Section 401k Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, formerly Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN

The following description of the Diamond Paper Box Company, Inc. Section 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan containing both profit sharing and 401(k) components. Unless otherwise indicated, the Plan provisions are the same for both components. The Plan covers substantially all of the employees of Diamond Paper Box Company, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the Plan sponsor and Plan administrator and pays certain administrative expenses of the Plan. Certain employees of the Company serve as the trustees of the Plan. Voya Institutional Trust Company (Voya), formerly Voya Retirement Insurance and Annuity Company, is the custodian and third-party administrator of the Plan and provides record-keeping services for the Plan.

Eligibility

Employees are eligible to participate in the employee contribution and employer match portions of the 401(k) component of the Plan upon completion of thirty days of continuous service. Participants are eligible for profit sharing contributions upon completion of one year of service and attainment of age eighteen.

Contributions

Participants may make voluntary tax-deferred contributions to the Plan, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company may make matching contributions on a discretionary basis. During the 2018 and 2017 Plan years, the Company made matching contributions equal to 55% of each participant's contribution, up to a maximum of 4% of his or her compensation. The Company may also elect to make profit sharing contributions on a discretionary basis. There was no profit sharing contribution during 2018 or 2017.

Participant Accounts

Participants direct the investment of their contributions and company matching and profit sharing contributions into the various investment options offered by the Plan. Each participant's account is credited with his or her contributions, Company matching contributions and actual earnings and losses thereon. Profit sharing contributions, profit sharing earnings and losses, Plan expenses and forfeitures of non-vested account balances are allocated to each participant's account based on his or her compensation or account balance. Benefit payments are deducted directly from each participant's account.

Vesting

Participants are immediately vested in their contributions and company matching contributions and actual earnings and losses thereon. Profit sharing contributions vest 20% per year beginning upon completion of one year of service. Participants are fully vested upon completion of six years of service.

1. DESCRIPTION OF PLAN (Continued)

Investment Options
Upon enrollment in the Plan, participants may direct elective and non-elective contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount, in installments or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65.

In-Service Withdrawals
Participants may elect disbursement of all or part of their vested account balance upon the attainment of age 59 ½. Participants may also withdraw any of their rollover contribution balance at any time.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from elective deferral accounts. All hardship withdrawals must comply with specific rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Unless used to purchase a principal residence, participant loans are generally repaid over a period not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest at the date of the loan application. Principal and interest are paid ratably through payroll deductions.

Forfeitures
Forfeitures, including gains thereon, totaled $10,130 and $8,436 during 2018 and 2017, respectively. Forfeitures available totaled $7,761 and $120,965 at December 31, 2018 and 2017, respectively. These amounts can be used to pay administrative expenses or to reduce future employer contributions. During 2018, the Company applied $123,334 of forfeitures to reduce employer matching contributions. The Company did not apply any forfeitures toward plan expenses or employer matching contributions during 2017.

Plan Termination
While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are reported at fair value using the net asset value (NAV) per share practical expedient. Pooled separate accounts are valued based on the underlying fund's daily performance plus any applicable dividend income less the daily separate account charge. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by Voya. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurements - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board *Accounting Standards Codification 820* (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

Benefit Payments
Benefit payments are recorded when paid.

Administrative Expenses
The majority of administrative expenses of the Plan are paid by the Company.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Voya, the custodian, and is included in the accompanying financial statements and supplemental schedule at December 31:

	2018	2017
Investments, at fair value	$ 13,227,842	$ 15,475,169
Investments, at contract value	$ 4,593,136	$ 4,083,960
Investment (loss) income	$ (726,972)	$ 2,432,251
Schedule of Assets (Held at End of Year)	Schedule I (except "notes receivable from participants")	

4. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: valued at fair value using the NAV per share practical expedient. The pooled separate accounts are valued using Accumulation Unit Value (AUV). AUV represents the underlying fund's daily performance, plus any applicable dividend income, less the daily separate account charge. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investments include a traditional fully benefit-responsive investment contract with Voya under a guaranteed general account contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made, plus investment income, less funds used to pay retirement benefits and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts and a guaranteed investment contract managed by Voya, the custodian of the Plan. Therefore, transactions involving these securities qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Plan is designed from a prototype plan offered by Voya. The Internal Revenue Service has determined and informed Voya, by letter dated September 1, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 18,513,459	$ 20,167,025
Less: Loans deemed distributed, but not yet offset	(11,600)	-
Less: Current year receivable per financial statements	(11,801)	(34,543)
Net assets available for benefits per Form 5500	$ 18,490,058	$ 20,132,482

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the Plan's change in net assets available for benefits per the financial statements to the change in net assets available for benefits per Form 5500 for the years ended December 31:

	2018	2017
Change in net assets available for benefits, per the financial statements	$ (1,653,566)	$ 1,837,189
Add: Prior year receivable per financial statements	34,543	22,329
Less: Loans deemed distributed, but not yet offset	(11,600)	-
Less: Current year receivable per financial statements	(11,801)	(34,543)
Change in net assets available for benefits per Form 5500	$ (1,642,424)	$ 1,824,975

While total net assets available for benefits and the total change in net assets available for benefits reconcile between the financial statements and Form 5500 for 2018 and 2017, as illustrated above, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2019, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

October 8, 2019

To the Participants and Plan Administrator of the
Diamond Paper Box Company, Inc. Section 401k Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Diamond Paper Box Company, Inc. Section 401k Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, formerly Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF PLAN

The following description of the Diamond Paper Box Company, Inc. Section 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan containing both profit sharing and 401(k) components. Unless otherwise indicated, the Plan provisions are the same for both components. The Plan covers substantially all of the employees of Diamond Paper Box Company, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the Plan sponsor and Plan administrator and pays certain administrative expenses of the Plan. Certain employees of the Company serve as the trustees of the Plan. Voya Institutional Trust Company (Voya), formerly Voya Retirement Insurance and Annuity Company, is the custodian and third-party administrator of the Plan and provides record-keeping services for the Plan.

Eligibility

Employees are eligible to participate in the employee contribution and employer match portions of the 401(k) component of the Plan upon completion of thirty days of continuous service. Participants are eligible for profit sharing contributions upon completion of one year of service and attainment of age eighteen.

Contributions

Participants may make voluntary tax-deferred contributions to the Plan, subject to certain limitations under the terms of the Plan and the Internal Revenue Code (IRC). The Company may make matching contributions on a discretionary basis. During the 2018 and 2017 Plan years, the Company made matching contributions equal to 55% of each participant's contribution, up to a maximum of 4% of his or her compensation. The Company may also elect to make profit sharing contributions on a discretionary basis. There was no profit sharing contribution during 2018 or 2017.

Participant Accounts

Participants direct the investment of their contributions and company matching and profit sharing contributions into the various investment options offered by the Plan. Each participant's account is credited with his or her contributions, Company matching contributions and actual earnings and losses thereon. Profit sharing contributions, profit sharing earnings and losses, Plan expenses and forfeitures of non-vested account balances are allocated to each participant's account based on his or her compensation or account balance. Benefit payments are deducted directly from each participant's account.

Vesting

Participants are immediately vested in their contributions and company matching contributions and actual earnings and losses thereon. Profit sharing contributions vest 20% per year beginning upon completion of one year of service. Participants are fully vested upon completion of six years of service.

1. DESCRIPTION OF PLAN (Continued)

Investment Options
Upon enrollment in the Plan, participants may direct elective and non-elective contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Benefit Payments
The Plan provides for benefit payments upon termination of service due to death, disability or attainment of retirement age. Participants may elect disbursement of their vested account balance in either a lump-sum amount, in installments or direct rollover into an individual retirement account or another qualified plan. The normal retirement age is the date a participant reaches the age of 65.

In-Service Withdrawals
Participants may elect disbursement of all or part of their vested account balance upon the attainment of age 59 ½. Participants may also withdraw any of their rollover contribution balance at any time.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from elective deferral accounts. All hardship withdrawals must comply with specific rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Unless used to purchase a principal residence, participant loans are generally repaid over a period not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest at the date of the loan application. Principal and interest are paid ratably through payroll deductions.

Forfeitures
Forfeitures, including gains thereon, totaled $10,130 and $8,436 during 2018 and 2017, respectively. Forfeitures available totaled $7,761 and $120,965 at December 31, 2018 and 2017, respectively. These amounts can be used to pay administrative expenses or to reduce future employer contributions. During 2018, the Company applied $123,334 of forfeitures to reduce employer matching contributions. The Company did not apply any forfeitures toward plan expenses or employer matching contributions during 2017.

Plan Termination
While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are reported at fair value using the net asset value (NAV) per share practical expedient. Pooled separate accounts are valued based on the underlying fund's daily performance plus any applicable dividend income less the daily separate account charge. The Plan's investment in its guaranteed investment contract is a fully benefit-responsive investment contract reported at contract value as reported by Voya. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive investment contract.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the accompanying financial statements.

Fair Value Measurements - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. Financial Accounting Standards Board *Accounting Standards Codification 820* (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

Benefit Payments
Benefit payments are recorded when paid.

Administrative Expenses
The majority of administrative expenses of the Plan are paid by the Company.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Voya, the custodian, and is included in the accompanying financial statements and supplemental schedule at December 31:

	2018	2017
Investments, at fair value	$ 13,227,842	$ 15,475,169
Investments, at contract value	$ 4,593,136	$ 4,083,960
Investment (loss) income	$ (726,972)	$ 2,432,251
Schedule of Assets (Held at End of Year)	Schedule I (except "notes receivable from participants")	

4. FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: valued at fair value using the NAV per share practical expedient. The pooled separate accounts are valued using Accumulation Unit Value (AUV). AUV represents the underlying fund's daily performance, plus any applicable dividend income, less the daily separate account charge. The investment strategies of the pooled separate account funds are to invest in underlying funds with the goal of producing favorable long-term returns and growth, depending on the overall fund objectives. There are no restrictions on redemption of the pooled separate accounts. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investments include a traditional fully benefit-responsive investment contract with Voya under a guaranteed general account contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by Voya. Contract value represents contributions made, plus investment income, less funds used to pay retirement benefits and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value.

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments include pooled separate accounts and a guaranteed investment contract managed by Voya, the custodian of the Plan. Therefore, transactions involving these securities qualify as party-in-interest transactions. In addition, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Plan is designed from a prototype plan offered by Voya. The Internal Revenue Service has determined and informed Voya, by letter dated September 1, 2014, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not applied for its own determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 18,513,459	$ 20,167,025
Less: Loans deemed distributed, but not yet offset	(11,600)	-
Less: Current year receivable per financial statements	(11,801)	(34,543)
Net assets available for benefits per Form 5500	$ 18,490,058	$ 20,132,482

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of the Plan's change in net assets available for benefits per the financial statements to the change in net assets available for benefits per Form 5500 for the years ended December 31:

	2018	2017
Change in net assets available for benefits, per the financial statements	$ (1,653,566)	$ 1,837,189
Add: Prior year receivable per financial statements	34,543	22,329
Less: Loans deemed distributed, but not yet offset	(11,600)	-
Less: Current year receivable per financial statements	(11,801)	(34,543)
Change in net assets available for benefits per Form 5500	$ (1,642,424)	$ 1,824,975

While total net assets available for benefits and the total change in net assets available for benefits reconcile between the financial statements and Form 5500 for 2018 and 2017, as illustrated above, certain classifications differ between the financial statements and Form 5500.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2019, which is the date the financial statements were available to be issued.
