1. DESCRIPTION OF PLAN

The following description of the Cumming Construction Management, Inc. 401(k) Plan-II (the "Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are over age 20½ and employed by Cumming Construction Management, Inc., Construction Controls Group, Inc. and Southern Management Group, Inc. (collectively referred to as the "Company"). Effective August 1, 2018, the Plan was amended to also require one month of service for employees to become eligible participants of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the trustee of the Plan (the "Trustee").

Contributions

Each year, participants may contribute up to 90% of their annual compensation, as defined in the Plan's agreement and subject to certain limitations. Participants may also elect to have between 0% and 100% of bonuses deferred. Effective January 1, 2019, the Company amended the Plan to disallow bonuses from eligible compensation; however, the Plan was subsequently amended again on February 4, 2019 to re-allow bonuses as eligible compensation. At the participant's irrevocable designation, contributions may be deemed after tax or pretax contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary matching contributions in an amount equal to a discretionary percentage determined by the Plan Sponsor of all of the contributions of eligible participants for the contribution period. During 2018, the discretionary matching contribution was 50% of eligible participant contributions up to 4% of eligible compensation as defined by the Plan document.

Investment Options

Upon enrollment in the Plan, participants direct their contributions into various investment options offered by the Plan. Participants may change their investment options or transfer funds at any time based upon policies established by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan's agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
< 2	0%
2	67%
3 +	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount of 50% of their vested account balance or $50,000 subject to certain Department of Labor and Internal Revenue Service requirements. The notes are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to have the value of his or her vested interest disbursed through a lump-sum distribution or transferred to another qualified plan. If the vested value of the participant's account is less than $1,000, the Plan's administrator may direct the Trustee to distribute the account balance to the participant as a lump sum distribution without his/her consent.

Forfeitures

Participant forfeitures of employer contributions are used to first pay administrative expenses under the Plan's agreement. Remaining forfeitures may be used to reduce employer contributions. As of December 31, 2018 and 2017, there were $9,540 and $14,758 in forfeited accounts, respectively. For the year ended December 31, 2018, $90,500 and $6,705 of forfeitures were used to reduce employer match contributions and administrative expenses, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their employer contributions and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 4 for further information of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' vested account balances. Notes receivable from participants bear interest ranging from 4.25% to 8.25% at December 31, 2018, with various maturities extending through March 2027.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Loan origination fees associated with notes receivable from participants and other service fees charged to participant balances are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment income reported by the Plan (Note 5). All other expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Risks and Uncertainties

The Plan holds various investment securities, which are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Going Concern

Management is responsible for evaluating whether there is a substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. In connection with preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about an organization's ability to continue as going concern within one year after the date that the financial statements are issued. The Plan Sponsor has performed this assessment as of the date these financial statements were issued and no going concern uncertainties were identified.

3. INFORMATION CERTIFIED TO AND PROVIDED BY TRUSTEE

Information regarding total investments, notes receivable from participants, net investment depreciation, dividend and interest income on notes receivable from participants as shown in the accompanying financial statements and supplemental schedule, has been certified to the Plan administrator by Fidelity Management Trust Company, as the Plan Trustee, as being complete and accurate. Accordingly, the Plan administrator has obtained certifications from the Trustee that the following information included in the accompanying financial statements and the supplemental schedule of assets is complete and accurate:

- Investments at fair value as reflected in the statements of net assets available for benefits of $31,517,353 and $29,193,406 as of December 31, 2018 and 2017, respectively.
- Notes receivable from participants as reflected in the statements of net assets available for benefits of $488,217 and $377,063 as of December 31, 2018 and 2017, respectively.
- Dividends of $1,770,867, net depreciation in fair value of investments of $4,311,472, and interest income on notes receivable from participants of $19,783, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments and notes receivable, as reflected in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Plan's Trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed the Plan's independent public accountants, Squar Milner LLP, not to perform any auditing procedures with respect to information certified by the Trustee.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

4. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan had no Level 2 investments at December 31, 2018 and 2017.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. The Plan had no Level 3 investments at December 31, 2018 and 2017.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual funds – These investments are public investment securities valued using the NAV. The NAV is a quoted price in an active market and are classified as Level 1 investments.

Common and collective trusts – These investments are public investment securities valued using the NAV. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments traded in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following tables represent financial assets that have been measured at fair value on a recurring basis. These assets are classified in accordance with the fair value hierarchy:

December 31, 2018:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 29,775,335	$ –	$ –	$ 29,775,335
	29,775,335	–	–	29,775,335
Common and collective trust				1,742,018
Total investments at fair value				$ 31,517,353

December 31, 2017:

	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$ 27,455,373	$ –	$ –	$ 27,455,373
	27,455,373	–	–	27,455,373
Common and collective trust				1,738,033
Total investments at fair value				$ 29,193,406

During the years ended December 31, 2018 and 2017, there were no transfers between Level 1 and Level 2 or in or out of Level 3. There were no changes in fair value methodologies at December 31, 2018 and 2017.

As of December 31, 2018 and 2017, for the common and collective trust investment, there were no unfunded commitments, the redemption frequency was daily, and the redemption period was twelve months.

5. RELATED PARTY, PARTY-IN-INTEREST, AND PROHIBITED TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds certain investments managed by Fidelity Investments, an affiliate of the Trustee. Fidelity Management Trust Company is the Plan Trustee and, therefore, these transactions and the Plan's payment of trustee fees to Fidelity Management Trust Company qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest for investment management and administrative services qualify as permitted party-in-interest transactions. Notes receivable from participants held by the Plan are also considered permitted party-in-interest transactions.

5. RELATED PARTY, PARTY-IN-INTEREST, AND PROHIBITED TRANSACTIONS (continued)

During 2017, Plan management inadvertently failed to apply the maximum limitations to employee deferrals which, including lost earnings, aggregated to $327. Such amounts were self-corrected during the 2017 plan year. Also during 2017, a participant of the Plan was contributing to a separate plan and, as a result, these individuals' Plan contributions exceeded the maximum deferral limitations. Accordingly, $12,698 of excess contributions were self-corrected and recorded as corrective distributions payable on the statement of net assets available for benefits as of December 31, 2017, and related employer matching contributions of $3,509 remained within the Plan and were credited to forfeitures in the 2017 Plan year. Also during 2017, the Company discovered that certain employees were overmatched for the 2013, 2014, 2015, and 2016 plan years as a result of Plan management not applying the federal maximum limitation on eligible employee compensation which remained within the Plan. Such amounts were self-corrected and credited to forfeitures in the 2018 Plan year. During 2018, Plan management discovered that they had inadvertently deducted 401K contributions from severance payments to employees in 2016 and 2018. This was self-corrected in 2018 and $4,198 of employee contributions was returned to the employees and the related employer matching contributions of $902 remained with the Plan and were credited to forfeitures.

6. TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2015 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, the Plan administrator believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2015.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net increase in net assets available for benefits per financial statements to Form 5500 for the year ended December 31, 2018:

Net increase in net assets available for benefits per financial statements	$ 2,447,799
Less: Prior year corrective distributions payable	(12,698)
Net increase in net assets available for benefits per Form 5500 - Schedule H	$ 2,435,101

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (continued)

The following is a reconciliation of net assets available for benefits per financial statements to Form 5500 for the years ended December 31, 2018 and 2017:

	2018	2017
Net assets available for benefits per financial statements	$ 32,005,570	$ 29,557,771
Corrective distributions payable	–	12,698
Net assets available for benefits per Form 5500 - Schedule H	$ 32,005,570	$ 29,570,469

8. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events for recognition and disclosure through October 11, 2019, which is the date the financial statements were available to be issued. In 2018 the Company acquired another business; however, the Plan was amended in 2018 to exclude these employees from the Plan and they continued to participate in their pre-existing plan. Effective January 1, 2019, the employees of the acquired business became eligible to participate in the Plan. In June 2019, the Plan was amended to merge the benefit plan of the acquired business into the Plan. No other subsequent events were identified.
