Merritt's Boat & Engine 401(k) Plan

Report to Management
For the Year Ended December 31, 2018

To the Plan Administrator and Trustees
Merritt's Boat & Engine 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Merritt's Boat & Engine 401(k) Plan (the "Plan") as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Notes 4 and 6 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the recommendations described in the attached memorandum to be other deficiencies of sufficient importance to merit management's attention.

Current Year Internal Control Comments and Recommendations:

2018-01: Distributions and calculation of vested balances:

During our audit we noted instances where distributions to participants had errors in the calculation of their vested balance. For example, one participant should have been paid out at 100%, but was incorrectly paid out at 80%, resulting in an underpayment to the participant. We also noted two participants who were overpaid, due to incorrect calculation of vested balances. We recommend that the Plan Sponsor carefully reviews all distribution requests for accuracy and periodically reviews reports received from the third-party recordkeeper for any distribution errors.

Management's response:

We are in agreement with the comment above and are working with the NewPort Group to avoid these issues in the future and have disbursed those funds to underpaid employees since year end.

2018-02: Revenue sharing:

During our audit, we noted participant accounts were charged certain investment advisory fees that should have been offset by funds from the Plan's revenue share arrangement. In addition, the Plan had approximately $ 65,000 in revenue share credits available to use for Plan expenses at year end. We recommend that the Plan Sponsor ensures that fees are refunded to plan participants, as applicable, and reviews the revenue share arrangement to determine how to properly allocate and account for future credits on a timely basis.

Management's response:

We are in agreement with the comment above and have credited the participants' accounts since year end.

To the Plan Administrator and Trustees
Merritt's Boat & Engine 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Merritt's Boat & Engine 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 6, which was certified by MG Trust Company d/b/a Matrix Trust Company, the custodian/trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian/trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian/trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian/trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian/trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the Merritt's Boat & Engine 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and also in the Plan document, which is also available to all participants upon request.

General: The Plan is a defined contribution plan covering all full-time employees of Merritt's Boat & Engine Works, Inc., Merritt Marine Supply, Inc., Roy-Al Management Enterprises Corp. and Smith-Merritt Insurance, Inc. (collectively, the "Company") who have one year of service and are of age eighteen or older. Employees may enter the Plan on the first day on which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Companies are located in southeast Florida.

Administration of plan assets: The Plan's assets are held by MG Trust Company d/b/a Matrix Trust Company, custodian/trustee of the Plan. Participants' contributions are held and managed by the custodian who invests contributions and investment income and makes distributions to participants.

Certain uncompensated administrative functions are performed by the employees of the Company. Substantially all administrative expenses are paid by the Company.

Contributions: Each year, participants may contribute up to 92% of pretax annual compensation, as defined and limited by the Plan, and to the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover contributions"). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes 20% of the first 5% of base compensation that a participant contributes to the Plan. The matching Company contribution is invested in the same funds as the participants' contributions. Additional profit sharing amounts may be contributed at the option of Company's board of directors; however, no such contributions have been made. Contributions are subject to certain limitations, and are funded on a bi-weekly basis.

Participant accounts (self-directed): Each participant's account is credited with the individual contributions and allocations of (a) the Company's contribution and, (b) Plan earnings, and is charged with specific administrative expenses for participant loan activity. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting: Participants are immediately vested on their voluntary contributions plus the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant begins vesting after two years of credited service and is 100% vested after six years of credited service.

Participant accounts become fully vested regardless of the established vesting schedule upon death, disability, attainment of normal retirement age (65), or upon termination of the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum equal to the lesser of $ 50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest rates of prime plus 1.00% as of the loan date, as determined by the Plan administrator.

Note 1 - Description of the Plan (continued)

Payment of benefits: On termination of service due to death, disability, or normal retirement, a participant with a vested individual account balance greater than $ 5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest or a payment in the form of an annuity. For accounts less than $ 5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. See the Plan document for minimum distribution requirements, and involuntary cash-outs provisions.

Forfeitures: Forfeitures may first be used to pay for administrative expenses and then to reduce any employer contributions. No forfeitures were used to offset administrative expenses or reduce employer contributions during the year ended December 31, 2018.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: The Plan's investments are stated at their estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The difference between fair value and the cost of investments is reflected as appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Loans to participants are valued at their outstanding balance which approximates fair value.

Payment of benefits: Benefits are recorded when paid. If benefit payment checks have not been cashed, a liability is recorded for the amount of the stale checks.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Actual results may differ from those estimates.

Administrative expenses: Certain fees are paid directly from Plan assets, which amounted to approximately $ 2,000 for the Plan year ending December 31, 2018.

Date of management review: Subsequent events have been evaluated by management through October 10, 2019, the date the financial statements were available to be issued.

Note 3 - Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, MG Trust Company d/b/a Matrix Trust Company, the custodian/trustee of the Plan assets, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017; the related investment activity and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018; and the information reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2018.

Note 4 - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: *Level 1* inputs consist of unadjusted quoted prices in active markets for identical investments and have the highest priority; *Level 2* inputs consist of observable inputs other than quoted prices included within Level 1 that are observable for the investments, either directly or indirectly; and *Level 3* inputs are unobservable inputs for the investments and have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The investments, at fair value, are classified as follows:

	Fair Value	Level 1
December 31, 2018:		
Registered investment companies	$ 5,861,047	$ 5,861,047
December 31, 2017:		
Registered investment companies	$ 6,182,490	$ 6,182,490

Level 1 fair value measurements: The fair value of investments held in registered investment companies is based on quoted net asset values of the shares held by the Plan at year end.

Note 5 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 6. In addition, there have been benefit and withdrawal distribution payments of $ 294,352 to Plan participants during the year ended December 31, 2018.

Note 6 - Common Collective Trust

Previously, the Plan entered into a fully benefit-responsive investment contract with MetLife. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by the investment contract.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. This investment option is presented on the face of the statements of net assets available for benefits at contract value which approximates fair value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The effective guaranteed credited interest rate is based on a formula agreed upon with the issuer and there is no stated minimum or maximum interest rate for the investment. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events may include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 7 - Tax Status

The Plan obtained its latest determination letter in March 2014, in which the Internal Revenue Service stated that the Plan, a Volume Submitter Profit Sharing Plan with CODA, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The trust is, therefore, exempt from federal income tax.

Note 7 - Tax Status (continued)

The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 10 - Parties-in-Interest

Section 3 (14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the custodian/trustee and certain administrative expenses are considered party-in-interest transactions. Previously, the Plan entered into an agreement to receive revenue from an investment service provider for services provided to the Plan funds. The revenue is used to offset certain amounts owed to the service provider for administrative (advisory/management) services to the Plan.

These party-in -interest transactions are exempt from the prohibited transaction rules of ERISA.
