CROWN EQUIPMENT CORPORATION 401(K) RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Crown Equipment Corporation 401(k) Retirement Savings Plan and Trust** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On January 1, 1991, Crown Equipment Corporation (the "Company") adopted a Section 401(k) profit-sharing plan. The Plan allows full-time employees of the Company who have one hour of service to participate. Employees covered by a collective bargaining agreement, non-resident aliens who receive no U.S. source income, temporary employees, leased employees, students, interns, co-op employees, and independent contractors are not eligible to participate. The Plan also allows employees classified as regular part time to participate once they have completed 12 months of service during which they are credited with 1,000 hours of service. Regular part time employees who meet the service requirement are enrolled into the Plan on January 1 and July 1. All full-time employees are automatically enrolled in the Plan at a deferral rate of 5% after 45 days from date of hire unless they elect not to participate. Prior to January 1, 2018, the automatic enrollment deferral rate was 3%. For participants automatically enrolled, this rate increases 1% each year on April 1 as long as the participant was enrolled in the Plan for a least one year prior to April 1, up to a maximum of 10%, unless they elect otherwise. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee pre-tax and Roth salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. The Company provides discretionary matching contributions based on length of service and the amount of participant income deferrals.

Effective January 1, 2006, the employer matching contribution for certain employees was amended to 100% of participant deferrals up to 2% of the employee's salary. There is also an annual contribution made to participants' accounts based on their years of service. This benefit formula is applicable for all employees hired on or after October 1, 2005. In addition, existing employees at October 1, 2005 had the option of keeping the historic employer match, which was 100% of elective deferrals up to \$550, and continuing to accrue benefits in the Company's defined benefit plan or opting for this new employer match, while freezing their benefits in the Company's defined benefit plan. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

Participant Accounts - Bank of America, N.A. is the Trustee and Custodian of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, forfeitures, distributions, and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs into which investment the participant contribution, employer match, and annual contributions are to be invested.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions, Company matching contributions, rollovers, and corresponding earnings. Vesting in the annual contribution is based on years of credited service. Participants are credited with a year of service for any Plan year in which the participant works at least 1,000 hours. The following schedule will be used to determine vesting in the Company's annual contribution and related earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant Loans - Participants may borrow from their vested account balance, up to 50%, not to exceed \$50,000. The minimum loan amount is \$1,000. Loans bear interest at the prime rate plus 1%. Loan terms are for a period not exceeding five years. A term up to 15 years may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions. Plan provisions allow no more than two outstanding loans at any time.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance either in a lump-sum amount, or payments over a period of time in cash installments, or in a form agreeable to the Plan Administrator. The Plan Administrator may elect to automatically distribute to a participant in a single-sum payment any account balances upon termination of less than or equal to \$1,000. The Plan Administrator may also rollover participant balances greater than \$1,000 but less than \$5,000 into an IRA if the participant does not elect to rollover or receive payment of their balance. The IRA must be invested in an investment vehicle designed to preserve principal and provide a reasonable rate of return and liquidity. In addition, participants may receive distributions of their vested account balance, excluding the annual contribution and earnings on contributions, for qualified financial hardships.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions and pay Plan expenses. Forfeitures in the amount of \$346,284 and \$159,034 were used during 2018 and 2017. Unallocated forfeitures at December 31, 2018 and 2017 were \$260,505 and \$389,510.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 31 investment options in increments of one percent. Participants may change their investment options and deferral percentages at any time via telephone or the Internet.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses is deemed necessary as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays certain administrative expenses of the Plan, and the Plan participants bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation (depreciation) of investments. For the years ended December 31, 2018 and 2017, the Plan paid for investment management and record keeping fees.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2019, the date the financial statements were available to be issued.

CROWN EQUIPMENT CORPORATION 401(K) RETIREMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of investments held by the Trustee at December 31, 2018 and 2017 was \$604,608,318 and \$613,137,820. The Trustee of the Plan has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information at December 31, 2018 and 2017:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in value of investments

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trusts: Valued at the net asset value (NAV) of units held by the collective trust at year-end.

Registered investment companies: Valued at the quoted market prices of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Money market fund	\$ 53,968	\$ -	\$ -	\$ 53,968

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The JP Morgan Stable Value Fund is a separate account that holds units of several JP Morgan short-term bond funds and individual fixed income securities. JP Morgan also negotiated insurance wrap contracts for the portfolio that ensure principal protection. The contract is included in the statements of net assets available for benefits at its contract value.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with JPMorgan Chase Bank, N.A. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan assets are held in trust with Bank of America, N.A. Thus, Bank of America, N.A., as Trustee defined by the Plan, qualifies as party-in-interest. The Trustee and certain related affiliates collectively provided investment management, participant record-keeping, and administrative services for the Plan. Fees paid by the Plan for these services totaled \$503,308 and \$301,345 for 2018 and 2017. Effective January 1, 2013, optional services were added to include managed investment accounts for participants. These fees are now included with the record-keeping fees noted above with the TPA.

The Plan also receives certain investment advisory and other professional services. Those providing these services qualify as additional parties-in-interest to the Plan. Fees for these services are typically absorbed by the Plan Sponsor but can be paid through the Plan's ERISA spending account. Fees paid by the Plan for these services totaled \$93,483 and \$56,334 for 2018 and 2017.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

NOTE 8 - TAX STATUS

The Plan adopted a Prototype Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on July 17, 2017, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2018 and 2017, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2018 and 2017, there were no differences between the financial statements and the Form 5500.
