TELESIS CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN

The following description of the Telesis Corporation 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Telesis Corporation (Company) who have attained 18 years of age. Employees may enter into the Plan the first of the month following the completion of the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 90% of pretax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan includes an automatic enrollment feature whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a Qualified Designated Investment Alternative (QDIA) until changed by the participant. A participant's automatic enrollment election will increase by 1% every year until he or she reaches 6% of compensation. The Company may contribute a discretionary matching contribution each year. For the 2018 plan year, the Company contributed a match for a participant based on the deferral percentage. The Company provided the discretionary match formula, as follows:

<u>Participant Deferral</u>	<u>Matching % Provided by Company</u>
1%	1%
2%	1%
3%	2.00%
4%	2.00%
5%	3.00%

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's matching contribution and plan earnings, as well as charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

TELESIS CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. For company match contributions, participants are subject to a five-year graded vesting schedule. A participant becomes 25% vested after two years of service. Vesting is increased by 25% each additional year of service until the participant becomes 100% vested after five years of service.

Notes Receivable from Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced to the extent that the participant's highest outstanding loan balance during the preceding twelve-month period exceeds the current balance, or 50% of their vested account balance. Participants may only have two loans outstanding at any time. Loan terms range from one to five years. Loan terms may be longer than five years for loans used for the purchase of a primary residence. Loans are secured by the balance in the participant's account and accrue interest based on the prevailing interest rate charged by persons in the business of lending money for loans made under similar circumstances. Principal and interest are paid ratably through payroll deductions. In the event of retirement, disability, death, or termination of employment, the loan becomes payable in full.

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the vested interest in his or her account. Partial withdrawals or installments are only permitted for participants or beneficiaries who must receive a required minimum distribution under Internal Revenue Code (IRC) Section 401(a)(9).

If a terminated participant does not elect to have a mandatory distribution not exceeding \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the trustee to immediately distribute such benefit in a lump sum without the participant's consent. For any distribution exceeding \$1,000 but not in excess of \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement account designated by the plan administrator and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement account or plan of his or her own choice.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 70½, or (ii) the calendar year in which the participant retires.

TELESIS CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Hardship Withdrawals - Participants may withdraw their elective deferral and rollover account balances in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must exhaust all other assets prior to obtaining a hardship withdrawal. The minimum amount that may be taken is \$500. Employee pretax contributions to the Plan will be suspended for six months after receipt of the hardship withdrawal.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants as of the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding corrective distribution. The Plan distributed the 2018 excess contribution to participants before March 15, 2019.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Company has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Registered Investment Companies (Mutual Funds) - Registered Investment Companies (Mutual Funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 8,676,303	\$ -	\$ -	\$ 8,676,303

NOTE 4: INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments as of December 31, 2018 and 2017 were held by Fidelity Management Trust Company. The Company elected the method of annual reporting compliance permitted by Department of Labor (DOL) Regulation Section 29 CFR 2520.103-8 for the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

NOTE 5: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan does not consider normal plan operations such as participant or employer contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies managed by the trustee. Fees for professional services rendered by all parties in interest are substantially absorbed by the plan sponsor. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances. Any unallocated assets would be allocated to participants' accounts and distributed in such a manner as the Company may determine.

NOTE 7: TAX STATUS

The underlying Fidelity volume submitter profit sharing plan with a cash or deferred arrangement has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the Plan is designed, and is being currently operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for the three years after it was filed.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there are various commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.
