ESSEX MORTGAGE 401(k) PLAN

Notes to Financial Statements
December 31, 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Essex Mortgage 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a non-standardized defined contribution profit sharing plan for the eligible employees of Data Mortgage, Inc. (the "Company") that does business as Essex Mortgage. The Plan has a pre-tax salary reduction provision as defined under Section 401 of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on February 1, 2018.

Participant Eligibility - The Company's employees over the age of 21 are eligible to participate in the Plan upon completion of three months of service.

Contributions - Participants may contribute a percentage of their pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified benefit plans. Participants direct the investment of all contributions to their account into various investment options offered by the Plan. The Company may also match participant contributions in an amount set by the Company which is determined and allocated at the end of the year. In addition, the Company, at its option, may contribute a portion of its current profits. Eligible participants must be employed on the last day of the Plan year to receive profit sharing contributions. For the year ended December 31, 2018, the Company elected not to contribute any matching contributions nor profit sharing contributions.

Participant Accounts - Participant accounts are credited with the participants' contributions and allocations of (a) the Company's profit sharing contributions, (b) the Company's matching contributions, and (c) Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting - Participants are immediately 100 percent vested in their own contributions plus actual earnings thereon. Vesting in the portion of their account from the Company's contributions is based on years of continuous service. A participant is 100% vested after six years of credited service. In addition, participants will become 100% vested upon attaining the age of 59 ½, death, or disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. The notes receivable are secured by the vested balance in the participant's account, and bear interest at rates that are commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity, or periodic installments over a period not to exceed certain prescribed life expectancy limits.

Forfeitures - At December 31, 2018, the Plan had $7 in forfeited non-vested accounts. During the year ended December 31, 2018, there were $8 of forfeitures used to pay for administrative expenses.

Administrative Expenses - Administrative expenses are paid by both the Plan and Plan sponsor.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation - The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting - The financial statements have been prepared under the accrual basis of accounting.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value, as reported by the custodian and have been certified complete and accurate by Ascensus Trust Company, the Plan's custodian (Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties - The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The Plan evaluated subsequent events through September 30, 2019, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Note 3 continued on the following page)

ESSEX MORTGAGE 401(k) PLAN

Notes to Financial Statements
(Continued)
December 31, 2018

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Interest-bearing cash: Consists of a money market fund and a contribution holding account. The investment objective for these funds is to seek as high a level of current income as is consistent with liquidity and stability of principal. The funds seek to preserve the value of investments at $1 per share.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Interest bearing cash	$ 47,127	$ --	$ --	$ 47,127

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2018.

- Net (depreciation) in fair value of investments, interest and dividends reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

NOTE 5 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be used to pay benefits in the general order of preference, as prescribed by ERISA and in conformity with the Plan's document. Additionally, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (a U.S. government agency) up to applicable limitations.

NOTE 6 - TAX STATUS

The Plan has been notified by the Internal Revenue Service that it constitutes a qualified employee benefit plan under the Internal Revenue Code and, as such, is exempt from income taxes. The Plan has been amended since the notification; however, the Plan Administrator does not anticipate that changes in the Plan after the date of the notification by the Internal Revenue Service will affect the qualified and tax-exempt status of the Plan.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
