1. Description of the Plan

The following description of the Sterling BV, Inc. 401(k) Plan (the Plan), formerly Sterling Food USA 401(k) Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all non-union employees of Sterling BV, Inc. and affiliated companies (the Employer) who are 21 years of age and have completed 6 months of service, with a minimum of 500 hours of employment, as of the last day of the Plan year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The affiliated companies include Buena Vista Foods Products, Inc. and The Caravan Trading Company.

Plan Amendments

The Plan was amended (Amendment #1) on March 29, 2016 to change the following: the plan sponsor's name from Sterling Foods USA to Sterling BV, Inc.; Buena Vista Food Products was rolled into Sterling BV, Inc. and ceased to be a participating employer; Caravan Trading Company changed its name to Caravan Foods II, Inc. The Plan was amended (Amendment #2) on November 11, 2016 to change to an automatic contribution arrangement. Eligible participants attend an informational meeting and are automatically enrolled with a 2% deferral percentage. The Plan was amended (Amendment #3) on November 11, 2016 to change the conditions of eligibility to include the same eligibility requirements for all contribution types.

Employee Contributions

Participants may elect to contribute up to 100% of their annual compensation, subject to Internal Revenue Service (IRS) limitations. Participant contributions may be designated as pretax or after tax Roth contributions, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

Employer contributions to the Plan consist of discretionary contributions and qualified nonelective contributions as approved by the Company's Board of Directors (the Board). Additional profit sharing amounts may be contributed at the option of the Company's Board. Contributions are subject to certain limitations. There were no employer contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions and actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching contributions have a five-year graded vesting period as follows:

Years of Service	Percent Vested
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Upon retirement, death or disability, the participant becomes 100% vested in Company contributions.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Loan terms range from one to five years. The notes bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator, currently 4.25% to 6.25%. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions as of December 31, 2018 and 2017 totaled $30,723 and $14,439, respectively. The Plan did not distribute the 2018 and 2017 excess contributions to the applicable participants by March 15 of the following year. The Plan Sponsor was subject to a 10% excise tax for the late refunding of excess contributions.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant may elect to receive a lump-sum amount, a direct rollover to an eligible retirement plan, installments over a specified period of time, or a combination of a lump-sum cash payment and a direct rollover to an eligible retirement plan. Upon termination of employment a participant may elect a lump sum distribution or rollover to an eligible retirement plan.

1. Description of the Plan (Continued)

Forfeitures

Forfeitures of non-vested account balances may be used to pay administrative expenses and to reduce employer contributions. Unallocated forfeiture accounts totaled $558 and $552 as of December 31, 2018 and 2017. There were no forfeitures applied in the reduction of employer matching or administrative expenses in 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses

Administrative expenses are generally paid by the Company. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transactions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Pooled separate accounts: The fair value of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The funds invest in underlying domestic and foreign equity, real asset and alternative investments, and fixed-income funds according to an asset allocation determined by the fund's manager. The pooled separate accounts provide for daily redemptions by the Plan at the reported net asset values per share, with no advance notice requirement.

3. Fair Value Measurements (Continued)

The following table presents the Plan's fair value hierarchy by asset class for those assets measured at fair value:

December 31, 2018	**Investment at Fair Value Measurements**	
Assets measured at NAV* - Pooled separate accounts	**$**	**1,695,754**
Total Investments, at fair value	**$**	**1,695,754**

December 31, 2017	Investment at Fair Value Measurements	
Assets measured at NAV* - Pooled separate accounts	$	1,710,908
Total Investments, at fair value	$	1,710,908

***** In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Holding Period
December 31, 2018				
Pooled separate accounts	**$1,695,754**	**N/A**	**Daily**	**None**
December 31, 2017				
Pooled separate accounts	$ 1,710,908	N/A	Daily	None

4. Fixed Income Contracts

The Plan offers a fully benefit responsive guaranteed investment contract with TransAmerica Life Insurance Company (TransAmerica) as an investment option to its participant's. The balance in the contract was $249,631 and $221,748 at December 31, 2018 and 2017, respectively. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 1.3% at December 31, 2018 and 2017. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. Fixed Income Contracts (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by the TransAmerica (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TransAmerica, except for comparing such information certified by TransAmerica to information included in the Plan's financial statements and supplemental schedule. TransAmerica has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2018**	2017

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Income Tax Status

The Employer adopted the Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) sponsored by Transamerica Retirement Solutions Corporation, which had previously received an opinion letter from the Internal Revenue Service dated March 31, 2014, that states that the Volume Submitter Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

10. Subsequent Events
