LUMOS NETWORKS SAVINGS AND SECURITY PLAN NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Lumos Networks Savings and Security Plan (the "Plan") provides only general information. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

A. GENERAL - The Plan is a defined contribution plan covering substantially all employees of Lumos Networks Operating Company (the "Company"). The Plan was created as a result of a spin-off from the NTELOS Inc. Savings and Security Plan and was adopted on October 1, 2011, and had participants in the Plan as of November 1, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. ELIGIBILITY - All full-time employees of the Company (and any participating affiliate), are eligible to participate in the Plan provided they have attained age 18 and completed six months of employment. All individuals with an account under the Plan consisting of an amount spun-off from the NTELOS Inc. Savings and Security Plan are eligible participants. When eligibility requirements have been met, the Plan entry date is the first of the following month.

C. CONTRIBUTIONS

- Elective Deferral Contributions – Eligible participants may elect to contribute to the Plan by reducing their compensation from 1% to 50%. Eligible participants are automatically enrolled to defer 3% of compensation unless a deferral election is received from the participant. The amount of such deemed elective deferrals shall automatically increase in 1% increments annually until a maximum of 10% is achieved. The amount of the deferral cannot exceed the limitation allowed by law.
- Employer Matching Contributions – Plan includes a safe harbor Employer Matching Contribution equal to 100% of the first 1%, plus 50% of the next 5% of the participant's compensation contributed as elective deferrals.

Employer Matching Contributions shall be made in the form of cash. During the first part of 2017 Employer Matching Contributions were in the form of Lumos Networks Corp. stock (Employer Stock), valued by the closing price of the stock on the day prior to the date on which the matching contribution was made. For the year 2017, 12,499 shares of Employer Stock were contributed to the Plan and no shares were held on December 31, 2017.

On February 20, 2017 Lumos Networks Corp. entered into a definitive agreement to be acquired by EQT Infrastructure, a privately held company. The remaining Employer Matching Contributions for 2017 and for all of 2018 were made in the form of cash and all Lumos Networks Corp. stock was liquidated.

NOTES TO FINANCIAL STATEMENTS – continued

1. DESCRIPTION OF PLAN – continued

- D. PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's elective deferral contributions, employer-matching contributions, and an allocation of plan earnings. The earnings allocation is calculated and reported by Plan Trustee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.
- E. VESTING - Participants are immediately vested in their elective deferral contributions, plus the earnings thereon. Full vesting in the employer matching contributions and earnings occurs with two years of credited vesting service. If a participant terminates employment for any reason other than lay-off due to lack of work, retirement, disability, or death, and has less than 2 years of service, the participant will be 0% vested in the employer matching contributions. Solely with respect to an individual who either became an employee in connection with the October 31, 2011 reorganization of NTELOS, Inc. and the resulting establishment of the Company, or had an account balance under the NTELOS Inc. Savings and Security Plan spun out of that plan into this Plan on or about that date, years of service shall include years of service with NTELOS Inc. Savings and Security Plan as of the date of transfer.
- F. FORFEITURES - Any employer contributions forfeited by participants shall be used to pay Plan expenses or reduce future employer matching contributions. The employer-matching contribution for 2018 and 2017 was reduced by \$36,385 and \$1,572, respectively for non-vested forfeitures.
- G. DIRECTED INVESTMENTS – Each participant has the right to direct the investment of his participant account, choosing from a stable value option which is a pooled separate account made up of investments with guaranteed principal and interest and registered investment companies or mutual funds.
- H. PARTICIPANT NOTES RECEIVABLE – The Plan allows participants to apply for loans from the vested portion of their account balances. Participants may only have two loans outstanding at any time and not more than one loan may be taken out in any 12-month period. The maximum amount that can be borrowed is the lesser of 1) 50% of the participant's vested account balance or 2) \$50,000. This \$50,000 amount is reduced, however, by the amount of the highest outstanding loan balance for the previous 12-month period. Loans are repaid through payroll deductions over a period not to exceed 5 years unless the loan was used to purchase a primary residence and then an extended repayment period is granted. All loans shall bear interest at the Prime Rate as published in *The Wall Street Journal* plus 1% at the time the loan application is completed.

1. DESCRIPTION OF PLAN – continued

- I. PAYMENT OF BENEFITS – Participant's vested account shall be distributed to the participant in a single lump-sum payment. Unless participant elects otherwise, distributions shall be made no later than the sixtieth day after the later of the close of the Plan year in which (a) the participant attains age 65 (or normal retirement date, if earlier), (b) occurs the 10th anniversary of the year in which the participant commenced participation in the Plan, or (c) the participant terminated service with the Employer. If the participant's vested account does not exceed \$5,000, a lump-sum distribution will be made as soon as administratively practicable following the date the participant separates from service. In the event of such a mandatory distribution to a Participant, if the Participant does not elect to have such automatic distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly, then the Plan Administrator shall pay the distribution in a direct rollover to an individual retirement plan for the benefit of the participant. In the event the participant is required to take distributions while employed, the participant may elect to receive the minimum amount required by law. Under certain circumstances, participants may withdraw the vested portion of their accounts upon reaching age 59 ½ or due to financial hardship.

2. SUMMARY OF ACCOUNTING POLICIES

- A. DATE OF MANAGEMENT'S REVIEW – Subsequent events were evaluated through October 11, 2019, which is the date the financial statements were available to be issued.
- B. BASIS OF ACCOUNTING – The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

- C. INVESTMENT VALUATION – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.
- D. USE OF ESTIMATES – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

LUMOS NETWORKS SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS – continued

2. SUMMARY OF ACCOUNTING POLICIES – continued

- E. BENEFIT PAYMENTS – Benefit payments to participants are recorded upon distribution.
- F. ADMINISTRATIVE COSTS – Lumos Networks Operating Company pays substantially all administrative expenses of the Plan.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented. There were no assets transferred from one level to another during the period.

Level 1 Fair Value Measurements – The fair value of registered investment companies are based on quoted net asset values of the shares held by the Plan at year-end. The fair value of Employer Stock is based on the closing price reported on NASDAQ, the active market where the individual security is traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		Active Markets for Identical Assets (Level 1)
December 31, 2018:	Fair Value	
Registered Investment Companies	\$ 45,277,896	\$ 45,277,896
Total assets at fair value	\$ 45,277,896	\$ 45,277,896
December 31, 2017:	Fair Value	(Level 1)
Registered Investment Companies	\$ 46,356,168	\$ 46,356,168
Total assets at fair value	\$ 46,356,168	\$ 46,356,168

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2018 and 2017, are reported in net appreciation in fair value of registered company investments.

LUMOS NETWORKS SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS – continued

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Stable Value Option is a fully benefit-responsive investment contract with New York Life Insurance Company (Issuer) that is maintained in a pooled separate account. Because the investment contract meets the criteria to be considered fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The contract is included in the financial statements at contract value (which represents contributions and earnings, less Plan withdrawals and administrative expenses), as reported by New York Life. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2018 and 2017 was \$3,802,334 and \$3,647,745, respectively.

Interest on the contract accrues daily and is credited at the end of the month. The key factors that impact the crediting rate under the group annuity contract are the timing and magnitude of the cash flows in and out of the separate account as well as prevailing market rates on fixed income assets available for investment by the separate account. The interest crediting rate may be reset not more frequently than daily and not less frequently than quarterly. The interest crediting rate reflects the book yield on the separate account, adjusted to reflect amortization of any realized gains and losses. Fixed income securities are subject to credit and interest rate risk. Credit risk is the risk that the issuer of the security will not be able to pay principal and interest when due. Interest rate risk is associated with the fluctuation of the value of the security as a result of increases and decreases in market interest rates and their relation to the securities stated interest rate.

Certain events, not considered probable to occur, limit the plan's ability to transact at contract value with New York Life Insurance Company. These events include employer-initiated events such as plan termination, merger, spin-off, or early retirement incentives. The Issuer requires twelve-month advance written notice to receive a distribution of Plan assets upon termination at contract value and transfers to a competing fund must first go through a non-competing investment option for at least 90 days.

5. RELATED PARTY TRANSACTIONS

Employer Matching Contributions were made during the first part of 2017 in the form of cash or Lumos Networks Corp. stock (Employer Stock), valued by the closing price of the stock on the day prior to the date on which the matching contribution is made. For the year 2017, 12,499 shares of Employer Stock were contributed to the Plan and no shares were held on December 31, 2017.

On February 20, 2017 Lumos Networks Corp. entered into an agreement to be acquired by EQT Infrastructure, a privately held company. As of this date all future Employer Matching Contributions were to be made in the form of cash. On December 15, 2017 all Lumos Networks Corp. stock was liquidated and existing balances were transferred to JPMorgan SmartRetirement Funds.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on December 19, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. LIMITED-SCOPE AUDIT

As permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the scope of the audit on these financial statements was limited in regard to information certified by the applicable Trustee as being complete and accurate. There were no auditing procedures performed with respect to the following information as of and for the years ended December 31, 2018 and 2017 except for comparing such information to the related amounts included in the financial statements.

- Schedules of investments included in the Statements of Net Assets Available for Plan Benefits, Note 3 and Note 4
- Investment income included in the Statements of Changes in Net Assets Available for Plan Benefits

8. PLAN TERMINATION

Lumos Networks Operating Company has the right under the Plan to discontinue its contributions at any time and, although it has not expressed any intention to do so, has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination, participants will become 100% vested in their accounts.

9. CHANGE IN PLAN TRUSTEE

On September 20, 2018 the Company's Board of Directors signed a resolution to be effective November 1, 2018 which removed John Hancock as Trustee and appointed Fifth Third Bank ("Fifth Third") as the new Trustee of the Retirement Plan. Fifth Third accepted that appointment and agreed to provide certain services to the Plan. Plan assets were transferred to Fifth Third from John Hancock on November 1, 2018.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements include amounts receivable at year-end for employer matching contributions that have not been included in the 5500.
