ForUs 401(k) (NVN Management LLC participation) Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of NVN Management LLC participation in ForUs 401(k) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is an open multiple employer defined contribution plan that was established in 2014 by ForUs, Inc. (the Sponsor) to provide benefits to eligible employees of adopting employers, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

NVN Management LLC (the Employer), adopted and began participation in the Plan on March 18, 2016. Based on the Department of Labor (DOL) Advisory Opinion 2012-04A, unless a multiple employer plan sponsor is a bona fide group or association of employers, each employer participating in the multiple employer plan is determined to be sponsoring a separate ERISA plan for their covered employees as opposed to a single filing for the multiple employer Plan. The Sponsor has determined that the Plan does not meet these criteria as stated and as such, the Employer's participation in the Plan is presented in these financial statements consistent with the presentation and regulatory requirements of a single employer defined contribution plan.

NVN Management, LLC. (the Employer), adopted and began participation in the Plan on March 18 2016. As a result of the adoption of the Plan, Plan assets of approximately \$133,000 were transferred from the Identiv, Inc. 401(k) Plan to the Plan in March 2018.

Administration – The Sponsor has appointed ForUs Advisors, LLC, to manage the operation and administration of the Plan. The Sponsor has contracted with LT Trust Company (LT Trust) to act as the custodian, trustee, and third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Sponsor or the Employer.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts may be used to restore previously forfeited accounts, pay Plan administrative expenses, reduce future employer contributions, or reallocate as employer contributions.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustee, LT Trust, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

ForUs 401(k) (NVN Management LLC participation) Notes to Financial Statements

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Income taxes – The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service. The Plan Sponsor believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events – The Plan has evaluated subsequent events through October 8, 2019, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

ForUs 401(k) (NVN Management LLC participation)

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation technique used for assets measured at fair value. There have been no changes in the technique used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 918,583	\$ -	\$ -	\$ 918,583
Investments at fair value	<u>\$ 918,583</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 918,583</u>

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Employer contribute their eligible pre-tax or after-tax compensation (as Roth contributions) to the Plan up to the amount allowable under the Plan document and current income tax regulations. The Plan also permits the automatic enrollment of eligible employees in the Plan with a contribution of 6% of eligible compensation with annual increases of 1% to a maximum of 15%, unless the employee affirmatively elects otherwise. Participants who have the Employer contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Employer is allowed to make contributions to the Plan in the form of discretionary matching or discretionary profit sharing contributions as defined in the Plan and as approved by the Employer. Discretionary matching contributions were made equal to 50% of participant contributions up to a maximum of 6% of eligible compensation for the year ended December 31, 2017, and the period ended December 31, 2016. No profit sharing contributions have been made for the year ended December 31, 2017, or the period ended December 31, 2016.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's matching and profit sharing contributions allocated to their account after six years of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contribution, if any. Allocation of the Company's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed \$1,000.

Notes receivable from participants – The Plan allows participants to borrow up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Plan Sponsor. Outstanding notes receivable at December 31, 2017, carry interest rates ranging from 4.5% to 5.25%. The outstanding note receivable as of December 31, 2016, carries an interest rate of 5%.

NOTE 4 – CERTIFIED INFORMATION

The plan sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and noninterest-bearing cash reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net appreciation (depreciation) in fair value of investments, dividends, and interest (excluding interest on notes receivable from participants of \$207 and \$8 as of December 31, 2017 and 2016, respectively) reflected on the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2017, and period ended December 31, 2016.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2017 and 2016, (except for participant loans).

NOTE 5 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
