NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Koam Engineering Systems, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement or the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering the employees of Koam Engineering Systems, Inc. (the Company), except for those employees whose compensation and conditions of employment are established by the terms of a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company are eligible to participate in the Plan upon date of hire as long as they have reached the age of 18.

Plan Administration: The Plan is administered by the Administrative Committee appointed by the Board of Directors of the Company. The custodian for the Plan is Nationwide Trust Company, FSB ("Custodian").

Contributions: Eligible employees may elect to defer a percentage of their pre-tax annual compensation as defined by the Plan. Participants may also make contributions to the Plan on an after-tax basis by designating deferrals as Roth deferrals. The maximum employee contribution permitted by the Internal Revenue Service (IRS) for 2018 and 2017 was $18,500 and $18,000, respectively. In addition, participants who had attained age 50 by year end could also make catch-up contributions of $6,000 for 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer contributions are both required and discretionary. The discretionary contribution is determined by the Board of Directors of the Company. For the year ended December 31, 2018 and 2017, no discretionary contributions were made. Under the 401(K) provisions of the Plan, the Company is required to make a Safe Harbor contribution in an amount not less than 3% of participant's compensation, up to the first $275,000 of wages, on behalf of each employee, whether or not they are contributing to the Plan.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and rollovers, any employer contributions and Plan earnings which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: For the salary deferrals and 401(K) Safe Harbor contributions, participants are immediately vested in their contributions plus actual earnings. With respect to discretionary contributions, vesting will be based on the years of service with 0% vested for less than two years and gradually building up to 100% vested after six or more years.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures: Forfeitures of non-vested plan assets are allocated first to administrative expenses and then are used to reduce any employer contributions. There were $1,505 and $0 in forfeitures used for 2018 and 2017 and there were $7,632 and $9,137 forfeitures available at December 31, 2018 and 2017, respectively.

Payment of Benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or they may take timely periodic distributions. For termination of service due to other reasons. a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the vested amount of a participant's account does not exceed $5,000, the vested balance can be distributed to an IRA without prior approval of the participant.

Hardship Distributions: Participants may request a distribution based on financial hardship subject to the provisions of the Plan. Certain earnings of the 401(k) and Roth contributions may not be eligible for hardship withdrawal. A participants 401(k) contributions will be suspended for six months after the receipt of the hardship distribution.

Plan Merger: The Trustees and Administrators from both KOAM Engineering Systems, Inc. Retirement Savings Plan and KOAM Engineering Systems, Inc. Retirement Savings Plan II deemed it in the best interest of the plan administration and the participants to merge the plans and to transfer all participant account balances in KOAM Engineering Systems, Inc. Retirement Savings Plan II to the KOAM Engineering Systems. Inc. Retirement Savings Plan. The merger of the plans and the transfer of assignment of account balances took place on January 1, 2017.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies. less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3. SUBSEQUENT EVENTS

The Plan Administrator has evaluated its December 31, 2018 and 2017 financial statements for subsequent events through October 10, 2019, the date of issuance of the financial statements. No material subsequent events were identified for recognition or disclosure.

NOTE 4. FAIR VALUE MEASUREMENTS

The fair value measurement topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy are described below:

- Level 1. Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2. Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

- *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$10,465,121	$ --	$ --	$10,465,121

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

	Assets at fair value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	$ 9,327,035	$ --	$ --	$ 9,327,035

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts 50% of their account balance not to exceed $50,000. Loans shall not exceed 5 years unless it is used to acquire a dwelling unit which will be used as the principal residence of the Participant. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates ranged from 3.25% to 5.25%. Principal and interest is paid ratably through monthly payroll deductions.

NOTE 6. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Custodian of the Plan certified certain information and that information was not audited in accordance with the Plan Administrator's instructions and as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. NOTE 7. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter 401(k) profit sharing plan, which received a favorable opinion letter on March 31, 2014 from the Internal Revenue Service stating that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan qualifies and the related trust is tax exempt.

NOTE 7. FEDERAL INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8. PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

At December 31, 2018 and 2017, there were no unpaid distributions included in accounts of participants who have elected to withdraw from participation in the Plan.

NOTE 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 10. PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2018 and 2017, certain Plan investments are invested in shares of mutual funds managed by Nationwide, the Plan's Custodian. Therefore, these transactions qualify as party-in-interest transactions under ERISA.
