TOWER IMAGING, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 - Description of Plan

The following description of the Tower Imaging, Inc. Retirement Plan And Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Tower Imaging, Inc. who have completed one year of service and are age twenty-one or older. Employees of two related companies also participated in the plan through the dates they began participating in their own separate, newly formed plans in 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Mid-Atlantic Trust Company, for the purpose of administration of investments and record keeping, holds all of the Plan's assets. The agreement with Mid-Atlantic Trust Company provides for the investments and contributions to be self-directed by the participants and accounted for in separate funds.

Contributions: Each year participants may contribute up to 75% of pretax annual compensation, as defined by the Plan. Participants who reach the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers various mutual funds as investment options for participants. The Company may make profit sharing contributions at the discretion of the Company's board of directors. The Company made no profit sharing contributions for 2018.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's profit sharing contributions, as well as allocations of the Plan's earnings and is charged with an allocation of administrative expenses. Allocations are based on specific participant transactions, participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and profit sharing contributions plus actual earnings thereon.

Notes receivable from participants: Notes receivable from participants: Participants may borrow from their fund accounts in accordance with a written administrative policy. The amount of such loan shall not exceed the lesser of one-half of the participant's vested account balance or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the prior year. Loan terms are up to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at prevailing rates at the time of application, as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: A participant with a vested account balance of \$5,000 or less receives his/her account balance in a lump sum distribution immediately upon retirement or termination of employment. A participant with a vested account balance greater than \$5,000 may elect to receive his/her account balance upon termination, disability, attainment of age 59½ or retirement. However, participants may elect to defer the commencement of benefits until a later date, which may be no later than April 1 of the year following the year in which the participant attains age 70½. If a participant dies, a death benefit equal to his/her account balance is paid to the participant's beneficiary. The alternative forms of benefit payments are a joint and survivor annuity, single life annuity, lump sum, equal installments or a combination these forms of benefits.

TOWER IMAGING, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 - Description of Plan (continued)

Plan amendment: The Plan was amended effective January 1, 2016 by adopting a prototype plan. The Plan amendment had no effect on benefits and net assets.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Contributions: Contributions from Plan participants are recorded in the year the Company makes the payroll deductions from the participants' wages. Any profit sharing contributions from the Company are recorded when received by the plan.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Company absorbs certain costs of maintaining the Plan and such costs are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Third-party administrator, investment management and brokerage fees are paid from Plan assets.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: Management has evaluated subsequent events through October 9, 2019, the date that the financial statements were available to be issued.

TOWER IMAGING, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 3 - Certified Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held as of December 31, 2018 and 2017, and net appreciation in fair value of investments and interest income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid-Atlantic Trust Company, the custodian of the Plan.

Note 4 - Fair Value Measurements

The framework in FASB ASC 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Investments held by the Plan consist of open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission and valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued under level 1 of the fair value hierarchy.

TOWER IMAGING, INC. RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 5 – Transfer of Plan Assets

Effective January 1, 2017, certain participants in the Plan became eligible to participate in the newly formed Radiology Associates of Tampa, P.A. Retirement Plan and Trust and Orion Medical Management, Inc. Retirement Plan and Trust. Investments and notes receivable totaling \$18,896,407 from participants in the Radiology Associates plan were transferred out of the Plan effective January 1, 2017. Investments and notes receivable totaling \$5,742,845 from participants in the Orion plan were transferred out of the Plan effective March 15, 2017. During 2018, several employees transferred between the Plan and Tower Imaging, Inc. Retirement Plan and Trust, resulting in \$32,967 being transferred between the plans.

Note 6 - Party-in-Interest Transactions

Plan investments are managed by Mid-Atlantic Trust Company. Mid-Atlantic Trust Company is the custodian and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Service fees paid to Principal by the Plan were \$40,002 for 2018.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the prototype plan sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not applied for its own determination letter from the Internal Revenue Service since adopting the prototype plan. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties

Investments held by the Plan are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
