The supplemental schedules are the responsibility of the Plan's management. Because of the significance of these matters described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

NOTES TO FINANCIAL STATEMENTS

**AS OF DECEMBER 31, 2018 AND 2017 AND
FOR THE YEAR ENDED DECEMBER 31, 2018**

1. Description of Plan

The WE Transport, Inc. Union 401(k) Plan (the "Plan") is a 401(k) Plan for WE Transport, Inc.; WE Transport (NY) LLC; Towne Bus Corp; Towne Bus LLC; WE Transport, LLC (CT); WE Business Management, Inc.; Attendant, LLC and Van Trans, LLC (collectively, the "Company," the "Employer," or the "Plan Sponsor"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature covering all non-salaried employees of the Company who have one year of credited service (800 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as well as any provisions specific to union employees included in one of the Plan Sponsor's union agreements. Employees enter the Plan on the first day of the month following completion of the eligibility requirements. The assets of the Plan are maintained and transactions therein are executed by the Plan's Recordkeeper and Trustee, Wells Fargo Bank N.A. ("Wells Fargo", the "Trustee").

Contributions and Vesting

Each year participants may contribute 100% of eligible pretax compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute distributions from other qualified plans (rollovers). The Plan currently requires a Company match of 50% of eligible employee (as outlined in the the Plan document) contributions up to a maximum employer contribution of 3% of compensation. Eligibility for the match, which is paid quarterly, requires participants to attain a minimum of 3 years of service, 800 hours of service in the previous year and be actively employed at the end of the quarter to receive the match. Effective September 1, 2015 certain union members became eligible for match of 50% of their contribution up to a maximum employer contribution of 5% after 2 years of service and 800 hours of service in the previous year. Vesting for these participants is as follows: 20% after 2 years, 40% after 3 years, 66% after 4 years and fully vested after 5 years. All contributions are participant directed. All other participants are immediately vested in their contributions and all Company contributions plus actual earnings thereon.

One of the Plan Sponsor's union contracts requires the Company to make a 401(k) contribution (as outlined in the union contract) on behalf of each eligible participant covered under that union's agreement, whether or not the participant contributes to the Plan. To be eligible for the contribution, participants must have five years of credited service and work a five-day work week with a minimum of twenty hours per week.

1. Description of Plan (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate account is established for each participant. Each participant's account is credited with the participant's contribution based upon the participant's directed investment selection and allocations of (a) the Company's contribution and (b) investment earnings, and charged with any investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is limited to the value of the participant's account.

Investments

Participants direct the investment of their contributions and Employers' contributions made on their behalf into various investment options offered by the Plan. The participants instruct the Trustee directly as to the allocation of deposits among funds and transfers among funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans require repayment within 5 years, or up to 15 years if for the purchase of a primary residence. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate to be determined by the Plan Administrator based on interest rates charged on similar type loans. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments. At December 31, 2018, the loans bear interest at rates ranging from 4.25% to 6.25% with maturities through November 2023.

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants or their beneficiary, may elect to receive a lump-sum payment or installment payments over the life expectancy of the participant or the joint life expectancies of the participant and the participant's beneficiary. For termination of service due to other reasons, participants are entitled to the value of his or her account as a lump sum distribution. As of December 31, 2018 and 2017, all participants who had requested a distribution had been paid.

Forfeited Accounts

Forfeitures of matching contributions may be used to reduce employer contributions or pay administrative expenses under the Plan. During the year ended December 31, 2018, employers' contributions of \$172 were reduced by forfeitures.

AS OF DECEMBER 31, 2018 AND 2017 AND

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Consequently, certain contributions and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in conformity with modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measured date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when received. Cost of securities sold is determined by the specific identification method. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

2. Summary of Significant Accounting Policies (Continued)

Expenses of the Plan

Professional fees and other administrative expenses are paid by the Plan, unless paid by the Company. In 2018, \$84,560 of administrative expenses were paid to Wells Fargo by the Plan.

Contributions

Employer contributions are recorded in the period in which the Plan receives the funds from the employer and participant contributions are recorded in the period in which the employer withholds the funds from the participant.

Deemed Distributions

Deemed distributions are recorded when a participant ceases making repayments on a loan from the Plan for three months. These amounts are no longer included in net assets available for benefits.

Payments of Benefits

Benefits payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends ASC 820 to add, remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The Plan Administrator is currently evaluating the impact that this new guidance will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 11, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**AS OF DECEMBER 31, 2018 AND 2017 AND

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank N.A., the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net decline in the fair value of the investments, dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018;
- Investments reflected on the schedule of assets (held at end of year).

4. Fair Value Measurements

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

4. Fair Value Measurements (Continued)

- *Mutual funds*: Registered investment companies (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common/collective trust funds*: These funds are valued at the NAV of units of the common/collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

As of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,246,905	\$ 505,449	\$ -	\$ 2,752,354
Total assets in the fair value hierarchy	<u>\$ 2,246,905</u>	<u>\$ 505,449</u>	<u>\$ -</u>	
Investments measured at NAV practical expedient (1)				<u>8,561,954</u>
Investments at fair value				<u>\$ 11,314,308</u>

As of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,252,265	\$ 432,981	\$ -	\$ 2,685,246
Total assets in the fair value hierarchy	<u>\$ 2,252,265</u>	<u>\$ 432,981</u>	<u>\$ -</u>	
Investments measured at NAV practical expedient (1)				<u>7,971,533</u>
Investments at fair value				<u>\$ 10,656,779</u>

(1) In accordance with FASB Accounting Standards Codification ("ASC") Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2018:

	<u>Fair Value</u>	<u>2018 Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

Investment type				
Common/collective trusts	<u>\$ 7,971.533</u>	<u>\$ -</u>	Daily	Daily

5. Exempt Party-in-Interest

Certain Plan investments are shares of funds managed by Wells Fargo N.A., the Trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Additionally, certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan, without a charge to the Plan for such services. Notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter, dated March 31, 2014, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2015.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan document, to terminate the Plan upon notice in writing to the Trustee, subject to the provisions of ERISA.

8. Delinquent Participant Contributions

During the Plan years ended December 31, 2018 and 2017, the Plan Sponsor did not timely remit, according to the United States DOL regulations, \$527,619 and \$695,151, respectively, of participant contributions. The Employer has undertaken the necessary procedures to reimburse the affected participants for earnings lost due to the late contributions under the DOL's Voluntary Fiduciary Correction Program ("VFCP"). As of December 31, 2018, corrections for these lost earnings and interest thereon have not been restored to the participants' accounts. The DOL considers late deposits to be prohibited transactions. These amounts were corrected subsequent to December 31, 2018.
