## Note 1. Description of the Plan

The following description of the ACProducts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** Effective November 1, 2012, ACProducts, Inc. (the Plan Sponsor or Employer) established the Plan. The Plan is a defined contribution plan covering all eligible employees of ACProducts, Inc. and certain subsidiaries. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Refer to the Plan document for a complete listing of affiliated companies.

**Eligibility:** All employees become eligible for participation immediately upon hire. Auto enrollment for the Plan is a one-time event upon initial eligibility for all employees not covered by a collective bargaining agreement and is subject to a 30-day opt-out period. Employees covered by a collective bargaining agreement must affirmatively elect to enroll in the Plan. Employees excluded from the Plan include residents of Puerto Rico, nonresident aliens with no income from a U.S. source, individuals who are a signatory to a contract, letter of agreement, or other documents that acknowledges their status as an independent contractor, and leased employees.

**Contributions:** Each year participants may make salary deferral contributions up to 75 percent of their pretax annual compensation, as defined in the Plan, subject to certain maximum limitations imposed by the IRC. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions, subject to the maximum limitations imposed by the IRC. The Plan Sponsor may, at its discretion, make matching contributions to the Plan in an amount equal to a percentage of employee salary reduction contributions. For nonunion participants, the Sponsor made discretionary matching contributions of 50 percent of employee salary deferrals up to 6 percent of the employee's eligible compensation during the year ended December 31, 2018. The Plan Sponsor may, at its discretion, also make nonelective contributions in an amount to be determined by the Board of Directors for each Plan year. During 2018, the Plan Sponsor made a discretionary contribution of $0.75 per hour physically worked for those employees covered under a collective bargaining agreement. The discretionary contribution for employees covered under a collective bargaining agreement was the result of a collective bargaining agreement dated December 12, 2013 entered into by the Plan Sponsor and the employees covered by the collective bargaining agreement.

**Vesting:** Participants are immediately 100 percent vested in their Plan contributions plus actual earnings. Vesting in the Plan Sponsor's discretionary matching contributions is based on the years of service, counted from the participant's date of hire as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 1 year | 0% |
| 1 year or more but less than 2 years | 50% |
| 2 years or more but less than 3 years | 75% |
| 3 years or more | 100% |

### Note 1. Description of the Plan (Continued)

Vesting in Plan Sponsor nonelective discretionary contributions of $0.75 per hour physically worked for those employees covered under a collective bargaining agreement is based on the years of service, counted from the participant's date of hire as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 3 years | 0% |
| 3 years or more | 100% |

**Participant accounts:** Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's discretionary matching and nonelective contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Earnings or losses of the Plan are allocated to participants based on the account balance in existence. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Investment options:** Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via internet or direct phone access to Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

**Forfeitures:** Forfeitures occurring during the Plan year are applied to first reduce administrative expenses under the Plan, as directed by the employer. Any remaining amounts are used to reduce future employer contributions. At December 31, 2018 and 2017, unused forfeited nonvested employer contributions amounted to approximately $23,800 and $34,900, respectively. Amounts forfeited during 2018 were approximately $254,700. During the year ended December 31, 2018, the Plan Sponsor used approximately $265,800 of forfeited amounts to reduce administrative expenses and employer contributions.

**Benefits paid to participants:** On termination of service, participants may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or periodic installments. If a participant's vested balance is $1,000 or less, the participant will receive a single lump distribution of their entire vested account balance. In the event of a distribution that is greater than $1,000 but less than $5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution, then the Plan Administrator will pay the distribution in a direct rollover to an IRA designated by the Plan Administrator. In-service distributions are permitted for participants that attain age 59 ½, or in situations of hardship or disability, subject to certain limitations as defined.

**Notes receivable from participants:** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lower of 50 percent of their vested account balance or $50,000. Notes receivable are secured by the balance in the participant's account and bear interest at rates comparable to rates offered by commercial lending institutions. Interest rates on outstanding notes receivable ranged from 4.25 percent to 6.25 percent as of December 31, 2018. Principal and interest must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a period that may not exceed five years unless it is for the purchase of the participant's principal residence, in which case the loan repayment period may not exceed 10 years from the date of the loan. A participant may have one loan outstanding at a time. Notes outstanding at December 31, 2018 mature at varying dates through August 2026.

### Note 1. Description of the Plan (Continued)

**Administrative expenses:** Administrative expenses are paid by the Plan Sponsor or the Plan. Certain Plan expenses, such as transaction fees from receiving a loan, withdrawal or distribution from the Plan, are deducted from individual participants' accounts.

### Note 2. Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee.

**Notes receivable from participants:** Notes receivable from participants are carried at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent loans are treated as an asset on the statements of net assets available for benefits, and continue to accrue interest until they are considered to be in default. Loans are considered to be in default and cancelled according to the terms of the loan policy. Loans in default are classified as distributions on the statement of changes in net assets available for benefits.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental Schedule H, line 4(i)-schedule of assets (held at end of year).

**Benefits paid to participants:** Benefits paid to participants are recorded when paid.

**Risks and uncertainties:** The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

### Note 2. Significant Accounting Policies (Continued)

**Recent accounting pronouncements:** In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

### Note 3. Information Certified and Provided by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017 and for the year ended December 31, 2018 included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications as of December 31, 2017 and 2018 from Fidelity that information provided to the Plan Administrator by Fidelity related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the assets listed in the table below.

| | 2018 | 2017 |
|---|---|---|
| Investments, at fair value: | | |
| Mutual funds | $ 24,462,701 | $ 23,969,583 |
| Collective investment trusts | 1,225,820 | 933,506 |
| Notes receivable from participants | 501,057 | 496,837 |

Fidelity also certified to the completeness and accuracy of $2,968,930 of net depreciation in fair value of investments, $1,603,508 of interest and dividends from investments and $24,266 of interest on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2018.

### Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

**Level 1:** Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

**Note 4. Fair Value Measurements (Continued)**

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- **Mutual funds:** Valued based upon quoted market prices in the active market in which they are traded, and are classified as Level 1 of the valuation hierarchy.
- **Collective investment trusts:** The Fidelity Managed Income Portfolio and the Fidelity Managed Income Portfolio II Class 3, which together comprise the collective investment trusts, are valued based on the net asset value of units held by the Plan based on the fair value of its underlying investments as determined by Fidelity. Net asset value is utilized as a practical expedient. There are no unfunded commitments, significant redemption limitations or restrictions on the ability to sell these funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of nets assets available for benefits.

**Changes in fair value:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. Redemptions made in order to accommodate a participant-directed exchange to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund (money market fund or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur. Withdrawals directed by the Plan Sponsor must be preceded by 12 months of written notice to Fidelity.
