MORTON INDUSTRIES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Morton Industries, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Morton Industries, LLC and Bradley Services, Inc. (collectively referred to as the Company). Employees are eligible for Plan entry once the age of 18 is attained and upon completion of 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100 percent of their annual compensation, subject to certain Internal Revenue Code limitations. Participants may make modifications to, or terminate, their contributions at their discretion. Effective August 2, 2017, the Plan was amended to change the discretionary matching contribution to a stated match of 50 percent of the first 4 percent of base compensation a participant contributes to the Plan. The Company may also make a discretionary profit sharing contribution, that is allocated to eligible employees based on total compensation. Participants may begin their contributions on the day eligibility requirements are satisfied.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution (if any), and an allocation of Plan earnings. Allocations of Plan earnings are based on the performance of the participants' individual investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on covered years of service. A covered year of service is any 12-month period ending on the Plan year-end during which the participant worked at least 1,000 hours. Prior to May 29, 2017, participants were immediately vested in employer-matching contributions. Participants became 100 percent vested in profit sharing contributions after three years of service. Subsequent to May 29, 2017, employer matching contributions and discretionary profit sharing contributions is based on a five-year graded schedule.

In addition, participants become 100 percent vested upon normal retirement age, death, or disability.

Payment of Benefits

Upon dissolution of service due to termination, death, disability, or retirement, a participant account may be distributed in a lump sum payment or annuity payments over a certain term.

Notes Receivable from Participants

Participants may borrow a maximum of 50 percent of their vested account balance or $50,000, whichever is less. The minimum loan amount allowed is $1,000. Participants may be granted two loans during any one-year period. Only one loan may be outstanding at a time. The participant's vested account balance serves as security for the loan, and a fixed rate of interest is charged based on the going commercial loan rate at the time the funds are borrowed. Participants are required to sign a promissory note with repayment terms no longer than five years. Payments are required at least quarterly, generally through payroll deduction, and the loan is due on demand when a participant terminates.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants are 100 percent vested in their accounts.

Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Administrative Expenses

Significant costs of Plan administration are currently paid by the employer.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates based on management's knowledge and experience. Due to their prospective nature, actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information included in the financial statements was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2018	2017
Investments, at fair value		
Mutual funds	$ 2,132,351	$ 2,209,894
Pooled separate accounts	8,721,175	9,075,346
Investments in fully benefit-responsive investment contracts, at contract value	203,191	197,115
Participant loans	339,284	264,439
Net appreciation (depreciation) in fair value of investments	(874,538)	1,720,524
Interest and dividends	36,192	29,163
Interest on participant loans	15,174	10,972

NOTE 4. INVESTMENTS

The Plan has entered into a deposit contract with Principal Financial Group (Principal). Principal, as directed by the Plan's participants, maintains the contributions in either pooled separate accounts, in general fixed accounts, or in mutual funds. The pooled separate accounts and mutual funds are credited with actual earnings on the underlying investments (units of participation in mutual funds). The contract is a fixed-income guaranteed option and is fully benefit-responsive. The contract is reported at contract value, which is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Principal guarantees principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. Participants receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options and payments due to their retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan.

NOTE 5. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan's transactions with parties-in-interest for the years ended December 31, 2018 and 2017, were as follows:

Party-in-Interest	Description of Transactions	Amount
Principal Trust Company	Plan custodian and investment manager	Administrative fees of $38,186 and $35,563 for 2018 and 2017, respectively
Cetera Advisor Networks, LLC	Investment advisor	Administrative fees of $33,886 and $5,388 for 2018 and 2017, respectively
Lockton Investment Advisors, LLC	Investment advisor	Administrative fees of $23,408 for 2017
Heinold Banwart, Ltd.	Plan auditor	Administrative fees are paid by the Plan sponsor.
Morton Industries, LLC and Bradley Services, Inc.	Plan sponsors	Contributions of $184,687 and $70,952 were made for 2018 and 2017, respectively.

NOTE 6. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (FASB ASC Topic 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in non-active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at publicly traded prices that are quoted daily.

Separate accounts with insurance companies: Valued daily at the net asset value (NAV) based on the market value of the applicable underlying investments. The NAV is not a publicly quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,132,351	$ 2,132,351	$ -	$ -
Other investments measured at net asset value*	8,721,175	-	-	-
Total investments	$ 10,853,526	$ 2,132,351	$ -	$ -

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 2,209,894	$ 2,209,894	$ -	$ -
Other investments measured at net asset value*	9,075,346	-	-	-
Total investments	$ 11,285,240	$ 2,209,894	$ -	$ -

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets.
