Board of Trustees
North American Roofing Services, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of North American Roofing Services, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis of Accounting
We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - 2017 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2017, were audited by other auditors whose report, dated September 28, 2018, did not express an opinion on the 2017 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2017 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter
The supplemental schedule of assets (held at year end) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the North American Roofing Services, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on May 1, 2000, covering substantially all employees of North American Roofing Services, Inc. (the Plan Sponsor or the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: All employees are eligible to contribute to the Plan upon reaching age 21. All employees are eligible for employer contributions upon reaching age 21 and achieving one year of service with 1,000 hours. Employees may enter the Plan immediately upon meeting the Plan's eligibility requirements.

Contributions: Participants may contribute any percentage of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover contribution.

The Company contributes a matching safe harbor contribution equal to 100% of participant contributions up to 3% of participant's eligible compensation, plus 50% of the amount of participant contributions that exceed 3% but do not exceed 5% of participant's eligible compensation. Additionally, the Company may elect to provide a discretionary matching contribution and/or a profit sharing contribution each plan year. The extent and amount of each year's contributions, if any, are at the discretion of the Board of Directors. Any profit sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Company did not make any discretionary match or profit sharing contributions during the 2018 plan year.

Participant accounts: Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and earnings or losses (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balances into various investment options offered by the Plan which are comprised of a self-directed option, target date fund options, a fully benefit responsive investment contract, and other mutual funds.

Vesting: Participants are immediately vested in their contributions and the employer's safe harbor nonelective contributions, plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution is subject to the following vesting provisions:

Years of service:	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: In accordance with Plan provisions, participant loans are disallowed.

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant or beneficiary is eligible to receive a lump-sum amount equal to the value of the participant's or beneficiary's vested interest in his or her account. Mandatory participant distributions greater than $1,000 are rolled over directly into an individual retirement account (IRA). Mandatory participant distributions less than $1,000 are distributed directly to the participant account balances greater than $5,000 are allowed to remain in the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures: Forfeitures from nonvested participant accounts may be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures included in net assets were $785 and $744 at December 31, 2018 and 2017, respectively. In 2018, $292 forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's accounts are maintained on a modified cash basis; therefore, the statements of net assets available for benefits and the statement of changes in net assets available for benefits reflect only cash received and disbursed. However, the Plan's investments have been adjusted to fair value as of December 31, 2108 and 2017. Receivables and payables and accrued contributions, investment income and expenses, which would be recognized under accounting principles generally accepted in the United States of America and which may be material in amount, are not recognized in the accompanying financial statements.

Use of estimates: The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contacts as contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees paid by the Plan include self-directed brokerage account fees, overdraft check fees, and certain other trustee and service provider fees which are directly deducted from the participant's accounts.

Note 2. Summary of Significant Accounting Policies (Continued)

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 provides modifications to disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, to enhance the effectiveness of disclosures in the notes to financial statements. These changes become effective for the Plan on January 1, 2020, although earlier application is permitted. Plan management is evaluating the new guidance and its impact, if any, on the accompanying financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustees

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee is complete and accurate related to the following assets and income. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31,	
	2018	2017
Investments, at fair value	$ 4,026,692	$ 3,731,645
Investments, at contract value - common/collective trust	247,439	241,687
Cash	144,674	292
Interest and dividend income	252,917	-
Net depreciation in fair value of investments	(603,577)	-

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priory to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments valued at the net asset value (NAV) as practical expedient are not classified within the fair value hierarchy.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments compromising the trust less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than reported at NAV.

Self-directed brokerage accounts: Plan investments held in the Fidelity BrokerageLink® may include mutual funds, common stock, and Fidelity and External unit investments which are classified as Level 1 assets. Level 2 assets generally consist of interest bearing and non-interest bearing cash, limited partnerships, and real estate investment trusts (REITs). The fair values of mutual funds and REITs are based on quoted prices in active markets. Cash is reported at carrying value which approximates fair value.

Note 4. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,962,959	$ -	$ -	$ 3,962,959
Self-directed brokerage account	183,705	24,702	-	208,407
Total assets in fair value hierarchy	$ 4,146,664	$ 24,702	$ -	$ 4,171,366

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,537,555	$ -	$ -	$ 3,537,555
Self-directed brokerage account	192,635	1,747	-	194,382
Total assets in fair value hierarchy	$ 3,730,190	$ 1,747	$ -	3,731,937

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availably of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfer in or out of Level 3.

Note 5. Related-Party Transactions

Certain Plan investments are managed and administrated by the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Expenses incurred by the Plan, including those of the Trustee in the performance of its duties and fees for its services, are shared by the Plan and the Sponsor. The administrative expense paid by the Plan to the Trustee were $3,072 for 2018. Certain employees of the Sponsor provide administrate services to the Plan without reimbursement for their services from the Plan.

Note 6. Common/Collective Trust, at Contract Value

The Plan invests in the Wells Fargo Stable Value Fund, which is a common/collective trust that is fully invested in the Wells Fargo Stable Value Fund M (the Fund) and sponsored by Wells Fargo Bank, N.A. totaling was $247,439 and $241,687 at December 31, 2018 and 2017, respectively. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract is deemed to be a fully benefit-responsive investment contract and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate the permitted transaction under the terms of the Plan. Contract value reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

Note 8. Tax Status

By a letter dated March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter Plan sponsored by Fidelity Management Trust Company, adopted by the Plan, effective March 1, 2017, qualifies under Section 401(a) of the Code. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2018 and 2017, the Plan had a concentration in individual investment funds greater than 10% in two funds at December 31, 2018 totaling $1,371,599 and two funds at December 31, 2017 of $1,354,134, as elected by participants.

North American Roofing Services, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of North American Roofing Services, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis of Accounting
We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - 2017 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2017, were audited by other auditors whose report, dated September 28, 2018, did not express an opinion on the 2017 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2017 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter
The supplemental schedule of assets (held at year end) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the North American Roofing Services, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on May 1, 2000, covering substantially all employees of North American Roofing Services, Inc. (the Plan Sponsor or the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: All employees are eligible to contribute to the Plan upon reaching age 21. All employees are eligible for employer contributions upon reaching age 21 and achieving one year of service with 1,000 hours. Employees may enter the Plan immediately upon meeting the Plan's eligibility requirements.

Contributions: Participants may contribute any percentage of pretax annual compensation as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) or designate all or a portion of elective deferrals as Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of a rollover contribution.

The Company contributes a matching safe harbor contribution equal to 100% of participant contributions up to 3% of participant's eligible compensation, plus 50% of the amount of participant contributions that exceed 3% but do not exceed 5% of participant's eligible compensation. Additionally, the Company may elect to provide a discretionary matching contribution and/or a profit sharing contribution each plan year. The extent and amount of each year's contributions, if any, are at the discretion of the Board of Directors. Any profit sharing contribution will be calculated based on the ratio each participant's compensation bears to the total of such compensation of all participants. The Company did not make any discretionary match or profit sharing contributions during the 2018 plan year.

Participant accounts: Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and earnings or losses (net of administrative expenses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their account balances into various investment options offered by the Plan which are comprised of a self-directed option, target date fund options, a fully benefit responsive investment contract, and other mutual funds.

Vesting: Participants are immediately vested in their contributions and the employer's safe harbor nonelective contributions, plus actual earnings or losses thereon. Vesting in the Company's discretionary contribution is subject to the following vesting provisions:

Years of service:	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Note 1. Description of Plan (Continued)

Notes receivable from participants: In accordance with Plan provisions, participant loans are disallowed.

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant or beneficiary is eligible to receive a lump-sum amount equal to the value of the participant's or beneficiary's vested interest in his or her account. Mandatory participant distributions greater than $1,000 are rolled over directly into an individual retirement account (IRA). Mandatory participant distributions less than $1,000 are distributed directly to the participant account balances greater than $5,000 are allowed to remain in the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures: Forfeitures from nonvested participant accounts may be used to reduce future employer contributions or to pay Plan administrative expenses. Forfeitures included in net assets were $785 and $744 at December 31, 2018 and 2017, respectively. In 2018, $292 forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan's accounts are maintained on a modified cash basis; therefore, the statements of net assets available for benefits and the statement of changes in net assets available for benefits reflect only cash received and disbursed. However, the Plan's investments have been adjusted to fair value as of December 31, 2108 and 2017. Receivables and payables and accrued contributions, investment income and expenses, which would be recognized under accounting principles generally accepted in the United States of America and which may be material in amount, are not recognized in the accompanying financial statements.

Use of estimates: The preparation of financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contacts as contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on a modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees paid by the Plan include self-directed brokerage account fees, overdraft check fees, and certain other trustee and service provider fees which are directly deducted from the participant's accounts.

Note 2. Summary of Significant Accounting Policies (Continued)

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 provides modifications to disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, to enhance the effectiveness of disclosures in the notes to financial statements. These changes become effective for the Plan on January 1, 2020, although earlier application is permitted. Plan management is evaluating the new guidance and its impact, if any, on the accompanying financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustees

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee is complete and accurate related to the following assets and income. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31,	
	2018	2017
Investments, at fair value	$ 4,026,692	$ 3,731,645
Investments, at contract value - common/collective trust	247,439	241,687
Cash	144,674	292
Interest and dividend income	252,917	-
Net depreciation in fair value of investments	(603,577)	-

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priory to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investments valued at the net asset value (NAV) as practical expedient are not classified within the fair value hierarchy.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments compromising the trust less its liabilities. This practical expedient is not used when it is determined to be probably that the fund will sell the investment for an amount different than reported at NAV.

Self-directed brokerage accounts: Plan investments held in the Fidelity BrokerageLink® may include mutual funds, common stock, and Fidelity and External unit investments which are classified as Level 1 assets. Level 2 assets generally consist of interest bearing and non-interest bearing cash, limited partnerships, and real estate investment trusts (REITs). The fair values of mutual funds and REITs are based on quoted prices in active markets. Cash is reported at carrying value which approximates fair value.

Note 4. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,962,959	$ -	$ -	$ 3,962,959
Self-directed brokerage account	183,705	24,702	-	208,407
Total assets in fair value hierarchy	$ 4,146,664	$ 24,702	$ -	$ 4,171,366

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,537,555	$ -	$ -	$ 3,537,555
Self-directed brokerage account	192,635	1,747	-	194,382
Total assets in fair value hierarchy	$ 3,730,190	$ 1,747	$ -	3,731,937

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availably of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfer in or out of Level 3.

Note 5. Related-Party Transactions

Certain Plan investments are managed and administrated by the Trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Expenses incurred by the Plan, including those of the Trustee in the performance of its duties and fees for its services, are shared by the Plan and the Sponsor. The administrative expense paid by the Plan to the Trustee were $3,072 for 2018. Certain employees of the Sponsor provide administrate services to the Plan without reimbursement for their services from the Plan.

Note 6. Common/Collective Trust, at Contract Value

The Plan invests in the Wells Fargo Stable Value Fund, which is a common/collective trust that is fully invested in the Wells Fargo Stable Value Fund M (the Fund) and sponsored by Wells Fargo Bank, N.A. totaling was $247,439 and $241,687 at December 31, 2018 and 2017, respectively. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract is deemed to be a fully benefit-responsive investment contract and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate the permitted transaction under the terms of the Plan. Contract value reported to the Plan by Wells Fargo, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Sponsor may determine.

Note 8. Tax Status

By a letter dated March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter Plan sponsored by Fidelity Management Trust Company, adopted by the Plan, effective March 1, 2017, qualifies under Section 401(a) of the Code. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2018 and 2017, the Plan had a concentration in individual investment funds greater than 10% in two funds at December 31, 2018 totaling $1,371,599 and two funds at December 31, 2017 of $1,354,134, as elected by participants.
