Independent Auditor's Report

To the Plan Administrator
Interiors Savings and Investment 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements.

Basis for Disclaimer of Opinion on the 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company (the Trustee), except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2018 that the information provided to the Plan Administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2018 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2018 Financial Statements paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, auditing procedures with report to the information certified by Fidelity. Their report, dated October 10, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by Fidelity, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations for 2018 Financial Statements

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan, formerly known as the Johnson Controls Injection Molding, LLC Savings and Investment 401(k) Plan, is a defined contribution plan adopted effective August 1, 2008 for participation by eligible employees of what was formerly Johnson Controls Injection Molding, LLC (JCIM). As of December 31, 2016, JCIM's business, including the Plan, was purchased by Adient US LLC and the Plan was renamed the Interiors Savings and Investment 401(k) Plan.

As of January 1, 2018, the Plan was amended and restated to reflect the merger of the Yanfeng USA 401(k) Plan with the Plan, reflect the addition of Yanfeng Automotive Trim Systems, Inc. as a participating employer, and reflect the change in the name of the Plan from Interiors Savings and Investment 401(k) Plan to Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan. In addition, on January 1, 2018, the Plan transferred its investments out of the Adient US LLC Defined Contribution Plans Master Trust (Master Trust), and Yanfeng Automotive Interior Systems, LLC (the Company) became the Plan Sponsor.

In order to participate in the Plan, employees must be employed by the Company or another participating employer in one of the eligible groups as defined in the Plan Agreement. The Plan excludes from participation the following employees: (a) any member of a bargaining unit of employees covered by the Louisville collective bargaining agreement; (b) any employer classified as a "leased employee" or "independent contractor"; (c) a foreign citizen on temporary assignment in the United States; or (d) an employee who is eligible to participate in another 401(k) plan of a participating employer.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 85% of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company will make matching contributions to the Plan on behalf of the participants based on specific eligibility rules, as listed in the Plan Agreement. Matching contributions are based on the participant's location, as outlined in the Plan Agreement.

A participant may also be eligible to receive a retirement income contribution (RIC) from the Company. Eligibility for RIC contributions is dependent upon the participant's employment location and hire date and is generally computed based on the participant's age and years of service. RIC contributions were made to eligible participants in the plan in 2017. Amounts were included in the employer contribution receivable line on the statement of net assets and was paid in 2018. RIC contributions were not made to participants for the 2018 plan year.

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

Certain participant contributions in 2017 were paid after the time frame required by the Department of Labor. The Company remitted these contributions during 2018 and remitted related lost earnings to the Plan in 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates when issued. Interest rates on notes receivable outstanding at December 31, 2018 range from 4.25% to 5.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the notes were used to construct to purchase a primary residence, in which case the note terms do not exceed 20 years.

Vesting

Participants are immediately 100% vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company based on the schedules in the Plan Agreement, which vary by employee group and contribution type.

Benefit Payments

Distributions are payable upon retirement, death, disability, attainment of age 59½, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the Plan Agreement. The Plan Administrator must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2019, which is the date the financial statements were available to be issued.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative fees and third-party administrator fees are paid by the Plan. Certain additional administrative expenses of the Plan are paid by the Company.

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

Benefit Payments

Benefits paid to participants are recorded when paid.

3. Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Mutual funds: Valued based on quoted market price in an exchange and active market, which represents the NAV of shares held by the Plan.

The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018.

	Fair Value Measurements			
<i>December 31, 2018</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 311,230,117	\$ -	\$ -	\$ 311,230,117
Total investments at net asset value*				26,329,146
Investments, at fair value	\$ 311,170,845	\$ 59,272	\$ -	\$ 337,559,263

* The investment in the common/collective trust is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and has not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

As of December 31, 2017, the fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value, except as noted below. The common/collective trust fund is valued at net asset value (NAV) (or its equivalent) of the fund, which is based on the fair value of the funds' underlying assets. The Fixed Income Fund is a synthetic guaranteed investment contract (synthetic GIC), which is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The interest-bearing cash is valued at fair value based on the outstanding balance. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Master Trust Assets at December 31, 2017			
	Level 1	Level 2	Master Trust Balance
Investments at fair value			
Mutual funds	\$ 303,055,809	\$ -	\$ 303,055,809
Employer stock funds	106,642,428	-	106,642,428

Total	\$ 430,509,374	\$ 4,976,360	\$ 435,485,734
Investments measured at NAV - common/collective trust fund			684,952,969
Total Investments at Fair Value			\$1,120,438,703

4. Interest in Master Trust

As of December 31, 2017, the Plan's investments were in the Master Trust, which was established for the investment of assets of the Plan and several other Company-sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by Fidelity Management Trust Company.

Effective January 1, 2018, the Plan transferred out of the Master Trust. As a result, approximately \$356,492,000 of investments were transferred out of the Master Trust in 2018.

At December 31, 2017, the Plan's interest in the net assets of the Master Trust was approximately 29%. Investment income and administrative expenses relating to the Master Trust were allocated to the individual plans based upon average monthly balances invested by each plan.

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

The investments for the Master Trust at December 31, 2017 were as follows:

December 31, 2017

Master Trust investments, at fair value	
Mutual funds	\$ 303,055,809
Employer stock funds	110,120,377
Other common stock	20,811,137

Interest-bearing cash	1,498,411
 Total Master Trust investments, at fair value	 1,120,438,703
 Fixed-income fund, at contract value	 73,302,131
Pending trade receivable	18,812,144
 Total Master Trust Investments	 \$ 1,212,552,978

5. Investment Contracts

The Fixed Income Fund, held by the Master Trust at December 31, 2017, is a synthetic GIC, which is a wrap contract paired with underlying investments owned by the Master Trust, usually a portfolio of high-quality, short- to intermediate-term fixed-income securities and a short-term interest fund. The Master Trust purchases wrapper contracts from financial institutions.

A synthetic GIC credits a stated interest rate. Investment gains and losses are amortized over the expected duration of the covered investments through the calculation of the interest rate on a prospective basis. Synthetic GICs provide for a variable crediting rate, which resets on a periodic basis. The crediting rate set by the wrap contracts resets quarterly. The quarterly crediting rate does not include the short-term investments (e.g., short-term interest fund) used for benefit-responsive events. While the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero, the actual quarterly interest rate is impacted by the current yield of the short-term investments.

The crediting rate is primarily based on the current yield-to-maturity of the covered investments, plus or minus amortization of the difference between the market value and contract value of the covered investments over the duration of the covered investments at the time of computation.

The crediting rate is most impacted by the change in the annual effective yield to maturity of the underlying securities, but is also affected by the differential between the contract value and the market value of the covered investments. This difference is amortized over the duration of the covered investments. Depending on the change in duration from reset period to reset period, the magnitude of the impact to the crediting rate of the contract to market difference is heightened or lessened.

Certain events limit the ability of the Master Trust to transact at contract value with the insurance companies and the financial institution issuers. Such events include the following: (i) material amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of

Yanfeng Automotive Interior Systems Savings and Investment 401(k) Plan

Notes to Financial Statements

equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (v) any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Fixed Income Fund or the Plan; or (vi) the delivery of any communication to plan participants designed to influence a participant not to invest in the Fixed Income Fund.

The plan administrator does not believe that the occurrence of any such event, which would limit the Master Trust's ability to transact at contract value, is probable.

The synthetic GIC generally imposes conditions on both the Master Trust and the issuers. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Master Trust to be in default: a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the plan agreement. The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, has a decline in its long-term credit rating below a threshold set forth in the contract, is acquired or reorganized, and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Master Trust were unable to obtain a replacement investment contract, withdrawing plans may experience losses if the value of the Master Trust's assets no longer covered by the contract is below contract value. The Master Trust may seek to add additional issuers over time to diversify the Master Trust's exposure to such risk, but there is no assurance the Master Trust may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Master Trust unable to achieve its objective of maintaining a stable contract value. The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default.

If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Master Trust the excess, if any, of contract value over market value on the date of termination. If a synthetic GIC terminates due to a decline in the ratings of the issuer, the issuer may be required to pay to the Master Trust the cost of acquiring a replacement contract (i.e., replacement cost) within the meaning of the contract. If the contract terminates when the market value equals zero, the issuer will pay the excess of contract value over market value to the Master Trust to the extent necessary for the Master Trust to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

7. Party-In-Interest Transactions

Certain Plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Fees paid by the Plan to Fidelity Management Trust Company for services rendered to the Plan were \$196,161 for the year ended December 31, 2018. Such fees were based on reasonable and customary rates.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

9. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 18, 2014 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the IRC. Although the Plan has been amended and restated since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan Transfers

Effective January 1, 2018, assets of the Yanfeng USA 401(k) Plan were transferred into the Plan. Total assets in the amount of approximately \$7,200,000 transferred into the Plan at this time.
