as of the beginning of the plan year. The annual increases are set at 1 percent not to exceed 10 percent. Participating employers may elect to provide a discretionary matching contribution equal to a percentage of compensation of its participants or a safe harbor contribution equal to 100 percent of participants' elective deferrals up to 3 percent of compensation, plus 50 percent of the participants' elective deferral up to 5 percent of compensation. Additional discretionary profit sharing contributions may be contributed annually as determined by the management of each participating employer. At times participating employers may contribute prevailing wage contributions for each eligible employee who performs services subject to the Service Contract Act, Davis-Bacon Act or similar Federal, State, or Municipal Prevailing Wage statute. The prevailing wage Contribution shall be an amount equal to the balance of the fringe benefit payment for health and welfare for each Eligible Employee (after deducting the cost of cash differential payments for the eligible employee) based on the hourly contribution rate for the eligible employee's employment classification, as provided by the participating employer. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN (continued)

Vesting. Participants are immediately vested in their deferral, rollover, employer prevailing wage and employer safe harbor contributions plus actual earnings thereon. A participant vests in the participating employer's contributions, and earnings thereon, based on each individual participating employer's adoption agreement.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is equal to the Federal prime rate in effect on the date a loan is made plus 1 percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to employment termination, death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Active participants may request hardship withdrawals from their elective deferral and employer matching and non-matching contributions, subject to plan provisions. Active participants may also, upon attainment of age 59 ½ request an in-service withdrawal.

Forfeited Accounts. At December 31, 2018 and 2017, forfeited non-vested accounts totaled \$125,106 and \$73,125 respectively. These accounts will be used first to pay plan expenses then used to reduce future employer contributions per the Plan document. During 2018 and 2017, \$50,435 and \$116,423, respectively, of forfeited accounts were used to reduce employer contributions and pay plan expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are reported as a liability with a corresponding reduction to contributions. The Plan distributed \$58,700 in excess contributions to the applicable participants prior to March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Reclassifications

Certain items in the 2017 financial statement presentation have been reclassified to conform to the 2018 presentation.

NOTE C – INVESTMENTS

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company (Transamerica), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at the end of the year); and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

NOTE D – FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measure. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan. Net asset value is based on the quoted market prices of the underlying investments, net of insurance company fees and expenses. The Plan's investments in pooled separate accounts have no restrictions on transfers or withdrawals from these accounts. The investments are valued daily.

Self-directed brokerage accounts: Accounts consist of various investments that are valued on the basis of readily determinable market prices.

Pooled separate accounts and self-directed brokerage accounts are all considered level 1 investments.

NOTE E – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Transamerica. The contract seeks to protect against loss of principal while providing returns in excess of money market funds and one year United States Treasury Bills. The assets contributed to this investment option are invested in the general account of Transamerica. The contract has no stated maturity. Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period.

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE E – GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (continued)

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and fees. Time restrictions on withdrawal may be imposed if the Plan were to cancel the contract; however, all permitted participant initiated transactions occur at contract value with no conditions, limits or restrictions. The Plan administrator does not believe there are any events probable of occurring that would limit the Plan's ability to transact at contract value with participants. There are no reserves against contract value for credit risk of the issuer or otherwise.

NOTE F – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments including shares of pooled separate accounts and the group annuity contract are managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in investment expenses. The Plan also pays recordkeeping fees to the custodian and audit fees to the plan auditor, which are included in administrative expenses. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE H - TAX STATUS

On July 7, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	<u>2018</u>	<u>2017</u>

NOTE K – NONEXEMPT TRANSACTIONS

During the years ended December 31, 2018 and 2017, participant contributions and loan repayments totaling \$1,423 and \$141 were withheld from participants' pay but were not remitted to the Plan's trust within the time frame required by the Department of Labor under the plan asset rules. This constituted a loan from the Plan to the plan sponsor for those periods. Lost earnings on the late remittances during the year ended December 31, 2018 will be remitted in 2019.

NOTE L – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued.
