HOBAS PIPE USA, LP 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Hobas Pipe USA, LP 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1996, by Hobas Pipe USA, LP (the "Company" or "Employer") as a defined contribution 401(k) and profit-sharing plan.

The Plan has been amended and restated from time to time to incorporate all previous amendments and to comply with the most recent statutory and regulatory changes applicable to plans maintained under Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Effective October 1, 2017, the Plan was amended to change the eligibility service requirement from completion of six months of service to three months of service and to allow participants to receive withdrawals of a portion of their account, subject to certain limitations.

Effective September 1, 2018, the Plan was amended to allow participants the right to rollover an amount within the Plan, subject to certain limitations, to the participant's designated in-Plan Roth rollover contribution account.

The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Company serves as the Plan's administrator. TD Ameritrade Trust Company (the "Trustee") serves as the Plan's trustee and Retirement Horizons Inc. serves as the Plan's recordkeeper.

Eligibility

Effective October 1, 2017, all employees of the Company who have attained the age of 21 and completed three months of service, as defined in the Plan document, are eligible to participate in the Plan except (i) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining unless such agreement expressly provides for coverage in the Plan, and (ii) non-resident aliens who do not receive earned income from the Company which constitutes income from sources within the United States of America. Prior to October 1, 2017, all employees of the Company who attained the age of 21 and completed six months of service, as defined in the Plan document, were eligible to participate in the Plan, except as noted above.

Automatic Enrollment

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation, increased by 1% as of the first day of each subsequent Plan year until a rate of 6% is achieved, unless that employee affirmatively elects not to participate or elects a different deferral rate.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation not to exceed the limitation ($18,500 in 2018 and $18,000 in 2017)y set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions are limited to a maximum of $6,000 for both 2018 and 2017. Participants may also make rollover contributions from other qualified plans. Effective September 1, 2018, participants may rollover an amount within the Plan subject to certain limitations, to the participant's designated in-Plan Roth rollover contribution account, but only if, at the time such contribution is to be made, the Plan provides participants with the ability to make Roth elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. **Description of Plan, continued**

Contributions, continued

The Company may make discretionary matching contributions to eligible participants of the Plan. Such discretionary matching contributions may be limited to a specific dollar amount or any specific percentage of the participant's contributions, as determined by the Company. For the year ended December 31, 2018, the Company made discretionary matching contributions totaling $100,000.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's matching contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' accounts in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. A participant's account will be 100% vested upon death, disability, reaching the normal retirement age prior to the termination of employment, and upon retirement at the early retirement age, as defined in the Plan. When a participant's employment is terminated for any other reason, a participant's interest in Company discretionary matching contributions vest in accordance with the following schedule:

Years of Service	Percent Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000, reduced by the highest outstanding loan balance incurred by the participant during the twelve-month period ended on the day before the loan is made, or 50% of the vested portion of his or her account. Loan terms may range from one to five years or up to thirty years if such loan is for the purchase of a participant's primary residence. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2018 and 2017, interest rates on outstanding notes receivable from participants ranged from 4.25% to 6.50% and 4.25% to 5.50%, respectively.

Payment of Benefits

Upon termination of employment for any reason, a participant is entitled to receive a distribution of the total vested balance of his or her account. If the total vested account balance exceeds $1,000, the participant can elect to have his or her account balance distributed as follows: 1) lump sum payment; or 2) equal installments over a period that does not extend beyond the life of the participant and a designated beneficiary. Effective October 1, 2017, participants are permitted to make partial withdrawals from the vested portion of their account subject to a $1,000 minimum. If the total vested account balance does not exceed $1,000, the account balance will be distributed in a lump sum payment. Once age 59 ½ is attained, a participant may withdraw some or all of the vested amounts in his or her account. The Plan allows hardship withdrawals before age 59 ½ under certain circumstances, in accordance with the Plan document. Participants electing to take a hardship withdrawal are suspended from making contributions to the Plan for a six-month period.

Forfeitures

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon termination. Forfeitures may be used to pay administration expenses of the Plan, restore previously forfeited account balances, and/or reduce Company discretionary matching contributions as provided for in the Plan document. During 2018, forfeitures in the amount of $11,274 were used by the Plan to fund Employer discretionary matching contributions. At December 31, 2018 and 2017, forfeitures available for use were $2,110 and $10,814, respectively.

1. **Description of Plan, continued**

Administrative Expenses

The Plan's expenses are paid either by the Plan, or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. For the year ended December 31, 2018, the Company paid administrative expenses of $40,546 on behalf of the Plan.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Net Assets Available for Benefits and changes therein. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Shares in registered investment companies ("mutual funds") are valued based on quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. Money market funds are valued at amortized cost, which approximates fair value. The Plan's interest in the collective trust is valued based on the fair value of the collective trust's underlying investments held by the fund less its liabilities, as based on information reported by the Trustee using the audited financial statements of the collective trust at year-end.

Net depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on the trade date basis. Interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income on notes receivable from participants is recorded as earned. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded.

Benefit Payments

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in FASB Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*. The new standard is effective for Plan years beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Management does not expect the adoption of ASU No. 2018-13 to have a significant impact on the financial statements.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the assets and liabilities, the Plan generally uses the market approach which uses prices and other relevant data based on market transactions involving identical or comparable assets.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. **Fair Value Measurements, continued**

Collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,755,818	$ -	$ -	$ 9,755,818
Investments measured at NAV[(a)]				1,415,427
Total investments at fair value				$ 11,171,245

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,522,353	$ -	$ -	$ 11,522,353
Investments measured at NAV[(a)]				1,333,321
Total investments at fair value				$ 12,855,674

(a) In accordance with ASU No. 2015-07, *Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, investments that are measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2018 and 2017:

Investment	Fair Value December 31, 2018	Fair Value December 31, 2017	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Morley Stable Value Fund	$ 1,415,427	$ 1,333,321	N/A	Daily	30 Days

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their account balances.

6. Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are preapproved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The IRS has determined by a letter dated March 31, 2014 that the Plan, and related trust, are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is designed, and is correctly being presented, in compliance with the applicable requirement of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

The Plan invests in a non-interest-bearing cash account, which is managed by the Trustee, and issues notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Subsequent Events

Plan management has evaluated all subsequent events through October 11, 2019, which is the date the financial statements were available to be issued and has concluded that there are no significant events to be reported.
