INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Wausau Paper Corp. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Wausau Paper Corp. Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i)—Schedule of Assets (Held at End of Year) as of December 31, 2018 and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Wausau Paper Corp. Retirement Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

1. Description of Plan

The following description of the Wausau Paper Corp. Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Effective January 1, 2011, the Plan was frozen to new nonunion participants, and future Company credits to current nonunion participants. Participant accounts continue to be credited for interest earned. During 2016, the Plan was amended to reflect the collective bargaining agreement with United Steel, Paper and Forestry, Rubber Manufacturing, Energy, Allied Industrial and Service Workers International Union Local 1-112, which provided that the benefit rate for such employees be increased to \$46 effective May 1, 2016. Effective December 31, 2016, the Plan was frozen to all union employees at the Middletown mill (and Sorg Paper Company) and there will be no new participants or benefit accruals for these participants after December 31, 2016.

Prior to January 1, 2011 the Plan was a defined benefit pension plan covering all nonunion employees of Wausau Paper Corp. and all union employees at the Middletown mill and Sorg Paper Company (collectively, the “Company”). Most employees became eligible to participate in the Plan on either (1) their date of hire if expected to be credited with 1,000 hours of work during the first 12 consecutive months of employment, or (2) the first day of any plan year in which the employee performed 1,000 hours of work. The Company controls and manages the operation and administration of the Plan. Vanguard Fiduciary Trust Company (“Vanguard”) is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

On January 21, 2016, the acquisition of Wausau by SCA Tissue North America LLC (“SCA Tissue”), a wholly owned subsidiary of SCA Americas Inc. (“SCA Americas”), was consummated pursuant to the terms of the previously announced Agreement and Plan of Merger, dated as of October 12, 2015 (“the Merger Agreement”), by and among the Wausau, SCA Americas, and Salmon Acquisition, Inc., a wholly owned subsidiary of SCA Tissue (“Merger Sub”). Pursuant to the Merger Agreement, Merger Sub merged with and into Wausau (the “Merger”), with Wausau continuing as the surviving corporation. As a result of the Merger, Wausau became a wholly owned subsidiary of SCA Tissue, which pursuant to an Assignment of Agreement and Plan Merger, dated January 20, 2016 (the “Assignment Agreement”), and was assigned SCA Americas’ rights and obligations under the Merger Agreement. In December 2016, SCA Americas assumed sponsorship of the Plan. Effective January 1, 2018, the Plan was amended to change the Plan sponsor to Essity North America Inc.

Prior to January 1, 2011, the Plan had a cash balance pension formula component for all nonunion employees. Under the cash balance formula, every year the Company credited each eligible participant for current service at a rate of 4.25% of eligible compensation up to the Old Age, Survivors, and Disability Insurance (“OASDI”) wage base and 8.5% of compensation in excess of the OASDI wage base up to the maximum allowable amount.

The participant accounts continue to earn annual interest credited on the beginning of year balance at the 30 year Treasury Securities Rate from November of the prior year (2.80% for the 2018 Plan year).

Although the portion of the plan for nonunion employees was frozen effective January 1, 2011, nonunion participants, not fully vested at the time, were required to complete the additional service period to become fully vested. Wausau Paper Corp. amended the Plan effective on June 20, 2013, to fully vest all participants impacted by the sale of the Company’s specialty paper business effective June 26, 2013.

Pension Benefits

Effective January 1 2008, participants with three years of continuous service, as defined by the Plan, are entitled to pension benefits. Pension benefits are provided to participants under several types of retirement options. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump-sum payment option for nonunion employees under the cash balance pension formula.

Wausau Paper Corp. Retirement Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

Death Benefits

If a participant (active or terminated) dies prior to retirement and has met the service requirements for vesting, their designated beneficiary is eligible to receive the accumulated pension benefit in the participant's cash balance account.

Funding Policy

The Company's funding policy is to make contributions in such amounts as may be required to meet the minimum funding requirements of ERISA. Employer contributions are made based on actuarially determined amounts using the projected unit credit cost method. Minimum contribution requirements have been met for 2018.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The benefits steering committee of the Plan sponsor determines the Plan's valuation policies utilizing information provided by trustee, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation in fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Wausau Paper Corp. Retirement Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

Administrative Expenses

In 2018, certain investment and administrative expenses were paid out of the Plan, and include recordkeeping, trustee, and actuarial professional fees. Certain other administrative expenses of the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Certain investment related expenses are included in net depreciation in fair value of investments presented in the statement of changes in net assets available for benefits.

Recently Issued Accounting Guidance

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement (“ASU 2018-13”). ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. ASU 2018-13 removes, adds and modifies certain disclosure requirements from Topic 820, however, the added disclosures are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Certain amendments are to be applied prospectively while others are to be applied retrospectively. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan has not yet determined the impact on the notes to the financial statements that will result from the adoption of ASU No. 2018-13.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2019, the date the financial statements were available to be issued.

3. Financial Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedules were certified by Vanguard Fiduciary Trust Company, the trustee, as complete and accurate:

- Registered investment companies (mutual funds) and cash as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Dividend income and net depreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- The information for all registered investment companies (mutual funds) listed in the schedule of assets (held at end of year) at December 31, 2018 and the schedule of reportable transactions for the year ended December 31, 2018, as shown in the supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

Wausau Paper Corp. Retirement Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the Plan at year-end based upon quoted market prices on nationally recognized exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 48,725,790	\$ 48,725,790	\$ -	\$ -
Total	<u>\$ 48,725,790</u>	<u>\$ 48,725,790</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 55,821,217	\$ 55,821,217	\$ -	\$ -
Total	<u>\$ 55,821,217</u>	<u>\$ 55,821,217</u>	<u>\$ -</u>	<u>\$ -</u>

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to: (1) retired or terminated employees or their beneficiaries and, (2) beneficiaries of employees who have died. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, or withdrawal) between the valuation date and the expected date of payment.

Wausau Paper Corp. Retirement Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

The actuarial present value of accumulated plan benefits as of December 31, 2018 and 2017 are as follows:

	2018	2017
Vested benefits		
Participants currently receiving benefits	\$ 27,426,712	\$ 24,407,603
Active and terminated vested participants	22,927,388	29,476,781
Total vested benefits	50,354,100	53,884,384
Nonvested benefits	139,817	247,828
Total actuarial present value of accumulated plan benefits	<u>\$ 50,493,917</u>	<u>\$ 54,132,212</u>

The changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2018 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	<u>\$ 54,132,212</u>
Increase (decrease) during the year attributed to:	
Benefits paid	(6,077,092)
Decrease in the discount period	3,591,413
Actuarial (gains)/losses	(214,196)
Assumption changes	(938,420)
Net increase (decrease)	<u>(3,638,295)</u>
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 50,493,917</u>

The significant methods and assumptions used to determine the actuarial present value of accumulated plan benefits as of December 31, 2018 and 2017 are as follows:

Mortality	RP-2014 employee/annuitant specific mortality tables without collar adjustment, projected on a generational basis with Scale MP-2018, the interest conversion rate is based on the 3-segment rates for September 2018 and the 2019 417(e) mortality table used for lump sum conversions as of December 31, 2018 and RP-2014 employee/annuitant specific mortality tables without collar adjustment, projected on a generational basis with Scale MP-2017, the interest conversion rate of 3.81% and the 2017 417(e) mortality table used for lump sum conversions as of December 31, 2017
Discount Rate	7.00% as of December 31, 2018 and 2017
Retirement Age	Average retirement age of 62 as of December 31, 2018 and 2017
Interest crediting rate	Graded future interest crediting rate starting from 3.36% and increasing to an ultimate value of 5.00% as of December 31, 2018 and 3.00% in the first year of valuation to an ultimate value of 5.00% as of December 31, 2017

The change in the actuarial assumption is primarily due to the change in mortality assumptions, the change in lump sum conversion rate and the change in interest crediting rate assumptions described above.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 22, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan continues to be operated in compliance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

8. Related-Party and Party-In-Interest Transactions

Transactions involving shares of registered investment companies managed by affiliates of Vanguard Fiduciary Trust Company, the trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

9. Plan Amendments

Effective January 1, 2018, the Plan was amended to change the Plan sponsor to Essity North America Inc.

Form of payment	<p>Upon retirement, 90% of participants are assumed to elect a lump sum and 10% are assumed to elect a life annuity. Upon termination, prior to retirement, 100% of participants are assumed to elect a lump sum.</p> <p>Calculation of lump sum: Lump sums were assumed equal to the cash balance account balance.</p> <p>Calculation of annuity: Annuities were valued as the actuarial equivalent of the cash balance account balance. Actuarial equivalent annuities were determined using the IRS mandated interest rates for funding and the IRS mandated mortality table applicable for lump sums during the valuation plan year.</p>
Percent married	80% of males; 80% of females. Used to value pre-retirement surviving spouse benefits.
Spouse age	Wife three years younger than husband.
At-risk assumptions	Not applicable.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.
Future Increases in Maximum Benefits and Plan Compensation Limitations	<p>Accrued benefits projected to be paid in future years are limited to be the maximum presently allowed under IRC §415. Plan compensation is limited to the maximum presently allowed under IRC §401(a)(17). No provision is made for future increases in the maximum annual benefit or compensation limit.</p>
Calculation of Cash Balance Accounts	Future cash balance account balances are projected at the assumed interest crediting rate until decrement for valuation purposes. The future rates start at 3% gradually increase until reaching a 5% rate.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year). The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions and, based on that review, is not aware of any other significant benefits required to be valued that were not.</p> <p>The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather, such participants' benefits are valued using the benefit choice assumptions described above.</p>

Sources of Data and Other Information

The plan sponsor furnished participant data as of January 1, 2018. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. In consultation with Essity North America Inc., assumptions were made for missing or apparently inconsistent data elements.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Cash balance interest crediting rate	The plan credits interest to cash balance accounts using the 30-year Treasury rate. After examining historical variability in this rate, we believe that the selected assumption does not significantly conflict with what would be reasonable, allowing for some adverse deviation, based on a combination of market conditions at the measurement date and future expectations.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by termination patterns different than assumed.
Disability	Disability rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by disability patterns different than assumed.

Retirement

Retirement rates are based on plan sponsor expectations for the future reflecting plan changes and current economic conditions with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

Benefit commencement date for deferred benefits:

- Deferred vested benefit Deferred vested participants who are eligible for early retirement are assumed to begin benefits based on rates applied to a number of commencement ages based on an analysis of actual commencement patterns.

Source of Prescribed Methods

Funding methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of September 2016 to September 2017.

The future interest crediting rate assumption was updated from the single rate of 3.50% to a graded interest crediting rate starting from 3.00% and increasing to an ultimate value of 5%.

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

The administrative expense assumption was updated from \$125,000 to \$120,000.

There have been no other changes in assumptions since the prior valuation.

Change in methods since prior valuation

There have been no changes in methods since the prior valuation.

Account Balance

The initial Account Balance as of January 1, 1999 is equal to the sum of (a) and (b), if eligible:

(a) For participants of the former Wausau Paper Retirement Plan and the former Mosinee Retirement Plan as of December 31, 1998, the lump sum Actuarial Equivalent of the December 31, 1998 accrued benefit under the formula in force under the corresponding plan on that date.

(b) For participants as of January 1, 1999, who are at least age 35 as of that date, the product of (i) and (ii):

(i) A percentage, based on the following table, of applicable earnings during 1998.

Age as of 1/1/1999	Pay Under SSWB	Pay Over SSWB
35 – 39	1.0%	2.0%
40 – 44	2.0%	4.0%
45+	2.5%	5.0%

(iii) Years of service as of December 31, 1998, up to a maximum of ten.

The Account Balance at any time thereafter is equal to the initial Account Balance (if any) and the sum of (a) and (b) below:

(a) As of the last day of each calendar year up through 2010 of active participation, 4.25% of annual earnings up to the Social Security wage base plus 8.50% of annual earnings over the Social Security wage base is credited to the Account Balance. No pay credits will be given after December 31, 2010.

(b) As of the last day of each calendar year, a participant's Account Balance is credited with an amount equal to the product of the Interest Crediting Rate and the Account Balance on the first day of such calendar year.

Interest Crediting Rate

The Interest Crediting Rate for a plan year is the average yield in November of the preceding plan year on 30-year Treasury Constant Maturity.

SCHEDULE SB ATTACHMENTS

Actuarial Equivalent Definition

A benefit of equivalent actuarial value based on the applicable interest rate and the applicable mortality.

The applicable mortality is the mortality prescribed by the Internal Revenue Service that is based on the prevailing commissioner's standard table used to determine reserves for group annuity contracts. The current table is the table referenced in Revenue Ruling 2007-67.

The applicable interest rate for a plan year is the segmented corporate bond yield curve in November of the preceding plan year, with a 5 year phase-in from 30-year Treasury Securities starting in 2008.

For purposes of determining the initial Account Balance, Actuarial Equivalence shall be determined according to the actuarial assumptions used to calculate lump sum distributions in effect on January 1, 1999.

Cost-of-Living Increase

Not applicable.

Compensation

Base salary, overtime pay, annual cash bonuses, and commissions paid including any salary reductions under a qualified cash or deferred arrangement and contributions or deferrals under Section 125. No pay credits are granted after December 31, 2010.

Social Security

Not applicable.

Grandfathered Benefit

Participants of the former Wausau Paper Retirement Plan (WPM) and the former Mosinee Retirement Plan (MPC) as of December 31, 1998, receive the greater of (a) and (b):

- a) The cash balance plan benefit described above; and
- b) The benefit under the formula of the corresponding prior plan (MPC or WPM), crediting pay and service through the earlier of retirement date and December 31, 2006.

Eligibility for Benefits

Minimum Benefit

Benefit accrued under the:

- a) Wausau-Mosinee Paper Pension Plan for Wausau salaried employees;
- b) Rhinelander Paper Company, Inc. Pension Plan for Rhinelander salaried employees;
- c) Wausau Papers of New Hampshire, Inc. Pension Plan for Groveton salaried employees and;
- d) Wausau Papers Otis Mill, Inc. Pension Plan for Otis salaried employees.

Actuarial Equivalent Definition

A benefit of equivalent value when computed on the basis of the UP-1984 Mortality Table and an assumed 6% rate of interest.

Cost-of-Living Increase

The plan has provided ad hoc cost-of-living increases for retirees (and beneficiaries of retirees). The most recent increase provides for those who terminated employment and began receiving benefits before August 31, 1997. The cost-of-living increase was 0.17% times the number of months which elapsed after the later of the date the participant terminated employment or January 1, 1992.

Compensation

Final average annual earnings of a participant shall mean the average annual rate of basic compensation (excluding bonuses and overtime pay) for the highest five consecutive years during the ten years immediately preceding retirement date or the date of most recent termination of employment.

Social Security

- Normal Retirement Benefit Primary social security benefit means the benefit which a participant would be entitled to receive at age 65 as a primary insurance amount under the federal Social Security Act.
- Early Retirement Benefit To determine the primary social security benefit, the participant's employment is continued to age 65 at the same annual rate as his annual earnings during the last year of employment.
- Disability Retirement Benefit In computing the retirement benefit under the plan, the participant's actual disability benefit under the Social Security Act is substituted for the primary social security benefit. The disability retirement benefit is based on benefit service at the date of disability.

Transfers In	Benefit otherwise calculated is reduced by the amount of benefit payable under any other plan. The amount of reduction is determined as if the other benefit is payable in the form of a single life annuity at the date of termination (actuarially adjusted if the payment form is other than a single life annuity).
---------------------	---

Transfers Out	If transferred to employment status no longer covered by Labor Agreement, vesting service will continue to accrue so long as employment is maintained within the Company or subsidiary. The benefit payable is determined using the benefit service up to date of transfer and using the benefit amount in effect upon termination.
----------------------	---

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early Retirement	Age 55 and 10 years of vesting service.
Deferred vested termination	Termination for reasons other than death or retirement after completing five years of vesting service.
Disability Retirement	Permanent and total disability as defined under the provisions of the Social Security Act and 15 years of vesting service.
Preretirement death benefit	A married participant (active or terminated) is eligible for a surviving spouse benefit after meeting the service requirements for vesting.

Benefits Paid Upon the Following Events

Normal retirement	The monthly pension benefit determined as of NRD.
Early Retirement	A monthly benefit equal to the normal retirement benefit earned to the date of early retirement reduced by 5/12 of 1% for each month by which early retirement precedes age 62. There is no reduction if termination as a result of a job elimination occurs after age 60.
Deferred vested termination	A monthly benefit equal to the accrued normal retirement benefit earned to date of termination computed as a normal retirement benefit at age 65. A participant may elect to have his benefit commence after attaining his earliest retirement age (the benefit is subject to the reduction for early retirement benefits).
