## NOTE 1: DESCRIPTION OF PLAN

The following description of the Mammoth Electric Inc 401K & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### GENERAL

The Plan, which became effective on January 1, 2018, is a defined contribution plan covering substantially all employees of Mammoth Electric Inc. (the Company). Employees are eligible to participate having completed at least 3 months of service. Employees may enter the Plan on the first day of the month after the eligibility requirements are met. The Plan has an automatic enrollment feature with a 2% pretax deferral. If no investment fund election is made by the participant, the automatic contributions will be invested into the American Century One Choice 2020 Portfolio Class R Fund. The automatic deferral amount will increase by 1% each year up to a maximum of 6%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 90% of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may make a discretionary matching contribution, which is allocated proportionately to the amount of the participant's salary deferrals. The discretionary matching contribution is determined annually by the Board of Directors and is funded at the end of the Plan year. There was no discretionary matching contribution for the year ended December 31, 2018.

Each year, the Company may make a discretionary profit sharing contribution. The profit sharing contribution will be allocated to all employees eligible to participate in the Plan, which is allocated proportionately to the amount of the participant's salary deferrals. The discretionary profit sharing contribution is determined annually by the Board of Directors and is funded at the end of the Plan year. There was no discretionary profit sharing contribution for the year ended December 31, 2018.

### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and employer's contributions and an allocation of the Plan's earnings and losses including administrative fees paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### VESTING

Participants are immediately vested in their elective deferrals and rollover contributions and any employer qualified matching and qualified nonelective contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years in which each participant completes 1,000 hours of service. Participants are 100% vested after 6 years of credited service, or upon attainment of the Plan's normal retirement age of 65, disability, death, or termination of the Plan.

**NOTE 1: DESCRIPTION OF PLAN, Continued**

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $500, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in The Wall Street Journal on the 14th of each month, plus 2%. The interest rate is effective for any loan processed as of the 16th day of the month. Principal and interest are paid through after-tax payroll deductions. There were no notes receivables from participants as of December 31, 2018.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. These investment options are comprised of mutual funds and a common/collective trust stable value fund. An investment balance reallocation may be made at any time.

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, due to death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account, or in installments. Under certain circumstances, participants may make a financial hardship withdrawal.

If the participant's vested account balance does not exceed $5,000 minus rollover contributions, the distribution will be paid in a single lump-sum payment. If the participant's vested account balance, excluding rollover contributions is greater than $5,000 the participant may elect a lump sum or direct rollover or choose to receive installments, request a partial withdrawal, or defer receiving payments until age 70 1/2.

There were no benefit payments made during the year ended December 31, 2018.

FORFEITED ACCOUNTS

A participant's unvested portion of Company contributions is forfeited upon termination of employment for reasons other than death or permanent disability. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. There were no forfeited nonvested accounts as of December 31, 2018.

ADMINISTRATIVE EXPENSES

The trustees have elected to have the Company pay for a majority of the plan expenses. For the year ended December 31, 2018, expenses paid by the Company were approximately $2,200.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

## NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. The Trustees have adopted ASU 2015-12 Parts I and II for the year ended December 31, 2018.

REGISTERED INVESTMENT COMPANY (MUTUAL FUNDS)

The Plan's mutual funds are valued daily based on quoted net asset values of the shares held by the Plan.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

COMMON / COLLECTIVE TRUST - STABLE VALUE FUND

The Plan's fully benefit-responsive stable value fund investment contract, Invesco Stable Asset Trust, is a Collective Trust of by Invesco Trust Company (Trust). The Trust's primary investment objective is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Trust holds synthetic guaranteed investment contracts ("synthetic GICs). The synthetic GICs are a portfolio of securities owned by the Trust with wrap contracts associated with the portfolios. The Trust's investment contracts are carried at contract value which is equal to the principal balance plus accrued interest plus deposits and less withdrawals. The contract issuer has a financial obligation to repay the principal and a specified interest rate to the Plan. The contract can be subject to a market value adjustment upon contract termination. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2018, the investment in the stable value fund is $2 and is included in the statement of net assets available for benefits under "Investment at contract value".

Interest rates are recorded on the accrual basis from settlement date. Income from investment contracts is recorded at the contract rate, referred to as the crediting rate. Crediting rates on synthetic contracts are net of fees to the issuer of the wrap contract and custody fees on underlying assets. Earnings on the underlying assets are factored in the next computation of the crediting rate re-set. Wrapper contracts' interest crediting rates are typically reset on a monthly or quarterly basis according to each contract.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limited the Plan's ability to transact at contract value with the Trust. Such events include the following: (a) the Plan's loss of its qualified status, (b) material breaches of responsibilities that are not cured, or (c) material and adverse changes to the provisions of the Plan. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, are probable.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued**

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. There are no notes receivable from participants as of December 31, 2018.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

**NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

As of December 31, 2018, the Plan's investments were held by the trustee, Reliance Trust Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

| | | |
|---|---|---|
| Investments: | | |
| Mutual Funds | $ | 25,682 |
| Common/Collective Trust - Stable Value Fund at contract value | | 2 |
| Total investments | $ | 25,684 |
| Investment loss: | | |
| Net depreciation in fair value of investments | $ | (2,707) |
| Interest and dividend income | | 1,730 |
| Net investment loss | $ | (977) |

During 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $2,707.

**NOTE 4: FAIR VALUE MEASUREMENTS**

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018:

Mutual Funds
Mutual funds are valued based on quoted net asset values of the shares held by the Plan at year end. The funds must publish their daily net asset value and transact at that price. The mutual funds provide for daily redemption by the Plan and participants. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

The investments in mutual funds are classified as level 1 investments within the fair value hierarchy.

**NOTE 5: INCOME TAX STATUS**

The Plan has adopted a Prototype Non-standardized 401(k) and Profit Sharing Plan, in which the Internal Revenue Service provided an opinion letter dated July 8, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code. Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

The Plan was amended for the Pension Protection Act (PPA). The Plan adopted IRS pre-approved documents on those dates, which did not require a formal letter of determination. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Tax years open for examination include calendar year ended 2018. There have been no notifications of audit received by Plan Administration or Trustees. Therefore, no provision for income taxes has been included in the financial statements.

**NOTE 6: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 to Form 5500:

| Less: adjustment for participant contributions receivable | | (6,520) |
| Net increase in net assets per Schedule H of Form 5500 | $ | 25,684 |

**NOTE 7: RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE 8: SUBSEQUENT EVENTS**

The Company has evaluated subsequent events through October 2, 2019, the date that the financial statements were available to be issued. No events were noted that would require adjustment to, or disclosure in, the financial statements.
