Independent Auditor's Report

Plan Administrator
Tekni-Plex, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tekni-Plex, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Tekni-Plex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the official Plan Document and the Summary Plan Description (SPD) for a more complete description of the Plan's provisions. If there is any discrepancy between the official Plan Document and the SPD, the provisions of the official Plan Document will take precedent.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering eligible salaried, hourly, and qualified union hourly employees of Tekni-Plex, Inc. and its subsidiaries (the Employer or Company) who have completed three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Plan each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2018 or 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the Plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at the prime rate plus 2%. At December 31, 2018, interest rates range from 4.25% to 10.25% for outstanding loans. Principal and interest are paid ratably through monthly payroll deductions.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$9,604 and \$7,798, respectively. These accounts are used first to reduce future employer contributions and next to reduce plan expenses. During 2018, employer contributions and expenses were reduced by \$63,318 and \$2,442, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2018) through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank, N.A.

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Wells Fargo Bank, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments at fair value:		
Mutual funds	\$ 68,507,138	\$ 68,917,393
Common collective trust	9,957,364	8,806,621
	<u>\$ 78,464,502</u>	<u>\$ 77,724,014</u>
Notes receivable from participants	<u>\$ 2,177,383</u>	<u>\$ 1,851,316</u>

Wells Fargo Bank, N.A. also certified to the completeness and accuracy of \$4,396,916 of net depreciation in fair value of investments and \$1,380,015 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,507,138	\$ -	\$ -	\$ 68,507,138
Investments measured at NAV (a)				9,957,364
				<u>\$ 78,464,502</u>

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,917,393	\$ -	\$ -	\$ 68,917,393
Investments measured at NAV (a)				8,806,621
				<u>\$ 77,724,014</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

Investment	Fair Value Estimated Using NAV Per Share				
	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2018	December 31, 2017			
Common collective trust	<u>\$ 9,957,364</u>	<u>\$ 8,806,621</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment s form one fair value level to another

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits.

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A., the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Note 9. Recently Issued Accounting Pronouncements

In August 2018, the Financial Standards Accounting Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 by the Plan in the current year did not have a material impact on the Plan's financial statements.

Note 10. Plan Amendments

Effective January 1, 2019, the plan was amended as follows:

1. The Plan no longer includes an automatic deferral feature
2. The Plan no longer includes an automatic escalation of Salary Reduction Agreement amounts feature.
3. The Plan adopted a "safe harbor 401(k) plan design"
4. The Employer will no longer make matching contributions to the Plan other than the matching contributions for Participants represented by USW Local 01308 and Safe Harbor Matching Contributions as described below.
5. The Employer will make safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals thereafter.
6. Participant salary deferrals are limited to a maximum of 75% of their eligible compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tekni-Plex, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Tekni-Plex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the official Plan Document and the Summary Plan Description (SPD) for a more complete description of the Plan's provisions. If there is any discrepancy between the official Plan Document and the SPD, the provisions of the official Plan Document will take precedent.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering eligible salaried, hourly, and qualified union hourly employees of Tekni-Plex, Inc. and its subsidiaries (the Employer or Company) who have completed three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Plan each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2018 or 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the Plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at the prime rate plus 2%. At December 31, 2018, interest rates range from 4.25% to 10.25% for outstanding loans. Principal and interest are paid ratably through monthly payroll deductions.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$9,604 and \$7,798, respectively. These accounts are used first to reduce future employer contributions and next to reduce plan expenses. During 2018, employer contributions and expenses were reduced by \$63,318 and \$2,442, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2018) through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank, N.A.

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Wells Fargo Bank, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments at fair value:		
Mutual funds	\$ 68,507,138	\$ 68,917,393
Common collective trust	9,957,364	8,806,621
	<u>\$ 78,464,502</u>	<u>\$ 77,724,014</u>
Notes receivable from participants	<u>\$ 2,177,383</u>	<u>\$ 1,851,316</u>

Wells Fargo Bank, N.A. also certified to the completeness and accuracy of \$4,396,916 of net depreciation in fair value of investments and \$1,380,015 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,507,138	\$ -	\$ -	\$ 68,507,138
Investments measured at NAV (a)				9,957,364
				<u>\$ 78,464,502</u>

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,917,393	\$ -	\$ -	\$ 68,917,393
Investments measured at NAV (a)				8,806,621
				<u>\$ 77,724,014</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

Investment	Fair Value Estimated Using NAV Per Share				
	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2018	December 31, 2017			
Common collective trust	<u>\$ 9,957,364</u>	<u>\$ 8,806,621</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment s form one fair value level to another

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits.

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A., the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Note 9. Recently Issued Accounting Pronouncements

In August 2018, the Financial Standards Accounting Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 by the Plan in the current year did not have a material impact on the Plan's financial statements.

Note 10. Plan Amendments

Effective January 1, 2019, the plan was amended as follows:

1. The Plan no longer includes an automatic deferral feature
2. The Plan no longer includes an automatic escalation of Salary Reduction Agreement amounts feature.
3. The Plan adopted a "safe harbor 401(k) plan design"
4. The Employer will no longer make matching contributions to the Plan other than the matching contributions for Participants represented by USW Local 01308 and Safe Harbor Matching Contributions as described below.
5. The Employer will make safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals thereafter.
6. Participant salary deferrals are limited to a maximum of 75% of their eligible compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tekni-Plex, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Tekni-Plex, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the official Plan Document and the Summary Plan Description (SPD) for a more complete description of the Plan's provisions. If there is any discrepancy between the official Plan Document and the SPD, the provisions of the official Plan Document will take precedent.

General: The Plan is a defined contribution plan with a cash or deferred arrangement covering eligible salaried, hourly, and qualified union hourly employees of Tekni-Plex, Inc. and its subsidiaries (the Employer or Company) who have completed three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and applicable sections of the Internal Revenue Code of 1986 (the Code), as amended.

Contributions: Employees can elect to contribute up to 20% of eligible compensation, as defined in the Plan, up to the maximum allowable under the Code each year. Beginning August 1, 2014, upon eligibility, 3% of compensation is automatically withheld with annual increases of 1% up to 5% unless the participant elects otherwise. The Employer matching contribution to each participant's compensation that he or she contributes to the Plan is as follows: for participants contributing 1% of their compensation, the Employer will make no matching contribution; for participants contributing 2-3% of their compensation, the Employer will contribute 1% of compensation; for participants contributing 4% of their compensation, the Employer will contribute 2% of compensation; for participants contributing 5% or more of their compensation, the Employer will contribute 2.5% of compensation. Participants represented by the Local 01308 USW at Flemington, New Jersey, receive a matching contribution of 1.5% of compensation if the participant contributes at least 3% of their compensation.

In addition to matching contributions, the Employer may contribute to the Plan each plan year such amount as it may determine as a profit sharing contribution; provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the Employer's income for such year for Federal income tax purposes under the applicable sections of the Code. There were no such contributions in 2018 or 2017.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. With respect to the Employer's contribution portion of their accounts, participants vest 20% for each year of vesting service and are fully vested after five years of vesting service. A participant is credited with one year of vesting service if he or she completes at least 1,000 hours of service during the Plan year.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at the prime rate plus 2%. At December 31, 2018, interest rates range from 4.25% to 10.25% for outstanding loans. Principal and interest are paid ratably through monthly payroll deductions.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of benefits: Upon termination of service, death, disability, or retirement, a participant (or beneficiary, if distribution is made on account of the death of the participant) may receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. There are additional forms of payment with respect to transferred account balances from the Savings Plan for Employees of PureTec Corporation and Affiliates. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Upon the attainment of age 59 ½, a participant may withdraw his or her vested account balance. A participant may withdraw his or her voluntary rollover and transferred contributions at any time.

Forfeitures: As of December 31, 2018 and 2017, forfeited non-vested accounts totaled \$9,604 and \$7,798, respectively. These accounts are used first to reduce future employer contributions and next to reduce plan expenses. During 2018, employer contributions and expenses were reduced by \$63,318 and \$2,442, respectively, from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Tekni-Plex, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized under the Plan. All participant and employer contributions are participant-directed. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Payment of benefits: Benefits are recorded when paid during the Plan year.

Administrative expenses: Plan administrative expenses are paid by the Plan to the extent they are not paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2018) through October 11, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Wells Fargo Bank, N.A.

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Wells Fargo Bank, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments at fair value:		
Mutual funds	\$ 68,507,138	\$ 68,917,393
Common collective trust	9,957,364	8,806,621
	<u>\$ 78,464,502</u>	<u>\$ 77,724,014</u>
Notes receivable from participants	<u>\$ 2,177,383</u>	<u>\$ 1,851,316</u>

Wells Fargo Bank, N.A. also certified to the completeness and accuracy of \$4,396,916 of net depreciation in fair value of investments and \$1,380,015 of interest and dividends related to the aforementioned plan assets during the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of the fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,507,138	\$ -	\$ -	\$ 68,507,138
Investments measured at NAV (a)				9,957,364
				<u>\$ 78,464,502</u>

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,917,393	\$ -	\$ -	\$ 68,917,393
Investments measured at NAV (a)				8,806,621
				<u>\$ 77,724,014</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2018 and 2017:

Fair Value Estimated Using NAV Per Share					
Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2018	2017			
Common collective trust	<u>\$ 9,957,364</u>	<u>\$ 8,806,621</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment s form one fair value level to another

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits.

Note 5. Related Party Transactions and Parties-in-Interest

Certain Plan investments are invested in funds and contracts managed by Wells Fargo Bank N.A., the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

The Company provides for the majority of the administrative expenses of the Plan. This practice is expected to continue.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate, amend, modify or suspend the Plan in whole or in part at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a non-standardized form of a prototype plan sponsored by Wells Fargo Bank N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Note 9. Recently Issued Accounting Pronouncements

In August 2018, the Financial Standards Accounting Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 by the Plan in the current year did not have a material impact on the Plan's financial statements.

Note 10. Plan Amendments

Effective January 1, 2019, the plan was amended as follows:

1. The Plan no longer includes an automatic deferral feature
2. The Plan no longer includes an automatic escalation of Salary Reduction Agreement amounts feature.
3. The Plan adopted a "safe harbor 401(k) plan design"
4. The Employer will no longer make matching contributions to the Plan other than the matching contributions for Participants represented by USW Local 01308 and Safe Harbor Matching Contributions as described below.
5. The Employer will make safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals thereafter.
6. Participant salary deferrals are limited to a maximum of 75% of their eligible compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations.
