1. DESCRIPTION OF THE PLAN

The following description of the Value Leasing Corp. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established for the purpose of providing retirement, death, and disability benefits for the employees of the Company. The Plan is a defined contribution plan covering all employees of the Company who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may make voluntary pre-tax contributions to the Plan provided that such contributions are limited up to 75% of their gross compensation for the Plan year, subject to certain limitations imposed by the Internal Revenue Code ("IRC"). IRC limitations for pre-tax and Roth contributions was $18,500 for 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make up to an additional $6,000 catch-up contribution to the Plan for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions equal to 25% of the amount that a participant contributes to the Plan up to $500 per year. Additional amounts may be contributed at the discretion of the Company's management. All employer contributions are invested in the same proportion as participant elections. The amount of the Company's contributions to the Plan is subject to the limitations imposed by law on the maximum amount which can be contributed.

For contributions under this Plan, compensation means the total salary or wages paid to employees as shown on their W-2, excluding fringe benefits (cash or noncash), reimbursements or other expense allowances, moving expenses, deferred compensation and welfare benefits.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) their investments' earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on each participant's investment earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants must direct their salary deferral contribution to selected investments made available and determined by the plan administrator. Participants may change their investment options at any time throughout the year via telephone or interest access to Fidelity Management Trust Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their account plus actual earnings (losses) thereon is based on years of continuous service determined by the following vesting schedule: a participant is 100% vested after six years of credited service.

Years (or Periods) of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The participants' account become 20% vested upon completing two years of credited service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. A participant will be fully vested if the participant dies or incurs a disability.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of: $50,000 or 50% of their vested account balance.

However, the participant may not request a note receivable for less than $1,000. The maximum number of notes receivable that participants may have outstanding at any time is one. Each note receivable must be repaid within five years unless the note is for the purchase of a primary residence. The note receivable is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A distribution can be made upon request to a participant due to his/her disability, retirement or termination of employment, and to their beneficiary due to his/her death. The participant or his/her beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the vested account interest is $1,000 or less; or a lump-sum amount or any portion of his/her vested interest if the account interest is over $1,000.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $856 and $1,138, respectively. Forfeited amounts are to be used to reduce future administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. As of December 31, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant's loan to be in default, the loan balance is eliminated, and the delinquent balance of the participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

The Plan is subject to certain compliance requirements of non-discrimination rules under ERISA and Internal Revenue Service ("IRS") guidelines. Amounts payable to participants totaling $47,457 and $56,960 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to 2018 and 2017 contributions, respectively. The Plan distributed the 2018 excess contributions prior to March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses attributable to a participant must be paid from the participant's account only. General and administrative expenses are paid from participants' accounts unless the Company elects to make payment. Accounting and auditing fees are paid by the Company.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520. 103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA as applicable to certain investments. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

Fidelity Management Trust Company certified the completeness and accuracy of total investments of $4,851,466 and $5,024,035 and total participant notes receivable of $49,282 and $14,822 at December 31, 2018 and 2017, respectively, and related investment loss of $435,180 for the year ended December 31, 2018.

4. INVESTMENTS

During 2018, the Plan's investments (including investments bought, sold, and held during the year) lost in value as follows:

Net depreciation in the fair value of mutual funds	$ 1,046,221

5. INCOME TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan adopted certain provisions of the Economic Growth and Tax Reconciliation Act of 2001, effective January 1, 2002 as good faith compliance with requirements of the Act.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not have any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs - Inputs other than the quoted prices in level 1 that are observable either directly or indirectly.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements.

When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual fund held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets and liabilities and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31:

2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Cash-interest bearing	**$ 185,315**	**$ -**	**$ -**	**$ 185,316**

Total investments at fair value	**$ 4,851,465**	**$ 185,315**	**$ -**	**$ 4,851,466**

2017	Level 1	Level 2	Level 3	Total
Cash-interest bearing	$ 173,955	$ -	$ -	$ 173,955
Mutual funds	4,850,080	-	-	4,850,080
Total investments at fair value	$ 5,024,035	$ 173,955	$ -	$ 5,024,035

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in several mutual funds. Such investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of the Plan's investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, as the trustee of the Plan, is a party-in-interest. Certain Plan investments in mutual funds are managed by Fidelity Management Trust Company. Fees paid by the Plan for the investment management services totaled $1,168 for the year ended December 31, 2018. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Value Leasing Corp. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established for the purpose of providing retirement, death, and disability benefits for the employees of the Company. The Plan is a defined contribution plan covering all employees of the Company who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may make voluntary pre-tax contributions to the Plan provided that such contributions are limited up to 75% of their gross compensation for the Plan year, subject to certain limitations imposed by the Internal Revenue Code ("IRC"). IRC limitations for pre-tax and Roth contributions was $18,500 for 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make up to an additional $6,000 catch-up contribution to the Plan for 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions equal to 25% of the amount that a participant contributes to the Plan up to $500 per year. Additional amounts may be contributed at the discretion of the Company's management. All employer contributions are invested in the same proportion as participant elections. The amount of the Company's contributions to the Plan is subject to the limitations imposed by law on the maximum amount which can be contributed.

For contributions under this Plan, compensation means the total salary or wages paid to employees as shown on their W-2, excluding fringe benefits (cash or noncash), reimbursements or other expense allowances, moving expenses, deferred compensation and welfare benefits.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) their investments' earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on each participant's investment earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants must direct their salary deferral contribution to selected investments made available and determined by the plan administrator. Participants may change their investment options at any time throughout the year via telephone or interest access to Fidelity Management Trust Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their account plus actual earnings (losses) thereon is based on years of continuous service determined by the following vesting schedule: a participant is 100% vested after six years of credited service.

Years (or Periods) of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The participants' account become 20% vested upon completing two years of credited service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service. A participant will be fully vested if the participant dies or incurs a disability.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of: $50,000 or 50% of their vested account balance.

However, the participant may not request a note receivable for less than $1,000. The maximum number of notes receivable that participants may have outstanding at any time is one. Each note receivable must be repaid within five years unless the note is for the purchase of a primary residence. The note receivable is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A distribution can be made upon request to a participant due to his/her disability, retirement or termination of employment, and to their beneficiary due to his/her death. The participant or his/her beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the vested account interest is $1,000 or less; or a lump-sum amount or any portion of his/her vested interest if the account interest is over $1,000.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $856 and $1,138, respectively. Forfeited amounts are to be used to reduce future administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account. As of December 31, 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant's loan to be in default, the loan balance is eliminated, and the delinquent balance of the participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

The Plan is subject to certain compliance requirements of non-discrimination rules under ERISA and Internal Revenue Service ("IRS") guidelines. Amounts payable to participants totaling $47,457 and $56,960 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to 2018 and 2017 contributions, respectively. The Plan distributed the 2018 excess contributions prior to March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses attributable to a participant must be paid from the participant's account only. General and administrative expenses are paid from participants' accounts unless the Company elects to make payment. Accounting and auditing fees are paid by the Company.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520. 103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA as applicable to certain investments. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

Fidelity Management Trust Company certified the completeness and accuracy of total investments of $4,851,466 and $5,024,035 and total participant notes receivable of $49,282 and $14,822 at December 31, 2018 and 2017, respectively, and related investment loss of $435,180 for the year ended December 31, 2018.

4. INVESTMENTS

During 2018, the Plan's investments (including investments bought, sold, and held during the year) lost in value as follows:

Net depreciation in the fair value of mutual funds	$ 1,046,221

5. INCOME TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan adopted certain provisions of the Economic Growth and Tax Reconciliation Act of 2001, effective January 1, 2002 as good faith compliance with requirements of the Act.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan does not have any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs - Inputs other than the quoted prices in level 1 that are observable either directly or indirectly.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements.

When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

6. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual fund held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's assets and liabilities and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31:

2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Cash-interest bearing	**$ 185,315**	**$ -**	**$ -**	**$ 185,316**

Total investments at fair value	**$ 4,851,465**	**$ 185,315**	**$ -**	**$ 4,851,466**

2017	Level 1	Level 2	Level 3	Total
Cash-interest bearing	$ 173,955	$ -	$ -	$ 173,955
Mutual funds	4,850,080	-	-	4,850,080
Total investments at fair value	$ 5,024,035	$ 173,955	$ -	$ 5,024,035

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in several mutual funds. Such investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of the Plan's investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company, as the trustee of the Plan, is a party-in-interest. Certain Plan investments in mutual funds are managed by Fidelity Management Trust Company. Fees paid by the Plan for the investment management services totaled $1,168 for the year ended December 31, 2018. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
