Effective January 1, 2012, Mrs Baird's 401(k) Savings Plan (MB) was merged into the Plan. As of that date, participants of MB began participating in the Plan (former MB participant). Each other employee shall be eligible upon 60 days of service and 18 years of age.

The Plan was amended and restated effective January 1, 2017 to reflect the merger of the Bimbo Bakeries USA 401(k) Plan for Former Sara Lee Associates (SL Plan) into the Plan (subsequently referred to as the SL Merger). Each participant in the SL Plan on December 31, 2016 (former SL participant), became a participant in the Plan effective January 1, 2017.

The administration of the Plan is overseen by Bimbo Bakeries USA Benefits Committee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Bimbo Bakeries USA Defined Contribution Savings Plan Master Trust (Master Trust).

Contributions

Each plan year, participants may contribute from 1% up to 75% of their annual compensation, as defined by the Plan, through automatic payroll deductions. Participant contributions may be made on a pre-tax basis and after-tax basis and are limited to the maximum allowable under Internal Revenue Code (IRC) guidelines.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment choices daily and their deferral percentages upon notification to the plan administrator. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans.

(1) Description of Plan, Continued

Contributions, Continued

The Plan includes an auto-escalation provision whereby each plan year following the employee's initial enrollment, a participant may elect, in the manner prescribed by the plan administrator, to have an automatic annual increase of between 1% and 5%, apply to their pretax basis or after-tax contributions, to go into effect May 1 of each year, up to the maximum contributions allowable by the Plan. Auto-escalation is not permitted for certain collective bargaining participants, including former SL participants.

The Company provides matching contributions contingent upon which participant group participants are members of, as defined in the plan document. The Company matches 50% of participant's salary deferrals up to 5% of compensation except for former MB participants and former SL participants, as defined, who receive a match equal to 50% of participant's salary deferrals up to 3% of compensation. For certain collective bargaining units, there is no Company match.

The Plan provides for certain non-elective Company contributions for certain former SL participants who are members of the Bakery Group Unions, as defined. For the Local 433 Participants and ABA Participants, such contributions range from \$0.28 to \$1.75 for each hour worked, up to a maximum of forty hours per week, as defined in the plan document. Certain ABA Participants receive Company contributions for each day or week worked as further described in supplement A of the plan document. Local 433 Participants and ABA Participants are not eligible to make tax-deferred or after-tax contributions to the Plan. The Plan also provides for certain non-elective Company contributions for employees of the Maintenance Grocers Union as defined in the plan document.

There is an option for the Company to provide an additional discretionary contribution to the employees. However, for the years ended December 31, 2018 and 2017, the discretionary match was not made by the Company.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in Company contributions after three years of credited service based on a graded schedule, as defined in the plan document. Former MB participants and former SL participants are 100% vested in Company contributions after five years of credited service based on a graded schedule, as defined in the plan document. Participants also become 100% vested in Company contributions upon death, disability or attainment of age 65.

For certain former SL participants who are members of the Bakery Group Union and the Maintenance Grocers Union, participants become fully vested after two years of service for Company contributions. Local 433 Participants and ABA Participants are immediately 100% vested in Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 6.25%, based on the prime rate as reported by Reuters on the last day of the month prior to loan issuance, plus 1% at December 31, 2018. A participant may only have one general purpose loan outstanding at a time, except for a former SL participant who may have up to two general purpose loans outstanding. The maximum loan term is five years, or fifteen years if the loan is used to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Loans are not permitted for certain collective bargaining participants, including Local 433 Participants and ABA Participants.

Payment of Benefits

Upon termination of service, participants may elect to receive lump sum amounts equal to the vested portion of their account. Amounts may not be withdrawn from the Plan while a participant is an active employee of the Company, except in cases of hardship, permanent disability, or after age 59½, as defined in the Plan.

Certain former SL participants may elect to receive their benefit in quarterly or annual installments over a period no greater than five years.

(1) Description of Plan, Continued

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$8,627 and \$727, respectively. These accounts will be used to reduce future employer contributions or to pay reasonable expenses of the Plan. During 2018, administrative fees and employer contributions were reduced by \$6,360 and \$1,177, respectively, from forfeited nonvested accounts. During 2017, administrative fees were reduced by \$37,436 from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds (see Note 5). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Bimbo Bakeries USA Benefits Investment Subcommittee determines the Plan's valuation policies utilizing information provided by the investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the Plan's interest in Master Trust investment income (loss).

Recent Accounting Pronouncement

In February 2017, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2017-06, *Defined Contribution Pension Plans (Topic 962): Employee Benefit Plan Master Trust Reporting*. This ASU requires an amended presentation and additional disclosures of the plan's interest in a master trust. The amendments are effective for the Plan's year ending December 31, 2019, with early adoption permitted. The Plan has elected to forego early adoption.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity) as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedules.

The Plan investments are as follows at December 31:

	2018	2017
Investment in Master Trust, at fair value	\$ 101,373,157	\$ 107,129,825
Notes receivable from participants	\$ 6,073,706	\$ 5,844,884

The Plan's income (loss) certified by the trustee was as follows for the years ended December 31:

	2018	2017
Plan's interest in Master Trust investment income (loss)	\$ (4,866,812)	\$ 14,951,256
Interest income on notes receivable from participants	\$ 266,305	\$ 246,663

(4) Fair Value Measurements

FASB *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;

(4) Fair Value Measurements, Continued

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan's interest in the Master Trust: See Note 5.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and other retirement plans sponsored by the Company. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Fidelity.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust is approximately 12% and 11%, respectively. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

(5) Interest in the Master Trust, Continued

Fidelity has certified to the accuracy and completeness of the investment in the net assets of the Master Trust as of December 31, 2018 and 2017, and the investment income (loss) for the years then ended as summarized below.

The Master Trust's investments are as follows at December 31:

	2018	2017
Registered investment companies	\$ 187,724,664	\$ 240,827,769
Common collective trusts	665,951,288	763,524,748
Money market account	929,124	847,622
Total Master Trust investments, at fair value	<u>\$ 854,605,076</u>	<u>\$ 1,005,200,139</u>

Investment income (loss) of the Master Trust was as follows for the years ended December 31:

	2018	2017
Net appreciation (depreciation) in fair value of investments	\$ (50,089,638)	\$ 138,524,096
Interest and dividends	7,828,451	7,481,782
	<u>\$ (42,261,187)</u>	<u>\$ 146,005,878</u>

Following is a description of the valuation methodologies used for assets of the Master Trust at fair value.

Registered investment companies and money market account: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust – fixed income: Invests in conventional and synthetic guaranteed investment contracts issued by insurance companies and banks with excess cash invested in cash equivalents. The common collective fund allows for earnings stability regardless of the volatility of the financial markets. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common collective trusts – other: Valued at the NAV of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

(5) Interest in the Master Trust, Continued

(a) In accordance with FASB ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total Master Trust investments.

There were no significant transfers among investment levels during the years ended December 31, 2018 and 2017.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2018 and 2017, respectively.

	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2018	2017			
Common collective trusts	\$ 665,951,288	\$ 763,524,748	None	Daily	No defined period ^(b)

(b) Were the Master Trust to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

(6) Prohibited Transactions

During 2017, the Company failed to remit one participant's contributions to the Plan in a timely manner, as defined by ERISA. This transaction is considered a prohibited transaction. The Company estimated the amount of the corrective payment due to the Plan and made the necessary contribution in 2018 to compensate the participant affected for lost earnings relating to this prohibited transaction.

(7) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by Fidelity, the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in the Plan's interest in Master Trust investment income (loss). Other fees paid by the Plan to Fidelity for administrative expenses amounted to \$223,520 and \$259,861 for the years ended December 31, 2018 and 2017, respectively. The Company pays directly certain other fees related to the Plan's operations.

BIMBO BAKERIES USA UNION SAVINGS PLAN

Notes to Financial Statements December 31, 2018 and 2017

(8) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(9) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated August 6, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) Risk and Uncertainties

The Plan, through its interest in the Master Trust, invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Transfers (to) from Affiliated Plans

During 2018 and 2017, transfers of net assets from the Plan to the Bimbo Bakeries USA Savings Plan (Savings Plan) amounted to \$790,557 and \$244,100, respectively. Transfers of net assets to the Plan from the Savings Plan amounted to \$486,515 and \$821,886, during 2018 and 2017, respectively.
