(1) Plan Description

The following description of the Tectran Mfg Inc. 401(k) Retirement Savings Plan provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is intended to comply with the provisions of the ERISA and Section 401(a) and Section 401(k) of the Internal Revenue Code (IRC).

The Plan covers all employees of Tectran Mfg Inc. ("the Company") except nonresident aliens with no U.S. income. To become eligible, employees must have a minimum of twelve months of service and have attained age 21. Plan entrance dates, for those who meet the eligibility requirements, are on the first day of each calendar quarter.

Contributions

Participants may elect to make before-tax contributions of up to 100% of their annual compensation, as defined by the Plan, up to $18,500, the maximum contribution for 2018 excluding catch-up provisions for participants age 50 and above, for which the maximum contribution is $6,000. Employees may also make rollover contributions by which they transfer to the Plan all or a portion of the proceeds they receive from any other qualified plan. Participants direct the investment of their contributions and other plan activity to be allocated to their accounts among several options. Participants may also make Roth salary deferral contributions, which are made on an after-tax basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and related investment earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully and immediately vested in their before-tax contributions, after-tax contributions, and rollover contributions. There are no employer contributions under the provisions of the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of service due to other reasons, a participant may elect to receive a lump-sum amount equal to either a portion or

the full value of the participant's vested interest in his or her account, or in installment payments. Accounts of terminated employees whose balance does not exceed $5,000 must be distributed by the Plan. The Plan permits in-service withdrawals upon attainment of age 59 1/2. The Plan also permits withdrawals if a participant reaches age 55 and has ceased employment, as well as if an employee is a qualified reservist or experiences a financial hardship.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in net asset value will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investments in mutual funds are not insured by the Federal Deposit Insurance Corporation (FDIC). In addition, individual participant accounts are subject to credit risk to the extent that cash deposits with financial institution exceed FDIC limits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

(3) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1
Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2
Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

The Plan's investment in a common/collective trust ("CCT") is valued at the net asset value of units of the CCT. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There is no redemption notice period if the Plan were to initiate a full redemption of the CCT, but significant cash flow policies may apply.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value			
December 31, 2018	Total	Level 1	Level 2	Level 3
Mutual funds	$ 425,728	$ 425,728	$ -	$ -
Total assets in the fair value hierarchy	425,728	425,728	-	-
Investments measured at net asset value (a)	33,591	-	-	-
Total investments	$ 459,319	$ 425,728	$ -	$ -

December 31, 2017	Investments at Fair Value			
(Compiled)	Total	Level 1	Level 2	Level 3
Mutual funds	$ 447,778	$ 447,778	$ -	$ -
Total assets in the fair value hierarchy	447,778	447,778	-	-
Investments measured at net asset value (a)	29,949	-	-	-
Total investments	$ 477,727	$ 447,778	$ -	$ -

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Principal General Guaranteed Interest	$ 33,591	n/a	Daily	None

December 31, 2017 (Compiled)	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Principal General Guaranteed Interest	$ 29,949	n/a	Daily	None

(4) Certification by the Plan's Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee, Principal Life Insurance Company, as of December 31, 2018 and 2017 and for the year ended December 31, 2018:

(Continued)

	2018	2017 (Compiled)
Investments, at fair value:		
Mutual funds	$ 425,728	$ 447,778
Common collective trust	33,591	29,949
	$ 459,319	$ 477,727
Investment income:		
Net depreciation in fair value of investments	$ (38,392)	
	$ (38,392)	

(5) Tax Status

On September 4, 2014 the Plan adopted the Principal Basic Plan Document No. 2, a prototype plan for which the IRS issued an advisory letter dated March 31, 2014 which states that the prototype plan is acceptable under IRC Section 401 for use by employers for the benefit of their employees.

Although the Plan was amended since the date of adoption of the plan document, the Plan administrator believes that the Plan has been designed and operated in compliance with the applicable requirements of the IRC therefore no provision for income taxes has been included in the financial statements.

Accounting principals generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Termination of the Plan

While it is the intention of the Company to continue the Plan indefinitely, the Company reserves the right to amend or terminate the Plan at any time. If the Plan is terminated, the participants will become 100% vested in their accounts.

(7) Parties-In-Interest

Certain Plan investments are shares of mutual funds and a common collective trust managed by Principal Securities (PS). The Trustee, Principal Life Insurance Company, is a related party to PS and, therefore, these transactions qualify as party-in-interest transactions. Direct compensation

(Continued)

paid by the Plan to PS for commissions and service fees was of $3,478 for the year ended December 31, 2018.

The Company provides certain administrative services to the Plan for which no fees are charged. Shareholders of the Company and the Plan Administrator, an employee of the Plan Sponsor, are participants in the Plan.

(8) Excess Contributions Refundable

The Plan did not satisfy a discrimination test required by the Internal Revenue Code for the year ended December 31, 2018. Excess contributions of $10,605 are recorded as refundable to Plan participants in the accompanying Statement of Net Assets Available for Benefits and as deductions from net assets in the Statement of Changes in Net Assets Available for Benefits.

(9) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500, Schedule H as of December 31, 2018 and 2017:
