1. Plan Description

Effective November 1, 2001, The Shubert Organization, Inc. established The Shubert Organization, Inc. 401(k) Plan (the "Plan"). The Plan has been adopted by The Shubert Foundation, Inc. and those subsidiary companies identified on the Participating Employers Addendum to the Plan (each, an "Employer"). The Plan is a defined contribution plan available to employees of an Employer who are age 21 or older, have completed 6 months of service, and otherwise meet the Plan's eligibility criteria. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan Document for more complete information.

As of November 1, 2001, the Plan designated Fidelity Management Trust Company ("Fidelity") as the trustee of the Plan. Participants in the Plan have the option of investing in the Fidelity International Index Fund Premium Class, Fidelity 500 Index Fund Premium Class, Fidelity U.S. Bond Index Fund Premium Class, Fidelity Mid Cap Index Fund Premium Class, Fidelity Contrafund Class K, Fidelity Diversified International Fund Class K, Fidelity Equity Income Fund Class K, Fidelity Growth Company Fund Class K, Fidelity High Income Fund, Fidelity Investment Grade Bond Fund, Fidelity Low-Priced Stock Fund Class K, Fidelity Puritan Fund Class K, Fidelity Small Cap Discovery Fund, Fidelity Small Cap Growth Fund, Invesco Developing Markets Fund Class R6, Neuberger Berman Socially Responsive Fund Class R6, T. Rowe Price Real Estate Fund I Class, Harding Loevner Emerging Markets Portfolio Advisor Class, Wells Fargo Special Small Cap Value Fund, Vanguard Target Retirement 2015 Fund, Vanguard Target Retirement 2020 Fund, Vanguard Target Retirement 2025 Fund, Vanguard Target Retirement 2030 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2040 Fund, Vanguard Target Retirement 2045 Fund, Vanguard Target Retirement 2050 Fund, Vanguard Target Retirement 2055 Fund, Vanguard Target Retirement 2060 Fund, Vanguard Target Retirement Income Fund, and the Fidelity Government Money Market Fund. Participants also have the option to invest up to 50% of their net plan assets in the Fidelity BrokerageLink, a self-directed brokerage account.

Each participant's account is credited with the participant's contributions, each Employer's matching contribution, the participant's share in the investment income (loss) and any realized or unrealized gain (loss) in the Plan's assets, net of certain expenses that may be incurred by a participant.

Contributions

All active participants may elect to contribute a percentage, up to 60%, of their pretax annual compensation, subject to Internal Revenue Code ("IRC") limitations. The maximum allowable amounts prescribed by the IRC were $18,500 for 2018 and $18,000 for 2017. In addition, participants age 50 and over may contribute a "catch-up" contribution up to $6,000 for 2018 and 2017. Participants are permitted to make rollover contributions from certain other qualified plans.

Each Employer also contributes an amount equal to 100% of the first 4% of the participants' eligible compensation, contributed to the Plan as a pre-tax contribution. Additionally, each Employer may elect to make qualified nonelective contributions, as defined in the Plan Documents, at its discretion.

Effective January 1, 2019, the Plan was amended to increase the 401(k) Safe Harbor matching employer contribution to an amount equal to 100% of the first 5% of the participants' eligible compensation, contributed to the Plan as a pre-tax contribution.

Vesting
Participants are always 100% vested in their contributions and the Employer's contributions. Contributions vest immediately and can only be withdrawn pursuant to the appropriate provisions of the Plan and the IRC.

Benefit Payments
Active participants may receive distributions from the vested amounts in their accounts at any time after attaining the age of 59-1/2 or due to hardships as defined in the Plan.

Participants who have left the Plan for reasons other than death, disability or retirement are entitled to receive their account balance. Account balances of $1,000 or less are automatically paid out in the form of an immediate lump-sum payment.

Notes Receivable From Participants
The Plan provides for loans to active participants. Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loans must bear a reasonable rate of interest based on the prevailing commercial rate for loans of similar types. The rate of interest on outstanding loans ranges from 4.25% to 6.25% at December 31, 2018 and 2017. Repayment of a loan is required to be made at least quarterly on an after-tax basis in level payments of principal and interest and must be completed within five years, except for a loan taken for the purchase of a primary residence which may be paid over a longer period (up to a maximum of 10 years).

The Plan Administrator will consider a loan in default if any scheduled repayment remains unpaid at the end of the calendar quarter following the calendar quarter in which a scheduled repayment was due or if there is an outstanding principal balance existing on a loan after the last scheduled repayment date. Loans in default will be deemed a taxable distribution to the participant and the loan balance will be cancelled per the plan terms.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Fair Value Measurements
The Plan's administrator applies provisions of authoritative guidance, Accounting Standards Codification Topic 820 ("ASC 820") "Fair Value Measurements and Disclosures," in fair value measurement and disclosure of its financial assets and liabilities, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1	Unadjusted quoted prices in active, accessible market for identical assets or liabilities.
Level 2	Other inputs that are directly or indirectly observable in the marketplace.
Level 3	Unobservable inputs which are supported by little or no market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2018 and 2017.

BrokerageLink Account and Mutual Funds: Investments in BrokerageLink and mutual funds are valued at the net asset value of shares reported in the active market in which the individual fund is traded. The Plan considers the published NAVs of its investments in Regulated Investment Companies ("RICs") to be the readily determinable fair value in accordance with GAAP.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan Investments and Income Recognition
Plan investments are recorded at fair value based on redemption values determined by the trustee on the last business day of the Plan year or quoted prices in active markets.

Purchases and sales of securities are recorded on a trade-date basis. The Plan presents net appreciation (depreciation) in market value of investments which consists of realized gains and losses and unrealized appreciation (depreciation) on those investments in the Statement of Changes in Net Assets Available for Benefits. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distribution based upon the terms of the Plan document.

Benefit Payments
The Plan records benefits when they are paid to participants.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. The most significant estimates are the assumptions and estimates used in the determination of the fair value of investments. Actual results could differ from those estimates.

3. Fair Value of Financial Instruments

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total

Mutual funds	42,478,895	-	-	42,478,895
Total investments at fair value	$ 43,405,072	$ 240,168	-	$ 43,645,240

	Investments at Fair Value as of December 31, 2017

Mutual funds	43,645,194	-	-	43,645,194
Total investments at fair value	$ 44,255,835	-	-	$ 44,255,835

4. Information Certified by the Trustee

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, Fidelity has certified that the investments, investment information, investment income, notes receivable from participants and related income to the Plan, which has been used to prepare the Plan's financial statements and notes, are complete and accurate. In addition, the information in the supplemental Schedule of Assets (Held at End of Year) has been certified by Fidelity.

5. Plan Amendment or Termination

Although it has not expressed any intention to do so, each Employer can terminate the Plan at any time, subject to the provisions of ERISA. In the event of a termination of the Plan, the net assets of the Plan will be allocated among the participants and their beneficiaries in accordance with the provisions of ERISA. The Employer has the right to amend the Plan at any time.

6. Tax Status

Each Employer that adopted the Plan has adopted a prototype non-standardized profit sharing plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has

analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

8. Administrative Expenses

Administrative expenses of the Plan were primarily paid by The Shubert Organization, Inc. in 2018 and 2017, with the exception of loan fees.

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

10. Subsequent Events

The Plan has evaluated all events and transactions that have occurred through August 5, 2019, the date the financial statements were available to be issued, and has determined that there are no items requiring adjustment of the financial statements or additional disclosures.
