1. PLAN DESCRIPTION

The following description of the Conitex Sonoco, Inc. & Subsidiaries 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Conitex Sonoco Inc. and Lamitech, Inc. (collectively, the "Employer") who are at least 18 years old, have completed ninety days of continuous service and are not employees covered under a collective bargaining agreement or nonresident aliens. Plan entry dates are the first day of each calendar quarter following the date the eligibility requirements have been met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2018, the assets of the Plan were merged into the Sonoco Retirement & Savings Plan. The participants' accounts were transferred into the Sonoco Retirement & Savings Plan and the participants are immediately able to participate in the new plan.

Contributions - Each year, participants may elect to contribute from 1% to 25% of their annual eligible compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an increase to 4% after year three, 5% after year four and 6% for all subsequent years, unless otherwise affirmatively elected by the participant, and their contributions invested in a designated balanced fund until changed by the participant. The Employer makes a safe harbor matching contribution equal to 100% of participants' elective deferrals not exceeding 1% of the participants' compensation, plus 50% of each participants' elective deferrals in excess of 1% but not in excess of 6% of the participants' compensation. The Employer may also make a discretionary matching contribution to each eligible participant to be determined each year by the Employer. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Employer's contributions, as well as allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's safe harbor matching contributions and the Employer's discretionary matching contributions plus actual earnings thereon is based on years of service. A participant is fully vested when they attain normal retirement age. Prior to normal retirement age, participants are immediately 50% vested in the Employer's safe harbor matching contributions, increasing to 75% after one year of service and to 100% after two years of service. Prior to normal retirement age, a participant's interest in the Employer's discretionary contributions vests 20% after two years of service, increasing 20% each succeeding year until fully vested after six years of service.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined in the plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Benefit payments from the Plan may be made upon proper application by a participant for retirement, proven financial hardship, death (in which case the payment is made to the beneficiary), or employment termination, as specified in the plan document.

Forfeited Accounts - Benefit payments to terminated employees partially vested in the Plan include their vested portion of the Employer's discretionary matching contributions. The nonvested portion of terminated participants' account balances is used to pay the Plan's administrative expenses. As of December 31, 2018, there were no forfeited nonvested accounts available for future use. As of December 31, 2017, there were approximately $1,000 of forfeited nonvested accounts available for future use. During the year ended December 31, 2018, no forfeited nonvested accounts were used to pay the Plan's administrative expenses. During the year ended December 31, 2017, forfeited nonvested accounts of approximately $15,000 were used to pay the Plan's administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants are recorded as they are withheld from the participants' wages. The Employer's contributions are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - In preparing the financial statements, the plan administrator has evaluated subsequent events through October 9, 2019, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2018 and 2017, and for the years then ended, included in the financial statements, that was prepared by, or derived from, information prepared by SunTrust Bank, the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate as of and for the years ended December 31, 2018 and 2017.

	2018	2017
Assets:		
Mutual funds	$ -	$ 7,544,731
Collective trust fund	$ -	$ 1,418,771
Notes receivable from participants	$ -	$ 288,989
Income (loss):		
Net appreciation (depreciation) in fair value of investments	$ (809,207)	$ 809,182
Interest and dividend income	$ 451,573	$ 514,850
Interest income on notes receivable from participants	$ 11,231	$ 12,556

4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value and categorized in the fair value hierarchy. There have been no changes in the methodology used as of December 31, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Plan's valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,544,731	$ -	$ -	$ 7,544,731
Total investments within the fair value hierarchy	$ 7,544,731	$ -	$ -	7,544,731
Investments measured outside the fair value hierarchy:				
Investments measured at NAV				1,418,771
Investments, at fair value				$ 8,963,502

Fair Value of Investments in Entities that Use NAV

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. As of December 31, 2017, the fair value of this investment totaled $1,418,771. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2017.

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments of the Plan are managed by the Trustee; therefore, these transactions qualify as exempt party-in-interest transactions. Certain administrative expenses related to the administration of the Plan were paid by the Plan. Certain other third party administrative expenses were paid by the Employer on behalf of the Plan. As described in Note 1 the Plan permits participants to borrow from their vested account balances. These transactions qualify as exempt party-in-interest transactions.

6. PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Employer has adopted amendments to the Plan discontinuing all contributions as of December 31, 2018, and terminated the Plan as of that date.

7. TAX STATUS

The Plan has been operating under a prototype plan sponsored by SunTrust Bank, the recordkeeper of the Plan. SunTrust Bank has received a letter dated March 31, 2014 stating that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally accepted accounting principles in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2017:

Net assets available for benefits per the financial statements	$ 9,294,324
