Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements
December 31, 2018

1. Description of the Plan

The following description of the Staples, Inc. Employees' 401(k) Savings Plan (the "Plan") provides only general information about the Plan's provisions. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "Code"), covering employees of Staples, Inc. (the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Great-West Trust Company, LLC. ("Great-West Life" or the "Trustee") served as Trustee of the Plan during 2018 and 2017, and Great-West Life & Annuity Company provided the trust and recordkeeping services for the Plan.

Eligibility

All employees ("associates") of the Company, except for those covered by a collective bargaining agreement (the terms of which provide for participation in the Plan), are eligible to participate in the Plan. Leased employees are specifically excluded from participation in the Plan.

Full-time associates may begin making contributions to the Plan on the first day of the month after he or she has completed 60 days of service from their date of hire and once they have reached age 21.

Full-time eligible associates that have failed to complete the requisite 60 consecutive days of employment during the twelve-month period following the date of hire may begin making pre-tax contributions, as of the first day of the month following the later of the one-year anniversary date; or the date following the attainment of age 21.

Part-time associates may begin making contributions to the Plan on the first day of the month after they have completed one year of service from their date of hire and 1,000 hours of service. If the associate does not complete 1,000 hours of service in their first year of employment, he or she will be eligible for the Plan when they complete 1,000 hours of service in a single plan year. In addition, the associate must be at least 21 years of age.

Employee Contributions

All non-highly compensated participants may contribute from 1% up to 100% of their eligible compensation on a pre- or post-tax (Roth) basis, within limits prescribed by Section 401(k) of the Code. All highly compensated participants may contribute amounts as described and limited in the Plan Document. Participants' contributions are recorded each pay period when the Company makes payroll deductions from participants' wages. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for auto-enrollments for eligible employees who have completed three years of service with a deferral amount of 1% of compensation as pretax contribution.

Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements (continued)
December 31, 2018

Company Contributions

The Company matches 50% of employee contributions, not to exceed 6% of the participant's compensation. The Company's matching contributions are normally made annually at the end of each Plan year. However, in light of the Sycamore transaction on September 12, 2017, the Company made an accelerated matching contribution on October 5, 2017. The remainder of the annual Company matching contribution was made as usual at the end of the Plan year.

Transfers In / Out

There were no transfers into the Plan during 2017.

On January 1, 2018, the Plan transferred \$242 million of assets and participant loans to create a new plan for Staples U.S. Retail associates.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution plus any investment earnings and losses, realized and unrealized, which is net of expenses less any benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately 100% vested in their contributions, any rollover contributions, and actual earnings thereon. Vesting in the Company matching contributions, plus actual earnings thereon, is based on the length of vesting service over a period of three vesting years, as further defined in the Plan.

Forfeited Amounts

Non-vested participant amounts are used to reduce future Company contributions and administrative expenses, as defined in the Plan Document. Forfeitures available to reduce future Company contributions at December 31, 2018 and 2017 amounted to \$1,725,946 and \$491,963, respectively. During 2018 and 2017, the total forfeitures used to offset employer contributions and administrative expenses amounted to \$341,411 and \$346,211, respectively.

Benefit Payments

Benefits are payable in a lump sum upon retirement or normal retirement age, death, separation from service, reasons of proven hardship, or attainment of age 59 1/2. In any event, payment of benefits must commence when the participant reaches age 70 1/2, unless elected otherwise. Participants may also have distributions from rollovers of prior qualified plans at any time.

Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements (continued)
December 31, 2018

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested participant account balance, comprised of employee contributions, their respective earnings or losses and rollover monies. Loan terms range from one to five years, or up to ten years for the purchase of a principal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate consistent with local prevailing rates as determined by the Plan. All notes receivable are subject to the principal repayment terms and interest rate guidelines set forth in the Plan Document.

Termination Provision

Although the Company has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances. The Company shall not be liable to participants for benefits other than those which can be provided by the Plan's net assets.

Administrative Expenses

Recordkeeping and most administrative fees are paid by the Plan. Certain other plan expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuations of Investments and Income Recognition

Investments held by the Plan are stated at fair value, except fully benefit responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

The Great-West Life Stable Value Option is a group annuity contract fully backed by the assets of Great-West Life. This contract is reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements (continued)
December 31, 2018

The Staples, Inc. Company Match Fund, the ESOP Stock Fund, and the Investment Stock Fund (collectively, the "Fund") are tracked on a unitized basis. The Fund consists of Staples, Inc. common stock and funds held in the MainStay Cash Reserves Fund sufficient to meet the expected Fund's daily cash needs. Unitizing the Fund allows for daily trades. The value of a unit reflects the combined market value of Staples, Inc. common stock and the cash investments held by the Fund and are the equivalent of net asset value, which approximates fair value.

Collective trust funds are valued using the Net Asset Value ("NAV") published by the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held, during the year.

Effective as of the closing date of the merger between Staples, Inc. and Arch Merger Sub Inc. and Arch Parent Inc. (the "Merger"), dated as of June 28, 2017, and pursuant to the Fifth Amendment, the Staples Stock Fund ceased to be available under the Plan.

Payment of Benefits

Benefit payments to the participants are recorded upon distribution.

Participant Notes Receivable

Participant notes receivable are valued at their outstanding principal balances, plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when it is earned. Related fees, if any, are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from these estimates.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net (depreciation) appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2018 and 2017, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan, for 2018 and 2017.

Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements (continued)
December 31, 2018

4. Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2018 and 2017:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 379,282,865	\$ —	\$ —	\$ 379,282,865

Staples, Inc. Employees' 401(k) Savings Plan

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 496,232,322	\$ —	\$ —	\$ 496,232,322

	<u>\$ 1,419,069,700</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,419,069,700</u>

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract, The Great-West Life Stable Value Option, that meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following table sets forth the balance of the investment contract held by the Plan:

	December 31,	
	2018	2017
Fully benefit-responsive investment contract	\$ 113,061,142	\$ 131,392,979

The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than zero. The crediting rate is reviewed on a quarterly basis.

There are certain events that might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include: the Plan's failure to qualify under Section 401(a) of the Code, premature termination of the contracts by the Plan, Plan termination or merger, bankruptcy of the plan sponsor and changes to the Plan's prohibition on competing investment options. Plan management noted no events that are probable of occurring as of December 31, 2018.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value: a violation of the Plan's investment guidelines, a breach of material obligation under the contract, or a material misrepresentation.

6. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Staples, Inc. Employees' 401(k) Savings Plan
Notes to Financial Statements (continued)
December 31, 2018

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 13, 2014 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax-exempt. Subsequent to the receipt of the determination letter, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes that the Plan has been designed to comply with, and is operating in accordance with, the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2018 and 2017:

	December 31,

The following is a reconciliation of net (decrease) increase in net assets available for benefits per the financial statements to the amount per Form 5500 for the years ended December 31, 2018 and 2017:

9. Related Party Transactions

The Plan holds units of guaranteed investment contract funds managed by the Trustee of the Plan. The Plan also invested in the common stock of the Company, when the Company was publicly traded (prior to September 12, 2017). These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. During 2017, the Plan received \$677,209 in common stock

dividends from the Company, which are included in the *Interest and dividend income* line of the Statements of Changes in Net Assets Available for Benefits.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 10, 2019, the date the financial statements were available to be issued.
