Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

*Basis for Disclaimer of Opinion*

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan as agent for Automated Data Processing, LLC ("ADP, LLC"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. ## 1. Description of the Plan

The following description of the Finley Resources Inc. (the Company) 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of the Company who have completed two consecutive months of employment from the first date of employment and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Eligibility

All non-excluded employees of the Company are eligible to participate in the Plan on the first day of the month coinciding with or the next following date a non-excluded employee meets the eligibility requirements.

### Contributions

Participants may contribute up to 70% of compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes a no-escalation, automatic salary deferral feature. The Company will automatically withhold 2% of a participant's compensation from each payroll period and contribute that amount to the Plan as a Pre-Tax 401(k) deferral. The Automatic Deferral provisions apply to all Participants without a salary deferral agreement in effect as of the Automatic Deferral provisions effective date.

The Company may make a discretionary matching contribution equal to a uniform percentage of a participant's salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. The Company has the option to apply the matching contribution by not matching salary deferrals made each payroll period that exceed a certain dollar amount or a certain percentage of a participant's compensation for such period. The Company made discretionary match contributions equal to 6% of eligible compensation during 2018 and 2017.

Generally, the Company may make a discretionary profit sharing contribution to participants still employed at the end of the Plan year unless employment termination was due to death, disability, or attainment of normal retirement age. Profit sharing contributions are allocated annually on a pro rata basis based on a formula described in the Plan document. The Company did not make any profit sharing contributions during 2018 and 2017.

### Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant's investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants. Participants can make or change investment elections at any time.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's match contributions and Company's profit sharing contributions plus related earnings (losses) thereon is determined by the years of service based on the following vesting schedule:

| Years of Service | Vesting |
|---|---|
| Less than 2 | 0% |
| 2 | 30% |
| 3 | 100% |

Payments of Benefits

Benefits under the Plan will generally be paid in cash only, except for insurance contracts or annuity contracts. Distributions to participants with vested account balances less than $5,000 are made in a single lump-sum payment equal to the value of the participant's vested interest in his or her account. In determining whether the vested account balance exceeds the $5,000 threshold, "rollover" contributions (and any earnings allocable to "rollover" contributions) will not be considered. Participants with vested account balances in excess of $5,000 may elect to receive distributions in the form of a single lump-sum payment, partial withdrawals, or installments over a period of not more than the assumed life expectancy of the beneficiary and/or participant.

Forfeitures

Forfeitures represent the portion of nonvested benefit payments remaining in the Plan for all terminated employees. Forfeitures may first be used to pay administrative expenses then to reduce employer matching contributions. Forfeitures in the amount of $15,148 and $12,873 were used to reduce employer matching contributions during 2018 and 2017, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts an amount not to exceed the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000 reduced by the participant's greatest outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.50% to 6.25%, which is commensurate with local prevailing rates as determined by the Plan administrator at the time of loan origination. The loan must be entirely repaid within five years of the date the loan proceeds are received, unless the loan is to be used to acquire the principal residence of the participant, in which case the loan must be entirely repaid within a period not to exceed 30 years of the date the loan proceeds are received. Principal and interest are repaid ratably through payroll deductions.

## 2. Summary of Significant Accounting Policies

Date of Management's Review

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through September 13, 2019, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are presented on the modified cash basis of accounting, which is a basis of accounting other than GAAP.

Use of Estimates

The preparation of financial statements in conformity with a basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for disclosure of fair value measurements.

The net appreciation (depreciation) in the fair value of investments consists of the realized gains and losses from sales of investments and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales are recorded on a trade date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefit payments and excess contribution refunds are recorded when paid.

Excess Contributions

Refunds of excess contribution are recorded when paid. See Note 10 for disclosure of excess contributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. However, such officers and employees receive no compensation from the Plan. Administrative expenses of the Plan paid by the Company are excluded from these financial statements.

## 3. Information Prepared and Certified by Agent of Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company, as agent for ADP, LLC, the trustee of the Plan.

| | 2018 | 2017 |
|---|---|---|
| Investments, at fair value: | | |
| Common/Collective trust | $ 761,987 | $ 545,397 |
| Mutual funds | 8,611,591 | 8,769,177 |
| Total investments, at fair value | 9,373,578 | 9,314,574 |
| Notes receivable from participants | 68,177 | 72,768 |
| Total assets | 9,441,755 | 9,387,342 |
| Interest and dividend income on investments | $ 397,269 | |
| Interest income on notes receivable from participants | $ 3,547 | |

**4. Investment Contract with Reliance Trust Company**

The Plan entered into a fully benefit-responsive guaranteed investment contract with Reliance Trust Company, the Plan custodian and agent for the trustee (ADP, LLC.). The Federated Capital Preservation Fund (the "Fund") sponsored by Reliance Trust Company is a stable value fund in a collective investment trust fund that is managed by Federated Investors Trust Company. The Fund is comprised of a money market mutual fund, guaranteed investment contracts (traditional GICs), separate account guaranteed investment contracts (separate account GICs), and synthetic guaranteed investment contracts (synthetic GICs) which are intended to maintain a constant net asset value of $10 per unit. Each of the separate account GICs and synthetic GICs have a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus credited earnings, less participant withdrawals.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. However, the guaranteed investment contract is presented on the face of the statement of net assets available for benefits at net asset value ("NAV") based on the fair value of the underlying investments of the trust as a practical expedient to estimate fair value in arriving at net assets available for benefits. Fair value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses adjusted to fair value using a factor determined by Reliance Trust Company. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2018 and 2017 was $761,987 and $545,397, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Federated Investors Trust Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

## 5. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

*Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

*Level 2 Fair Value Measurements*

The Plan's interest in the common/collective trust is based on the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

| | Fair Value Measurements Using: | | |
|---|---|---|---|
| | Quoted Prices in Active Markets for Identical Assets (Level 1) | Other Observable Inputs (Level 2) | Fair Value |
| December 31, 2018: | | | |
| Common/Collective trust | $ - | $ 761,987 | $ 761,987 |
| Mutual funds | 8,611,591 | - | 8,611,591 |
| Total investments at fair value | $ 8,611,591 | $ 761,987 | $ 9,373,578 |
| December 31, 2017: | | | |
| Common/Collective trust | $ - | $ 545,397 | $ 545,397 |
| Mutual funds | 8,769,177 | - | 8,769,177 |
| Total investments at fair value | $ 8,769,177 | $ 545,397 | $ 9,314,574 |

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2018 are reported in net appreciation (depreciation) in fair value of investments.

## 6. Related Party and Party-In-Interest Transactions

Certain plan investments are units of common/collective trust funds sponsored and managed by Reliance Trust Company. Reliance Trust Company is the Plan custodian and agent of the Plan trustee (ADP, LLC) as defined by the Plan; therefore, the transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. The Plan paid $1,575 in record keeping fees to the Plan trustee during the year ended December 31, 2018. Fees paid by the Plan for investment management services are included in investment income, as they are paid through investments revenue sharing arrangements rather than direct payment arrangements.

## 7. Tax Status

The Plan has adopted a non-standardized form of a prototype Plan Sponsored by ADP, LLC. The prototype plan received an opinion letter, dated July 16, 2014, from the Internal Revenue Service ("IRS") as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

## 8. Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

## 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2018 and 2017:

| | 2018 | 2017 |
|---|---|---|
| Common/Collective trust: | | |
| Federated Capital Preservation Fund - IP | $ 761,987 | $ 545,397 |
| Mutual funds: | | |
| American Funds Europacific Growth Fund - R6 | 655,741 | 715,011 |

| Vanguard Target Retirement 2050 Fund - Investor | 853,062 | 663,394 |

**10. Excess Contributions**

Excess contributions of a plan are contributions in excess of amounts allowed by the IRS. The plan has 2 ½ months after the end of the Plan year being tested to correct excess contributions. A plan can distribute excess contributions any time during the 12-month period. If the employer does not distribute or re-characterize excess contributions within 2 ½ months (six months for certain eligible automatic enrollment arrangements) after the Plan year of excess, the employer is liable for a 10 percent excise tax on excess contributions. During 2018, the Plan refunded excess contributions made during 2017 in the amount of $23,782 to affected participants on March 13, 2018. These excess contribution refunds have been reported as corrective distributions in the statement of changes in net assets available for benefits. The related interest due is not deemed material to the Plan's financial statements and was paid by the Plan Sponsor.
