VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the VML, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by VML, Inc. (the "Company") for the benefit of its full-time employees who are age twenty-one or older. Employees age twenty-one or older are immediately eligible to participate in the Plan upon hire. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens and leased employees. Effective March 1, 2017, the Plan excludes interns from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by the Company's 401(k) Advisory Committee (the "Committee"), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company.

Plan restatement - Effective September 1, 2017, the Plan changed trustees from State Street Bank and Trust Company ("State Street") to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). Effective September 1, 2017, the Plan adopted the new volume submitter plan with Principal. The Internal Revenue Service ("IRS") has determined that the new volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Principal of such in a letter dated August 8, 2014.

Contributions - Participants may contribute up to 100% of annual compensation as pretax and after-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan allows for automatic enrollment of eligible employees at 6% of eligible compensation, as defined by the Plan, unless specified otherwise. The Company's matching contribution is discretionary as determined annually by the Committee. For the years ended December 31, 2018 and 2017, the Committee elected to match 75% of the first 6% of participants' contributions. Additional amounts may be contributed at the option of the Company. No such additional discretionary contributions were made for the years ended December 31, 2018 and 2017. Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers 24 mutual funds, four common collective trusts, and three pooled separate accounts as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	50%
4	75%
5	100%

Former participants of the Studiocom 401(k) Profit Sharing Plan that were hired prior to January 1, 2014 are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	25%
2	50%
3	75%
4	100%

Participants' prior service with Studiocom, Biggs|Gilmore Communications, Inc., and WPP Group USA Inc. or any of its affiliates should be credited as service with the Company.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to termination, retirement, or permanent disability, participants may receive the vested interest in their account in one lump sum payment or in a series of monthly, quarterly, or annual installments over a period not to exceed the life expectancy or the joint life expectancy of the participant and designated beneficiary. Participants may also roll over their account to an Individual Retirement Account or another qualified employer plan or elect to defer distribution until age 65. If the vested interest in their account is less than \$1,000, participants will automatically receive a lump sum distribution. Upon death, distributions may be made to beneficiaries in installments or as a single lump sum.

Forfeited accounts - At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$53,819 and \$347,683, respectively. These accounts will be used to reduce employer contributions and to pay administrative expenses. For the years ended December 31, 2018 and 2017, employer contributions were reduced by \$479,755 and \$113,701, respectively, from forfeited nonvested accounts. Also, for the years ended December 31, 2018 and 2017, administrative expenses were reduced by \$212,989 and \$106,401, respectively, from forfeited nonvested accounts.

VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment trustees. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information prepared and certified by the trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal and State Street, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the trustees (continued)**

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustees, is available to current investors via the Principal website or when Plan participants access their account values, and therefore, have a readily determinable fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustees, is available to current investors via the Principal website or when Plan participants access their account values, and therefore, have a readily determinable fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

During 2018, there was additional clarification regarding the definition of readily determinable fair value. As a result, plan management has determined that the NAV for certain pooled separate accounts and common collective trusts is determinable and published. Accordingly, these investments will be reported as Level 1 within the fair value hierarchy table as of December 31, 2018. Prior to 2018, plan management determined these investments be measured at NAV practical expedient, and therefore, were excluded from the fair value hierarchy table as of December 31, 2017.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

VML, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Related party transactions and party-in-interest transactions**

Certain Plan investments are units of pooled separate accounts managed by Principal. Principal is the trustee as defined by the Plan and therefore these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$116,209 and \$107,010 for the years ended December 31, 2018 and 2017, respectively, which was not covered by revenue sharing.

Transactions with a financial advisor and securities broker qualify as party-in-interest transactions. CAPTRUST Financial Advisors is the financial advisor to the Plan. The Plan made direct payments to the financial advisor of \$206,558 and \$104,863 for the years ended December 31, 2018 and 2017, respectively, which was not covered by revenue sharing.

The Company pays directly any other fees related to the Plan's operations.

(6) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(7) **Tax status**

The IRS has determined that the volume submitter profit sharing plan document is designed in accordance with applicable sections of the IRC and informed Transamerica Retirement Solutions of such in a letter dated March 31, 2014. Although, the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Effective September 1, 2017, the Plan was restated under a new volume submitter plan with Principal. The IRS has determined that the volume submitter plan is designed in accordance with the applicable sections of the IRC and informed Principal of such in a letter dated August 8, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

(8) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) **Subsequent events**

The Plan has evaluated subsequent events through October 11, 2019, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective November 1, 2019, the Plan will merge into The Savings and Investment Plan which is sponsored by WPP Group USA, Inc.
