Note 1 - Plan Description

The following description of Hahn Loeser & Parks LLP 401(k) Plan (formerly known as Hahn Loeser & Parks LLP Salary Deferral Plan and Trust) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all nonunion and nonleased employees of Hahn Loeser & Parks LLP (the "Partnership") with no age or service requirements, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan changed its name to Hahn Loeser & Parks LLP 401(k) Plan during the year and was formerly known as Hahn Loeser & Parks LLP Salary Deferral Plan and Trust.

Contributions

Subject to plan provisions, participants can elect to defer a portion of their salary, and partners can elect to defer a portion of their self-employment income to either a pretax or Roth account up to a maximum of 90 percent of annual compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants are automatically enrolled at 3 percent unless elected otherwise, with a 1 percent automatic increase annually up to a max 10 percent deferral rate. The Partnership may make a discretionary matching contribution equal to a percentage of the participant's deferred compensation. The percentage will be determined each year by the Partnership. In applying the aforementioned matching percentage, only salary reductions up to such dollar amount as shall be announced by the Partnership from year to year will be considered.

The discretionary matching contribution made by the Partnership for the year ended December 31, 2018 was equal to 25 percent of the first \$800 deferred by the participant. The maximum discretionary contribution per participant for 2018 was \$200. Participants who are licensed attorneys or highly compensated employees are not eligible to receive a discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Partnership's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover contributions, and discretionary matching contributions and any income or loss thereon.

Participant Notes Receivable

The Plan allows participants to borrow against their vested account balances in the Plan. Participants may borrow from their accounts a minimum of \$1,000, and no more than two loans per participant may be outstanding at any time. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1.5 percent as of the loan date. Principal and interest are paid ratably through payroll deductions.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, hardship, attainment of age 59½, or termination of employment in the form of a direct rollover, substantially equal installments, or a lump-sum cash distribution. Vested balances of less than \$5,000 are automatically distributed to participants upon termination of employment.

For hardship withdrawal, participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by The Mercer Trust Company and John Hancock Trust Company LLC or their affiliates. The Mercer Trust Company and John Hancock Trust Company LLC are the trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Termination

While it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Partnership and reimbursed by the Plan. These transactions qualify as party-in-interest transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 7, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2018, the Plan changed its trustee from The Mercer Trust Company to John Hancock Trust Company (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments and participant notes receivable and executed all related transactions during the periods under audit. The investment and participant notes receivable balances as of December 31, 2018 and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year as of December 31, 2018 are based solely on information provided by John Hancock Trust Company. The investments as of December 31, 2017 and related income and losses for the year then ended included in the accompanying financial statements are based solely on information provided by The Mercer Trust Company.

Note 4 - Tax Status

Prior to August 15, 2018, the Plan was a nonstandardized prototype plan of The American Bar Association Retirement Funds (ABA). The ABA had received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the prototype adopted by the Plan, as designed, was qualified for federal income tax-exempt status. The Plan had not individually sought its own determination letter.

Effective August 15, 2018, the Plan was amended and restated to a prototype nonstandardized profit-sharing plan of John Hancock Retirement Plan Services LLC (John Hancock). John Hancock has obtained an opinion letter dated October 31, 2011 in which the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies and was in compliance with the Internal Revenue Code. The Plan has not sought its own determination letter itself. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

December 31, 2018 and 2017

Note 5 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Money Market Fund and Mutual Funds

The money market fund and mutual funds are valued at quoted prices reported in active markets.

Common Collective Trust Funds

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets.

Self-directed Brokerage Accounts

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued at the quoted prices reported in active markets.

The following tables present information about the Plan's assets, other than participant notes receivable, measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
	Investments (at Fair Value)	Level 1

Mutual funds	26,962,396	26,962,396

Total investments at fair value	<u>\$ 29,049,725</u>	

Notes to Financial Statements

Note 5 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
	Investments (at Fair Value)	Level 1
Participant self-directed brokerage accounts	\$ 1,578,840	\$ 1,578,840
Investments measured at net asset value - Common collective trust funds	31,650,715	
Total investments at fair value	<u>\$ 33,229,555</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2018.
